We have heard that those who patronize a nudist colony enjoy cavorting in the open air. Those who use the Mt. Prospect bath house now under construction by the park district will have the same opportunity.

We are told there will be no roof for the dressing rooms. The only thing that will stand between a person donning his bathing suit and the outside sunshine will be four walls.

We approve of such freedom, but we predict that the bathing suits will go on and off in a hurry—just in case.

Have just received word that modest bathers can protect their nudity by staying near the walls as there will be a roof overhang. The open space in the center will enable bathers to get an overall tan.

The old swimming hole had nothing on the modern bath house.

A city manager goes on the job in Mt. Prospect May 1. He ought to be successful with the full cooperation of the municipal family.

We are not pointing our finger at any other municipality, but the other day we heard of a mother with 2 daughters who, when they could not agree, administered a bit of corporal punishment.

The only remedy that we see for the warring village is the opening of board sessions with a prayer. Lenten season is a good time to start.

Famous Last Words—"I forgot to register." You can't vote in the April 10 primary unless you are properly registered. The registration days are March 1, 2 and 3 at all offices of village and city clerks.

Those residing in unincorporated areas must register at places and at hours designated by township clerks. Phone the operators of Paddock Publications for the hours.

The camel's back is broken. The demand for pictures has increased so much that we added an additional full time photographer this week to our staff. However requests for pictures this week are beyond the capabilities of the two men.

Thus do not be surprised if we are compelled to say "sorry" to your next request.

National automobile manufacturers are getting all excited over the cut-throating in the automotive market. In our estimation they are the very ones to blame.

They did not hesitate to oversell the dealers, who in turn, are forced to unload to second hand dealers. Both dealers, by extravagant advertising, destroy the normal market.

The only person who benefits is the car owner, but the extravagant advertising influences him to also place his head in the noose by trading in his good used car for this year's model.

Other winners are the TV and radio stations who do the advertising for all three.

•

Our words of praise for improvements being made the past 2 years by the North Western did not save its president, Paul E. Feucht, from being fired. He can have the satisfaction of knowing, however, that it cost the other fellow $15 million to do the job.

The commuters do not care who is at the throttle, just so the improvements continue and there is no hiking of fares.

We have always possessed a bit of pride about the great North Western R. R. and we do not welcome the rumor that it may be a subsidiary of the Milwaukee R. R.

Growers of tomatoes have our support in their demand against Campbell Soup for a fair return. That company should see the handwriting on the wall. Their attitude could cause the farmers to really organize a union and affiliate with the big labor movement.

Campbell Soup is a big organization. It may or may not experience labor troubles, but we think the CIO and AFL would welcome the chance of extending influence into our farms.

They tell us that cinders have now become a by-product. No longer can they be secured for the asking from railroads. They are a victim of the Diesel engines.

While newspaper headings are being written about the terrible cold and heav. snow in many parts of the country, we can at least write a paragraph about the wonderful winter northern Illinois is experiencing.

We do not know what we and our neighbors have done to deserve such preferential treatment by the weatherman, but it is easy "taking."

We have heard nothing about school buses getting stuck in the snow or mail carriers having difficulty in making their routes.

Some of our good friends are hard put to find excuses for a southern vacation. Then again there are others who are not waiting for an excuse.

We are content to keep the winter fires burning, looking forward to next summer when we will attempt to find ways to get away from the heat that the winter vacationers are spending a lot of money to reach.

Post Office Launches New U.S. Savings Stamp Drive

Virginia M. Dodge, Arlington Heights postmaster, reported today that the Post offices are experiencing a brisk business in United States Savings Stamps throughout the area. She predicted that sales during the coming year will be the best since World War II.

* * *

UNDER THE nation-wide "Grow With America" School Stamp Plan, many schools set aside one day each week for the sale of savings stamps to students. In most cases the stamps are bought in advance from the post office and delivered immediately upon receipt of the money which children bring from home on Stamp Day.

The students themselves handle stamp stales in some schools. They are assisted by school officials, the Parent-Teacher Association, a civic club, or some other group.

A convenient stamp album is supplied free of charge to each participant. When it is filled, it may be exchanged for a United States Savings Bond at a bank or other financial institution.

* * *

"REGULAR SAVING through the purchase of Savings Stamps and bonds is the finest sort of training in thrift for our youngsters," Mrs. Dodge declared. "I feel this is another manner in which the post office can and does render an invaluable service to the community. I am proud to be a part of this effort."

U. S. Savings Stamps are now available at all post offices and postal sub-stations. Any further information on the stamp and bond program may be obtained from the post office.

More Than 200 Volunteers Ready For Heart Sunday

Sunday is Heart Sunday.

More than 200 volunteer workers will be ringing doorbells in Arlington Heights asking residents to "Help Your Heart Fund, Help Your Heart."

Soliciting in most areas will be done Sunday afternoon between 1 p.m. and 4 p.m. No canvass is being made of business firms since it is felt that most local businessmen will be included in the Sunday solicitation at home. Business and corporate contributions however may be sent to either John Kehe, business chairman, Webber Paint co., or A. H. Franzen, treasurer, Arlington Heights National bank.

* * *

WHILE MORE than usual interest in this drive this year has been sparked by President Eisenhower's illness, more and more people are realizing the importance of the work being carried on by the Heart Fund to reduce the effects of a disease that is said to affect more than 10 million Americans. Rapid progress is being made through research and in many areas of heart disease, high hopes are held that permanent cures may be found.

It is said that through its research and medical facilities Chicago is now the heart center of the world.

"If the residents of Arlington Heights will respond in the same willing and generous manner as the several hundred workers who have volunteered their help, the 1956 Heart Fund drive should be a real success," said G. W. Williams, local Heart Fund chairman.

Lutheran Full Length Movie to be Shown at Faith Church Twice

Scheduled for showing Wednesday at Faith Lutheran church, Arlington Heights, is the new feature-length movie, "The Unfinished Task," latest film production of the Lutheran church—Missouri synod.

Hollywood-produced, the new 83 minute film portrays the dramatic conflict between a young engineering graduate who wants to study for the Christian ministry—and his engineering father who violently objects. The film has been hailed as one of the most ambitious movie productions ever undertaken by a church body.

According to Pastor Edgar Behrens, the local congregation is aiming at "saturation coverage." There will be 2 showings in the church, 431 S. State rd. Wednesday. The matinee showing at 4 p.m. is especially intended for children of the Sunday school, community, and parents. The main showing will be at 8 p.m. Both are open to the public.

Trustees OK Sales Tax, Give Nod To Controversial Plat

The Arlington Heights village board Tuesday night:

- **passed the long-awaited half-cent sales tax;**
- **heard the first public statement on the preliminary study of a northwest suburban water commission;**
- **accepted the plat incorporating a controversial retention basin;**
- **took steps to push the street widening and lighting program forward; and**
- **appropriated $1,040 for mosquito abatement.**

Arlington Heights became 1 of some 700 Illinois communities levying the half-cent sales tax by unanimous approval of the 5 present members of the village board.

There was no discussion or opposition from citizens before the measure was approved. After it was passed, however, trustees briefly debated the purpose to which the funds should be put.

The outcome was that they went along with a resolution proposed by Trustee Forrest F. Davis to earmark the funds for "public works." This would include, in Davis' words, "anything that would ordinarily be done by taxation of a special nature."

* * *

IN THE ADOPTION of the municipal sales tax, the village is following the action of 38 other Cook county municipalities. Palatine, Park Ridge, Northbrook and Glenview were among the towns which started collecting sales taxes September 1. Mt. Prospect followed a month later.

The sales tax will not go into effect until April 1, according to Davis.

SEVERAL TRUSTEES indicated interest in attending a March 13 meeting on the proposed Lombard-Villa Park water district. A letter from that body suggested that northwest area towns form a commission to buy water from the district. The proposed pipeline to Lombard will stretch from an intake near the Lake-Cook county line west to highway 83 and thence south along the highway.

In the discussion of water problems that followed, village attorney Hugo Thal reported that Arlington Heights had no representative at the February 8 meeting on the Northwest Suburban Water commission. At that meeting the engineering firm of Consoer, Townsend and Associates presented a feasibility report but it was not made public. Tuesday night Carl Bowen, a C. T. and A. engineer, told the trustees that the report planned for a daily output of 45 million gallons of water.

"The cost would be 21 cents per $1,000 gallons during the period of bond retirement and possibly less later, Bowen said.

Bowen considered the cost estimates of the Lombard-Villa Park plan "not realistic."

* * *

IN OTHER ACTION the board approved a subdivision plat of 40 acres submitted by John Minecci and examined model homes proposed for its 126 lots. The plat includes a 4.3 acre retention basin to handle storm water during periods of peak run-off. Minecci said that the basin will be "like a park." The area will be called Hickory Meadows. Trustee Richard Bronwell voted against approval, saying that larger water mains to serve the area should first be installed.

Bowen presented a report on the streets to be widened and added that the Chicago office of a state agency had said that motor fuel tax funds could be used for widening and lighting. The trustees named all the streets arterials, in order to qualify for state aid.

The tentative plans call for widening and lighting of these streets:

Sigwalt, from State to Highland.
Miner, from State to U.S. 14.
Highland, from Sigwalt to Campbell.
Eastman, from State to U.S. 14.
Evergreen, from Sigwalt to Eastman.
Dunton, from U.S. 14 to Euclid.
Vail, from Sigwalt to Eastman.
Davis, from State to Highland.
U.S. 14, from Foundry to Euclid (lights only).
State, South to Euclid (lights only).

EVRELL E. PLANK, 715 Mayfair, resigned as a member of the village plan commission and Mayor Albert Goedke appointed Oliver Blix, 50 N. Reuter, a construction foreman, to the commission.

The board authorized the village manager to ask for bids on 2,000 feet of fire hose and heard that $14,484 in motor fuel tax money will be requested for village street maintenance in the next fiscal year.

A building permit for a store and restaurant near the Hav-a-Nap motel on Northwest hwy. was approved. O. L. Craig said that the operators plan to replace the present motel units with 30 new units.

"There should be some regulation for motels," declared Trustee Davis, but the board formulated no policy

Check Passer Tricks Florist Out Of $30

A husky young man who uses a handful of aliases cashed a bad check for $30 at the Anderson Flower shop on Golf rd. south of Arlington Heights last week.

From the description police believe it may be Robert Miehls, who also goes by the names of Bill Thompson, Carl Schroeder, and Bob or Dan Blair. Police were told that the young man drove a Studebaker without license plates but Evanston police say that he has also driven a Cadillac. He is described as being 22 years old, 5 feet, 9 inches tall and about 200 pounds.

Local police also investigated the theft of 3 tires, 2 wheels, a carburetor and an air cleaner from Roto Mercury Sales at 1410 E. NW hwy. last week.

A combination of snow and sleet was held responsible for 4 minor auto accidents Thursday and 2 more over the weekend. There were no injuries and only 1 arrest. Vincent F. Piber, 35, of 210 Elm st., Prospect Heights, was arrested for damaging public property. His car went out of control and struck a fire hydrant at Euclid and Haddow. Damages to the hydrant amounted to $20.60.

'Midnight, Feb. 26' Is Sticker Deadline

Midnight February 26 is the deadline for Arlington Heights motorists to buy their village stickers.

The village board set a deadline last night in a "precedent-breaking" action. The trustees ordered police to crack down after that date. No deadline has been set in previous years. Stickers must be displayed on windshields. The stickers are on sale for $5 at the village hall.

The Arlington Heights village board Tuesday night:

- **passed the long-awaited half-cent sales tax;**
- **heard the first public statement on the preliminary study of a northwest suburban water commission;**
- **accepted the plat incorporating a controversial retention basin;**
- **took steps to push the street widening and lighting program forward; and**
- **appropriated $1,040 for mosquito abatement.**

Arlington Heights became 1 of some 700 Illinois communities levying the half-cent sales tax by unanimous approval of the 5 present members of the village board.

There was no discussion or opposition from citizens before the measure was approved. After it was passed, however, trustees briefly debated the purpose to which the funds should be put.

The outcome was that they went along with a resolution proposed by Trustee Forrest F. Davis to earmark the funds for "public works." This would include, in Davis' words, "anything that would ordinarily be done by taxation of a special nature."

* * *

IN THE ADOPTION of the municipal sales tax, the village is following the action of 38 other Cook county municipalities. Palatine, Park Ridge, Northbrook and Glenview were among the towns which started collecting sales taxes September 1. Mt. Prospect followed a month later.

The sales tax will not go into effect until April 1, according to Davis.

SEVERAL TRUSTEES indicated interest in attending a March 13 meeting on the proposed Lombard-Villa Park water district. A letter from that body suggested that northwest area towns form a commission to buy water from the district. The proposed pipeline to Lombard will stretch from an intake near the Lake-Cook county line west to highway 83 and thence south along the highway.

In the discussion of water problems village attorney Hugo Thal reported that Arlington Heights had no representative at the February 8 meeting on the Northwest Suburban Water commission. At that meeting the engineering firm of Consoer, Townsend and Associates presented a feasibility report but it was not made public. Tuesday night Carl Bowen, a C. T. and A. engineer, told the trustees that the report planned for a daily output of 45 million gallons of water.

"The cost would be 21 cents per $1,000 gallons during the period of bond retirement and possibly less later, Bowen said.

Bowen considered the cost estimates of the Lombard-Villa Park plan "not realistic."

* * *

IN OTHER ACTION the board approved a subdivision plat of 40 acres submitted by John Mineeci and examined model homes proposed for its 126 lots. The plat includes a 4.3 acre retention basin to handle storm water during periods of peak run-off. Mineeci said that the basin will be "like a park." The area will be called Hickory Meadows. Trustee Richard Bronwell voted against approval, saying that larger water mains to serve the area should first be installed.

Bowen presented a report on the streets to be widened and added that the Chicago office of a state agency had said that motor fuel tax funds could be used for widening and lighting. The trustees named all the streets arterials, in order to qualify for state aid.

The tentative plans call for widening and lighting of these streets:

Sigwalt, from State to U.S. 14.
Highland, from Sigwalt to Campbell.
Eastman, from State to U.S. 14.
Evergreen, from Sigwalt to Eastman.
Dunton, from U.S. 14 to Euclid.
Vail, from Sigwalt to Eastman.
Davis, from State to Highland.
U.S. 14, from Foundry to Euclid (lights only).
State, South to Euclid (lights only).

EVRELL E. PLANK, 715 Mayfair, resigned as a member of the village plan commission and Mayor Hugo Goedke appointed Oliver Blix, 50 N. Reuter, a construction foreman, to the commission.

The board authorized the village manager to ask for bids on 2,000 feet of fire hose and heard that $14,484 in motor fuel tax money will be requested for village street maintenance in the next fiscal year.

A building permit for a store and restaurant near the Hav-a-Nap motel on Northwest hwy. was approved. O. L. Craig said that the operators plan to replace the present motel units with 30 new units.

"There should be some regulation for motels," declared Trustee Davis, but the board formulated no policy

Post Office Launches New U.S. Savings Stamp Drive

Virginia M. Dodge, Arlington Heights postmaster, reported today that the Post offices are experiencing a brisk business in United States Savings Stamps throughout the area. She predicted that sales during the coming year will be the best since World War II.

* * *

UNDER THE nation-wide "Grow With America" School Stamp Plan, many schools set aside one day each week for the sale of savings stamps to students. In most cases the stamps are bought in advance from the post office and delivered immediately upon receipt of the money which children bring from home on Stamp Day.

The students themselves handle stamp stales in some schools. They are assisted by school officials, the Parent-Teacher Association, a civic club, or some other group.

A convenient stamp album is supplied free of charge to each participant. When it is filled, it may be exchanged for a United States Savings Bond at a bank or other financial institution.

* * *

"REGULAR SAVING through the purchase of Savings Stamps and bonds is the finest sort of training in thrift for our youngsters," Mrs. Dodge declared. "I feel this is another manner in which the post office can and does render an invaluable service to the community. I am proud to be a part of this effort."

U. S. Savings Stamps are now available at all post offices and postal sub-stations. Any further information on the stamp and bond program may be obtained from the post office.

More Than 200 Volunteers Ready For Heart Sunday

Sunday is Heart Sunday.

More than 200 volunteer workers will be ringing doorbells in Arlington Heights asking residents to "Help Your Heart Fund, Help Your Heart."

Soliciting in most areas will be done Sunday afternoon between 1 p.m. and 4 p.m. No canvass is being made of business firms since it is felt that most local businessmen will be included in the Sunday solicitation at home. Business and corporate contributions however may be sent to either John Kehe, business chairman, Webber Paint co., or A. H. Franzen, treasurer, Arlington Heights National bank.

* * *

WHILE MORE than usual interest in this drive this year has been sparked by President Eisenhower's illness, more and more people are realizing the importance of the work being carried on by the Heart Fund to reduce the effects of a disease that is said to affect more than 10 million Americans. Rapid progress is being made through research and in many areas of heart disease, high hopes are held that permanent cures may be found.

It is said that through its research and medical facilities Chicago is now the heart center of the world.

"If the residents of Arlington Heights will respond in the same willing and generous manner as the several hundred workers who have volunteered their help, the 1956 Heart Fund drive should be a real success," said G. W. Williams, local Heart Fund chairman.

Lutheran Full Length Movie to be Shown at Faith Church Twice

Scheduled for showing Wednesday at Faith Lutheran church, Arlington Heights, is the new feature-length movie, "The Unfinished Task," latest film production of the Lutheran church—Missouri synod.

Hollywood-produced, the new 83 minute film portrays the dramatic conflict between a young engineering graduate who wants to study for the Christian ministry—and his engineering father who violently objects. The film has been hailed as one of the most ambitious movie productions ever undertaken by a church body.

According to Pastor Edgar Behrens, the local congregation is aiming at "saturation coverage." There will be 2 showings in the church, 431 S. State rd. Wednesday. The matinee showing at 4 p.m. is especially intended for children of the Sunday school, community, and parents. The main showing will be at 8 p.m. Both are open to the public.

Check Passer Tricks Florist Out Of $30

A husky young man who uses a handful of aliases cashed a bad check for $30 at the Anderson Flower shop on Golf rd. south of Arlington Heights last week.

From the description police believe it may be Robert Miehls, who also goes by the names of Bill Thompson, Carl Schroeder, and Bob or Dan Blair. Police were told that the young man drove a Studebaker without license plates but Evanston police say that he has also driven a Cadillac. He is described as being 22 years old, 5 feet, 9 inches tall and about 200 pounds.

Local police also investigated the theft of 3 tires, 2 wheels, a carburetor and an air cleaner from Roto Mercury Sales at 1410 E. NW hwy. last week.

A combination of snow and sleet was held responsible for 4 minor auto accidents Thursday and 2 more over the weekend. There were no injuries and only 1 arrest. Vincent F. Piber, 35, of 210 Elm st., Prospect Heights, was arrested for damaging public property. His car went out of control and struck a fire hydrant at Euclid and Haddow. Damages to the hydrant amounted to $20.60.

'Midnight, Feb. 26' Is Sticker Deadline

Midnight February 26 is the deadline for Arlington Heights motorists to buy their village stickers.

The village board set a deadline last night in a "precedent-breaking" action. The trustees ordered police to crack down after that date. No deadline has been set in previous years. Stickers must be displayed on windshields. The stickers are on sale for $5 at the village hall.

League Of Women Voters Is Free To Tackle Local Issues

Arlington Heights League of Women Voters is now free to study local problems for possible action and to take stands on local issues.

The national headquarters of the League last week extended recognition to Arlington Heights. The local group was launched November 30, 1954, and like all beginning Leagues completed a provisional period before full recognition.

Arlington Heights' League won recognition in 14 months, although most provisional periods extend for 2 years.

* * *

THE SWIFT approval is a tribute to the women's hard work in establishing an active League to serve Arlington, Mount Prospect, Palatine and Prospect Heights.

In a letter to Mrs. Frederic Marks, president of the League, Mrs. John G. Lee, national president, said:

"We are impressed with your careful preparation during your provisional period. Your splendid record demonstrates a full grasp of League essentials and the capacity to carry the total work load of a full-fledged League.

"It is evident from the success of your finance campaign that you have already gained prestige in the community through your fine local work, and we are sure that you can ocnfidently anticipate continued growth and increasing community effectiveness in your fast-growing city."

* * *

MRS. MARKS said the League is now considering items for local study and action. Although the non-partisan League never endorses specific candidates or political parties, it does take stands on issues.

During its provisional period, the League examined judicial reform and revision of the revenue article on the state level, and world trade and individual liberties on the national level

The "Know Your Town" survey for Arlington Heights is complete and will be published later this year.

Arlington Heights League members will sponsor candidates' meetings before elections and publish information on candidates who have completed special questionnaire forms.

The League of Women Voters has earned for itself a national as well as local reputation for vigorous and independent public service. Membership is open to all interested women.

League Of Women Voters Is Free To Tackle Local Issues

Arlington Heights League of Women Voters is now free to study local problems for possible action and to take stands on local issues.

The national headquarters of the League last week extended recognition to Arlington Heights. The local group was launched November 30, 1954, and like all beginning Leagues completed a provisional period before full recognition.

Arlington Heights' League won recognition in 14 months, although most provisional periods extend for 2 years.

* * *

THE SWIFT approval is a tribute to the women's hard work in establishing an active League to serve Arlington, Mount Prospect, Palatine and Prospect Heights.

In a letter to Mrs. Frederic Marks, president of the League, Mrs. John G. Lee, national president, said:

"We are impressed with your careful preparation during your provisional period. Your splendid record demonstrates a full grasp of League essentials and the capacity to carry the total work load of a full-fledged League.

"It is evident from the success of your finance campaign that you have already gained prestige in the community through your fine local work, and we are sure that you can ocnfidently anticipate continued growth and increasing community effectiveness in your fast-growing city."

* * *

MRS. MARKS said the League is now considering items for local study and action. Although the non-partisan League never endorses specific candidates or political parties, it does take stands on issues.

During its provisional period, the League examined judicial reform and revision of the revenue article on the state level, and world trade and individual liberties on the national level

The "Know Your Town" survey for Arlington Heights is complete and will be published later this year.

Arlington Heights League members will sponsor candidates' meetings before elections and publish information on candidates who have completed special questionnaire forms.

The League of Women Voters has earned for itself a national as well as local reputation for vigorous and independent public service. Membership is open to all interested women.

Des Plaines City Council OK's Northwest YMCA

The northwest suburban YMCA, which for 2 years has been serving the needs of 5 communities from temporary headquarters in Des Plaines, moved one step closer to its goal for a permanent building this week following action of Des Plaines city council.

In a relaxation of zoning restrictions, the council freed the property for commercial use which contains 4 acres on which the YMCA hopes to erect its own facility.

The site purchased by the Y is at the corner of Northwest highway and Cambridge rd.

* * *

SINCE IT WAS organized in 1954 as the 31st department of the metropolitan Chicago YMCA group, the northwest suburban YMCA has been serving the communities of Des Plaines, Mt. Prospect, Prospect Heights, Arlington Heights and Rolling Meadows. There are some 75,000 persons in this area.

According to Charles McClellan, executive secretary, a plan for the purchase of the property and the development of a future permanent "Y" building was approved by the board of directors more than 2 years ago.

"Now that we know we can put up a YMCA building in this location," McClellan said, "we will begin work immediately on a major fund campaign."

Thomas M. Blake, president of the Y's Board of Directors, estimates that the project will require about $600,000.

"At our early board sessions when we discussed the growing need for a Y building, we felt that it would take a structure of at least that cost to handle the expanding community services that we've been offering," he explained.

* * *

BLAKE SAID that the metropolitan Chicago YMCA would contribute one-half of the total cost of the project, $300,000. The remainder of the sum would be raised by the 5 communities served by the Northwest Suburban YMCA.

"We hope to be able to have a gymnasium, a swimming pool, a large meeting room, with enough seats for around 300 persons as well as offices for the program staff," Blake stated.

"Before we make any specific plans, however," he added, "we intend to query community leaders to get their opinions about the project and how it can best be built to meet all existing and contemplated requirements of a constantly growing community center."

It is the hope of the Y's board of directors to have the new building completed by 1958, Mr. Blake said.

In spite of the absence of physical facilities, the northwest suburban YMCA has been able to conduct an extensive community program by utilizing various educational, fraternal and religious sites in the 5 towns.

"We've conducted our athletic, educational and social programs in schools, churches and parks," McClellan explained.

In the 2 years since the northwest suburban YMCA was organized, it has steadily increased its program to meet constantly arising needs in the rapidly growing communities it serves.

For example, when the high school for students of Arlington Heights and Mt. Prospect was forced to introduce split shifts to regulate overflowing attendance, the Y initiated a special intra-mural sports program for the free hours the young men were not at school.

* * *

"IN ADDITION," McClellan explained, "we introduced a comprehensive recreational program for the young people of Mt. Prospect which met their needs until an organized program was formed by the local park district."

According to Blake, the northwest suburban Y is cooperating with local women's organizations in Des Plaines to introduce a special summer school program for children of Mexican migratory workers in the area.

As part of its regular and continuing program, the Y conducts a wide variety of special clubs for both boys and girls in the 8-15 year age group and sponsors supervised instruction in handicrafts, athletic activities, camping as well as a physical conditioning program for adults.

* * *

OFFICERS OF the northwest suburban YMCA, beside Blake, include: Earl K. Riley, vice president, 738 S. Mitchell ave., Arlington Heights; Howard J. Wilson, vice president, 500 W. Sha-Bonee, Mt. Prospect; and Percy Baines, secretary, 1096 Lee st., Des Plaines. Mr. Blake resides at 111 Cuttriss ave., Park Ridge.

Assisting Mr. McClellan as members of the program staff are Albert Calli, program director and Miss Jean Caskey, women's and girl's program director. (B7

Winter Revue Breaks Records

The talented performers in the PTA Winter Revue played to full houses both Thursday and Friday evenings, Feb. 16 and 17. An appreciative audience braved Thursday's inclement weather to view the antics of various members of the faculty and parents as well, and to enjoy the music of George Fapelli's orchestra.

The saxophone trio of Charles Clauss and his twin sons, Dennis and David, repeated their success at this year's production, and the lovely voice of Mrs. Howard Jack provided a satisfying interlude between comedy acts.

Ably "emcee'd" by Robert Hawley, the show drew an estimated 932 persons over the 2 evenings it played. To Pat Skamfer (Mrs. Robert H.), chairman of the revue, goes the credit for its production.

Close Race In Round Robins

Mrs. Robert W. Phillips, chairman of the Round Robin bridge tournament, reports that couples are running almost neck and neck in the 3 leagues. Based on scores turned in (a few have still not been received), leading couple in the afternoon women's league is Mrs. Lester Ploetz and Mrs. L. A. Paul.

Close behind them are 3 other couples, Mrs. R. E. Clabaugh and Mrs. William E. Ferry; Mrs. J. K. Blackwell and Mrs. Floyd Tremberth and Mrs. Burton C. Bauer and Mrs. Stanley Myers.

In the evening couple's league, Mr. and Mrs. John Kearney are leading, closely followed by Mr. and Mrs. Frank Holz, Mr. and Mrs. Ralph Clabaugh and Mr. and Mrs. Kenneth W. Wagner.

The evening women's league is led by Mrs. Daniel Bittner and Mrs. R. L. Stauder, with Mrs. Richard Blair and Mrs. James Webster second.

Mrs. Phillips urgently requests that the scores still outstanding be submitted to her that accurate records may be made.

Channel 11's Drive

Mrs. Howard N. Froyd has consented to serve as Arlington Heights chairman of channel 11's drive for funds in March. Although in some communities the drive will be in the form of a house-to-house canvass March 11, Mrs. Froyd announces that in Arlington Heights requests for contributions will be sent home with the school children Friday, March 9. Contributions are to be returned by the children Monday, March 12.

A short questionnaire will be included to give parents an opportunity to express their opinions about channel 11's programs, and to make suggestions for improving its service to the Chicago area. Parents are urged to watch channel 11 especially between now and March 12, so that the questionnaires will reflect their considered judgment.

Other members of the committee to obtain funds for channel 11 are Bruno Waara, Clarence A. Hendrickson, Mrs. Thomas P. Johson, Mrs. Tadd Wake and Mrs. Jack Hosford.

Junior High Pupils Write Own Ethics Code

Arlington Heights Junior high school now has a code of good citizenship. The code was adopted officially by the student council January 18, and students have begun signing pledge cards to signify their acceptance and approval of the code.

The code is the result of a year-long project sponsored by the student council to point up the qualities of personal character which make up wholesome and successful children and adults.

The entire student body and faculty has been involved in writing the code. Discussion began in the student council meetings early this year. Homeroom representatives then presented the idea to classmates, and each grade group began the task of writing what they thought would be a list of good personal qualities. These lists were presented to the student council and the final code was a compilation of the best suggestions from each homeroom.

Both students and faculty have taken the work seriously and are pleased with the results.

PRINCIPAL Donald Grote stated that junior high age children develop new attitudes at a rapid rate. Grote feels that it is the obligation of both the school and the parents to see that these new attitudes are constructive.

Student council officers who have contributed to the project are: Linda Close, president; Fred Empkie, vice president; Joan Keppen, secretary and treasurer. Teachers Louis Rubidoux and Frank Santelli are faculty sponsors. (AF

MORE THAN 100 MEMBERS of St. James Women's Guild of Arlington Heights attended the first in a series of household demonstration programs at the Schneller Furniture Co., Prospect Heights. Films recording the manufacture of bedding and carpeting and a demonstration of the Hoover vacuúm cleaner highlighted afternoon and evening gatherings. The demonstration was the first of the regular Wednesday meetings to acquaint housewives with modern techniques and production of household articles. Programs will vary from week to week.

Other groups interested in attending the instructive programs should contact Schneller Furniture Co. Each visiting group is presented with gifts to aid in fund raising drives. Gifts are donated by Schneller's, L-Nor Cleaners, Egger's Men's Wear and Prospect Heights Beauty Salon. (AO

With The Blue Birds

Helping Pixies

Helping Pixie bluebirds had a festive valentine party. Lynn Brodahl and Rhonda Roberts entertained the girls with a jitterbug dance complete with costumes. Paula Schomburg danced the Mexican "Clap Hands" in costume also. The girls enjoyed the music so much they decided to jitterbug and danced Bow Bow Belinda too.

Mrs. Schomburg showed colored slides on Disneyland and explained them to the group. Ellen Dobbins and Nancy Lasher were hostesses for the party.

Honeybears

Honeybears enjoyed cookies, which they baked at a previous meeting, and lemonade at their valentine party. After the snack the girls played games.

Blue Angels

Ice skating was the objective of the Blue Angels at their last meeting, but alas, no ice. The group then went to the home of Patti Sands and enjoyed hot chocolate and cookies and playing games.

Friendly Bluebirds

Friendly Bluebirds made valentine gifts for their mothers and fathers and then played black magic and sang songs. Linda Pollitz served the refreshments.

The regular monthly meeting of the Campfire Girls organization of Arlington Heights was held Tuesday, Feb. 14, at the home of Mrs. H. Hanneman.

Plans were made for a mother and daughter luncheon for the bluebird groups to be held on St. Patrick's day. Mrs. Black is chairman of the affair.

This past week the meeting was held at the home of Delores Tolley of Rolling Meadows. All other club members live in Westgate with Gerry Marinell, Olga Townill, Shirley Goodman, Gwen Kadlecik, Theresa Daniels and Mary Keslinke making up the rest of the roll call.

A committee meeting of representatives from Northbrook, Skokie Park Ridge and Arlington Heights League of Women Voters was held February 20 at the home of Jay Vork, Yale ave. Plans were made for a general candidate meeting to be held before the primary election April 10. All candidates to the state of Illinois general assembly from the sixth representative district will be invited. A reminder is given to all residents of Westgate who are not registered that March 1, 2 and 3 will be the last 3 days to do so before the primary. The village hall is the place to register from 9 a.m. to 5 p.m.

Volunteers are needed for the Red Cross drive to be held shortly. All those interested in serving may call Mrs. Meacham, CL 3-3572, for further information.

Red Cross Drive Opens At Hilton Hotel Dinner

More than 1,000 Red Cross volunteers and civic, business and community leaders from the Chicago chapter area will attend the annual kickoff dinner of the 1956 Chicago chapter Red Cross fund campaign in the grand ballroom of the Conrad Hilton hotel, Wednesday evening, George A. Poole, general chairman of the campaign announced.

The kickoff meeting this year signals the opening of the most critical peacetime Red Cross fund campaign since World War II. With floods, hurricanes and tornadoes striking in every section of the country in the past eight months. Red Cross is experiencing the worst disaster year in history.

RED CROSS has already expended more than $27,500,000 to help floods victims in the eastern states and in California, and victims of hurricanes along the eastern seaboard and tornadoes in Kansas and Oklahoma. Red Cross disaster funds are virtually exhausted, and America is facing the annual springtime "disaster season of floods and tornadoes." Poole explained.

"It is unthinkable that the Red Cross is facing this disaster period without enough financial resources. That's why the Chicago chapter must increase its goal by 12 per cent — to $3,700,000 — to help meet this financial emergency," Poole stated.

Principal speaker at the [illegible] off dinner will be [illegible] S. Under secretary of commerce.

Chairmen for the northwest suburban towns are:

Arlington Heights, Mrs. Melvin M. Erickson, 1017 N. Ridge;

Mt. Prospect, Mrs. Marvin Schobert, 101 S. George;

Debaters End Season With 3 Wins, 1 Loss

Arlington debaters wound up the regular debate season with three wins and a loss in the final Metropolitan Debate Union tourney at Downers Grove Saturday.

Although out of the race for top honors, the Cardinal debaters had a hand in determining first Hammond high school and thus knocking them out of a tie for first.

The over-all Arlington record in MDU tourneys is 17 wins and 13 losses, placing them eighth in the 16 team league.

Mary Jansen and John Petersen, Arlington affirmative, defeated both Hammond and Washington, while the negative team of Pete Swanson and Bob Seigel defeated Washington and lost to Horace Mann.

These four students and Mimi McDonald, alternative affirmative speaker, will represent Arlington in the sectional debate tournament to be held at West Rockfrod March 10. To go downstate, a team must place no worse than fourth. (A

Heart Fund Worker Finds Man with Heart

While making an evening call to deliver material to one of her neighborhood captains, Mrs. Elmer Zilen, 438 Banbury rd., Arlington Heights, southwest section, co-chairman of the 1956 Heart Fund drive, returned to her car and was unable to move it on the slippery road.

She called for help from the Standard service station at Central and State rd. and was quickly helped out of her troubles.

When her rescuer asked how she happened to get into this trouble, she explained that she was working on the Heart Fund drive.

"And how much do I owe you for your service," asked Mrs. Zilen.

"Well, its this way," he replied, "If you can do this to help the Heart Fund, lets just say that 'this one's on the house' " — and with a smile he drove away!

Round 'n About Westgate

Round and About Westgate ....

Welcome

Dorothy and Bill Hoehn are newcomers to Westgate residing at 14431 St. James pl. The Hoehns have a daughter, Ruth, 13, who attends Arlington Heights high school. Bill is chief engineer for Grigsby-Allison Co. in Arlington. Photography is the chief hobby of this family who moved here from Chicago.

Three young daughters are the major interest of Florence and Matt Schillen, 1618 Johanna tr., who also came here from Chicago. Christine, 8, Kathyann, 6, and Corinne, 10 months are the youngsters of the household. Matt is a lithographer for the I. S. Berlin Press Co. in Chicago. The family attends Our Lady of the Wayside church. A problem has confronted this family since moving to Westgate. Kathyann is in the afternoon class of first grade at Our Lady of the Wayside. Florence, unable to secure transportation for her to school, has been sending Kathyann to school in a taxi, which is inconvenient and cannot be depended upon. There may be a car pool in this vicinity which could give the child a ride to school. Any offers or suggestions will be welcome and Florence can be reached at CL 5-4364.

From Seattle come Margaret and Mel Potter, who now live at 107 N. Wilke. They have 2 children, Paula, 3½ and Pamela, 7. For hobbies, Margaret and Mel are both bridge fans, with Mel also liking golf, fishing, and hunting. Mel works for Minnesota Mining and Manufacturing Co. as a supervisor for Thermofax machines.

Home Owners Association

Next Wednesday, is the second meeting of the Westgate Home Owners association. It will be held in the cafeteria of the Junior high school at 8 p.m. The meeting should be interesting as a meeting of the by-law's committee has been held and a board of directors meeting in the past week, which will probably disclose some points of interest.

A baby shower was held for Joyce Czerney, 1605 W. Fremont, by Caroline Herigodt February 16. Invited guests were Barbara McDonald, Joyce Akerlund, Bert Graczyk, Jeanne Huster, Bea Kabat, Dorothy Gilmore, Bernice Callahan, Tina Hegyan and Maryan Granis.

This 'N That

Two valentines of utmost importance were given out Valentone's day by Pamela Townsend, Fremont st. to Tiny Tim, toy bull dog belonging to the Snoyers, and the other to Friskie, a beagle belonging to the Granis family. Pam is a frequent visitor to both houses. Pam also delivered valentines to all her other friends on the block.

A Valentine luncheon was given by Betty Frank, 116 N. Reuter. Guests wee Gerry Runkel, Ann Welton, Mary Barkulis, Gwen Kadlecik, Celeste Switalla, Jenny Huff and Aquinas Powers.

A club has been formed by a group of woman in the Wilke area. The club meets every other Wednesday evening at which time the girls play cards or just talk. This past week the meeting was held at the home of Delores Tolley of Rolling Meadows. All other club members live in Westgate with Gerry Marinell, Olga Townill, Shirley Goodman, Gwen Kadlecik, Theresa Daniels and Mary Keslinke making up the rest of the roll call.

A committee meeting of representatives from Northbrook, Skokie Park Ridge and Arlington Heights League of Women Voters was held February 20 at the home of Jay Vork, Yale ave. Plans were made for a general candidate meeting to be held before the primary election April 10. All candidates to the state of Illinois general assembly from the sixth representative district will be invited. A reminder is given to all residents of Westgate who are not registered that March 1, 2 and 3 will be the last 3 days to do so before the primary. The village hall is the place to register from 9 a.m. to 5 p.m.

Volunteers are needed for the Red Cross drive to be held shortly. All those interested in serving may call Mrs. Meacham, CL 3-3572, for further information.

Christine Dittmeyer, Wilke ave., gave a coffee for newcomer Margaret Potter last week. Shirley Goodman, Theresa Daniels, Gerry Martinell and Mary Keslinke were invited to get acquainted with Margaret.

Mr. and Mrs. Paul Kordsmeier and daughters, Kathy and Paula, of St. Louis were weekend guests of Fran and Bill Johnston, Euclid ave.

The Boys Do It Again

An 8 pound 5 ounce boy was born to Rose and Joe Conroy, 32 N. Reuter. Terrence made his appearance February 7 at Resurrection hospital.

Frank and Aquinas Powers, 118 N. Reuter, are parents of a son born February 19. Timothy Craig weighed at 9 pounds 11 ounces at Resurrection hospital. Frank's parents, Mr. and Mrs. John Powers of Annandale, Minn. are enroute to Westgate to greet their new grandson and also give a helping hand. Three sisters and 1 brother will also be on hand to give their seal of approval when Tim arrives home.

Red Cross Drive Opens At Hilton Hotel Dinner

More than 1,000 Red Cross volunteers and civic, business and community leaders from the Chicago chapter area will attend the annual kickoff dinner of the 1956 Chicago chapter Red Cross fund campaign in the grand ballroom of the Conrad Hilton hotel, Wednesday evening, George A. Poole, general chairman of the campaign announced.

The kickoff meeting this year signals the opening of the most critical peacetime Red Cross fund campaign since World War II. With floods, hurricanes and tornadoes striking in every section of the country in the past eight months. Red Cross is experiencing the worst disaster year in history.

RED CROSS has already expended more than $27,500,000 to help floods victims in the eastern states and in California, and victims of hurricanes along the eastern seaboard and tornadoes in Kansas and Oklahoma. Red Cross disaster funds are virtually exhausted, and America is facing the annual springtime "disaster season of floods and tornadoes." Poole explained.

"It is unthinkable that the Red Cross is facing this disaster period without enough financial resources. That's why the Chicago chapter must increase its goal by 12 per cent — to $3,700,000 — to help meet this financial emergency," Poole stated.

Debaters End Season With 3 Wins, 1 Loss

Arlington debaters wound up the regular debate season with three wins and a loss in the final Metropolitan Debate Union tourney at Downers Grove Saturday.

Although out of the race for top honors, the Cardinal debaters had a hand in determining first Hammond high school and thus knocking them out of a tie for first.

The over-all Arlington record in MDU tourneys is 17 wins and 13 losses, placing them eighth in the 16 team league.

Mary Jansen and John Petersen, Arlington affirmative, defeated both Hammond and Washington, while the negative team of Pete Swanson and Bob Seigel defeated Washington and lost to Horace Mann.

These four students and Mimi McDonald, alternative affirmative speaker, will represent Arlington in the sectional debate tournament to be held at West Rockfrod March 10. To go downstate, a team must place no worse than fourth. (A

Heart Fund Worker Finds Man with Heart

While making an evening call to deliver material to one of her neighborhood captains, Mrs. Elmer Zilen, 438 Banbury rd., Arlington Heights, southwest section, co-chairman of the 1956 Heart Fund drive, returned to her car and was unable to move it on the slippery road.

She called for help from the Standard service station at Central and State rd. and was quickly helped out of her troubles.

When her rescuer asked how she happened to get into this trouble, she explained that she was working on the Heart Fund drive.

"And how much do I owe you for your service," asked Mrs. Zilen.

"Well, its this way," he replied, "If you can do this to help the Heart Fund, lets just say that 'this one's on the house' " — and with a smile he drove away!

Ask Cooperation Population Census

The special census in Arlington Heights has progressed to the point where the field work should be completed by the end of this week, according to John W. Camit, special census supervisor.

Officials of the village of Arlington Heights decided sometime ago to ask for a special census, after estimates showed that the village population had grown enough since the special census of 1953 to warrant a new certified count. The village wil receive additional funds from the motor fuel tax refunds from the State of Illinois for maintenance of arterial streets and roads.

Although the official certified population figure will be released by the Washington office of the Census bureau a number of weeks after the field count is completed, Camit will release a preliminary figure to the village officials before he leaves Arlington Heights.

Persons who believe they were missed in the enumeration are asked to call at the village clerk's office not later than February 29 and fill out a special census form so that a complete count of population can be obtained.

The village clerk will mail such forms, received after Camit leaves Arlington Heights directly to the census bureau's Washington office where they will be checked against the records and added to the count if it is found that the persons were actually missed.

In most cases where a census enumerator is unabe to contact a responsible member of a household on several calls, adequate information is usually obtained from neighbors, so the household can be included in the count.

Sues To Block Preserve Near Barrington

A Wilmette "taxpayer' 'is suing the Cook county forest preserve district to try to block the creation of a preserve on 2,412 acres of Barrington township.

Andrew H. Dick, an employee of the Lake Michigan Mortgage Co. of Chicago, filed a suit in Circuit court this week challenging the authority of the district to complete the project. The district purchased 2 pieces of the tract in December, 1954 and in January, 1956.

Dick charged that the area is less than 10 per cent forested and therefore should not come under the district's authority. He further claims that the preserve would benefit Kane, Lake and DuPage counties rather than the city of Chicago or Cook county by reason of its distance from Chicago. The tract is bounded on the north by Lake county and on the south by Kane county. This is the first suit against the district. Dick's attorney, Arthur H. Sullivan, said that Dick was suing as an interested taxpayer. (B-7

Sues To Block Preserve Near Barrington

A Wilmette "taxpayer' 'is suing the Cook county forest preserve district to try to block the creation of a preserve on 2,412 acres of Barrington township.

Andrew H. Dick, an employee of the Lake Michigan Mortgage Co. of Chicago, filed a suit in Circuit court this week challenging the authority of the district to complete the project. The district purchased 2 pieces of the tract in December, 1954 and in January, 1956.

Dick charged that the area is less than 10 per cent forested and therefore should not come under the district's authority. He further claims that the preserve would benefit Kane, Lake and DuPage counties rather than the city of Chicago or Cook county by reason of its distance from Chicago. The tract is bounded on the north by Lake county and on the south by Kane county. This is the first suit against the district. Dick's attorney, Arthur H. Sullivan, said that Dick was suing as an interested taxpayer. (B-7

Favorites For Flavor

Years ago the family of Mrs. George H. Neuffer Jr. named a favorite dish of theirs "Woodchuck."

The name of the dish and its appeal still remain, though Mrs. Neuffer has revised the recipe a bit to suit her taste.

Unusual as its title, it is a conglomeration of white sauce, tomato soup, Velveta cheese, green pepper, mushrooms and hard-boiled eggs served over Chinese noodles.

The nourishing ingredients and tangy flavor of this unique dish make it a satisfying and appealing luncheon or Sunday night supper.

Occasionally Mrs. Neuffer will dress it up with toasted slivered almonds sprinkled on top. She usually accompanies Woodchuck with a tossed or molded jello salad.

Another favorite recipe of Mrs. Neuffer's is a Chicken Loaf served with an elegant Almond Mushroom Sauce.

Made with a stewing hen or canned chicken, it is delicious luncheon or dinner fare.

Mrs. Neuffer usually serves the chicken loaf with a salad and crisp rolls.

The Neuffers live at 538 S. Hale in Palatine. This good cook has many interests outside of her home.

A hobby which both she and her husband enjoy is photography. Mrs. Neuffer is secretary of the Palatine Womans club, a past-president of the Plum Grove Garden club and she has been active in scouting.

Favorites For Flavor

Years ago the family of Mrs. George H. Neuffer Jr. named a favorite dish of theirs "Woodchuck."

The name of the dish and its appeal still remain, though Mrs. Neuffer has revised the recipe a bit to suit her taste.

Unusual as its title, it is a conglomeration of white sauce, tomato soup, Velveta cheese, green pepper, mushrooms and hard-boiled eggs served over Chinese noodles.

The nourishing ingredients and tangy flavor of this unique dish make it a satisfying and appealing luncheon or Sunday night supper.

Occasionally Mrs. Neuffer will dress it up with toasted slivered almonds sprinkled on top. She usually accompanies Woodchuck with a tossed or molded jello salad.

Another favorite recipe of Mrs. Neuffer's is a Chicken Loaf served with an elegant Almond Mushroom Sauce.

Made with a stewing hen or canned chicken, it is delicious luncheon or dinner fare.

Mrs. Neuffer usually serves the chicken loaf with a salad and crisp rolls.

The Neuffers live at 538 S. Hale in Palatine. This good cook has many interests outside of her home.

A hobby which both she and her husband enjoy is photography. Mrs. Neuffer is secretary of the Palatine Womans club, a past-president of the Plum Grove Garden club and she has been active in scouting.

Woodchuck

1 cup thick white sauce
1 can undiluted tomato soup
1 small package Velveta cheese
6 hard-boiled eggs, diced
1 green pepper, chopped fine
1 can mushrooms
1 can Chinese noodles

Add white sauce to soup and combine with finely cut cheese. Blend until cheese melts. Add diced eggs.

Saute green pepper and mushrooms in butter. Add to sauce just before serving.

Heat Chinese noodles in oven. Pour Woodchuck over noodles and serve.

Serves four.

Chicken Loaf with Almond Mush-
Room Sauce

2 tablespoons bread crumbs
3 eggs, beaten
Salt and pepper to taste
1 tablespoon dry parsley
1 tablespoon melted butter
¼ teaspoon poultry seasoning
Pinch of thyme.

Heat chicken stock and add bread crumbs. Mix well and add remaining ingredients.

Pour into buttered loaf pan or casserole and bake in pre-heated oven at 350 degrees for 45 minutes.

(A little butter can be poured over top of loaf, if desired.)

.nond-Mushroom Sauce

3 tablespoons butter
3 tablespoons flour
2 cups chicken stock
1 teaspoon lemon juice
1 teaspoon salt
dash of cracked pepper
¼ cup blanched almonds, shredded.
DED.
¼ cup mushrooms

Q. What, in general, is an acceptable tip to give bellboys, porters, and others who render you small services in a hotel?
A. Usually 25 cents for small services. You should be guided, however, by the amount or type of work each person does for you, and, of course, by the type of establishment.

Fiery Spanish Dancers Are Headliners For Concert

Arlington Heights Community concert association has presented during its 8 years varied types of attractions. The concert to be given March 4 is no exception.

Rey and Gomez, the fiery Spanish and Latin-American dancers, give a performance that is unequaled by any dance duo.

Federico Rey, a native of the Basque country of France, studied in the academies of Madrid and Seville, and from the great Spanish dancer, La Argentina, received his first lesson in the castanets. After touring Europe, he came to America to become the dance partner of another great Spanish dancer, La Argentinita.

GLAMOROUS Pilar Gomez is a product of her inherited talents and the training of the National theater school of her native Mexico city. She made her debut at the age of nine in the ballet of the Mexican National opera and rose to become its prima ballerina and choreographer until the New York City Opera company lured her away to fill the same positions there. When she joined Rey, a brilliant new dance team was brought into being.

Supreme entertainers in a popular field, Rey and Gomez have only recently returned from a second heavily booked season abroad where they played re-engagements in England, France and Italy.

Their extensive repertoire includes authentic Basque, Flamenco, Gypsy, Mexican and South American dances, Malaguenas, classic Boleros, and modern ballets.

* * *

MANY of their gorgeous costumes are originals obtained from the folk who taught them the dances. Others are authentic reproductions designed by Rey, a noted stage and costume designer. The result is a spectable as dazzling to the eye as the music is bewitching to the ear.

This outstanding dance attraction is presented only to Community Concert members; as always, no single admissions are sold.

The concert is presented in Arlington Heights high school gymnasium, March 4, at 8:15 p.m. Doors are open at 7:30 p.m.

Members will please present their membership cards at the door. (ACM

Fiery Spanish Dancers Are Headliners For Concert

Arlington Heights Community concert association has presented during its 8 years varied types of attractions. The concert to be given March 4 is no exception.

Rey and Gomez, the fiery Spanish and Latin-American dancers, give a performance that is unequaled by any dance duo.

Federico Rey, a native of the Basque country of France, studied in the academies of Madrid and Seville, and from the great Spanish dancer, La Argentina, received his first lesson in the castanets. After touring Europe, he came to America to become the dance partner of another great Spanish dancer, La Argentinita.

GLAMOROUS Pilar Gomez is a product of her inherited talents and the training of the National theater school of her native Mexico city. She made her debut at the age of nine in the ballet of the Mexican National opera and rose to become its prima ballerina and choreographer until the New York City Opera company lured her away to fill the same positions there. When she joined Rey, a brilliant new dance team was brought into being.

Supreme entertainers in a popular field, Rey and Gomez have only recently returned from a second heavily booked season abroad where they played re-engagements in England, France and Italy.

Their extensive repertoire includes authentic Basque, Flamenco, Gypsy, Mexican and South American dances, Malaguenas, classic Boleros, and modern ballets.

* * *

MANY of their gorgeous costumes are originals obtained from the folk who taught them the dances. Others are authentic reproductions designed by Rey, a noted stage and costume designer. The result is a spectable as dazzling to the eye as the music is bewitching to the ear.

This outstanding dance attraction is presented only to Community Concert members; as always, no single admissions are sold.

The concert is presented in Arlington Heights high school gymnasium, March 4, at 8:15 p.m. Doors are open at 7:30 p.m.

Members will please present their membership cards at the door. (ACM

Thanks to Rhodes Appliances

As Wilson school continues to grow there is a bigger need for facilities. Recognizing those needs, Charles Millhouser, father of Mary and Bob, in fourth and first grades, respectively, contacted his employer, Max Rhodes of Rhodes, Inc. Thanks to Rhodes appliances, the school is now the owner of a used Kelvinator refrigerator. The refrigerator is in excellent condition and should give the school years of service.

The staff is most grateful for this gift. Since there is not an immediate need for additional refrigeration space for the milk program, the new refrigerator is meeting a temporary need in the faculty room.

Gems Of Thought

GOVERNMENT

Government is not mere advice; it is authority, with power to enforce its laws.

—Washington

Mankind will be God-governed in proportion as God's government becomes apparent, the Golden Rule utilized, and the rights of man and the liberty of conscience held sacred.

—Mary Baker Eddy

All experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed.

—Jefferson

Democracy is a small hard core of common agreement surrounded by a rich variety of individual differences.

The Forest View Mothers' Club box social was held February 18 at the school. It was a success, as everyone who attended seemed to enjoy it very much. Thanks are extended to chairman, Mrs. Eva Westberg, and her committee for the wonderful job they did in decorating and planning the program. The Barber Shop quartet, of which Charles "Chuck" Jevne is a member, sang several selections. Thanks to them for giving up their time and the honor of hearing them sing.

Second on the program was a solo of several Hawaiian numbers played by Stan Luczak on his Hawaiian guitar. Fred "Curly" Gorr played an accordion, accompanied by Bill Sundblad on the drums. They provided the music for dancing plus records.

The auctioneer, Bill Sundblad, was a very good one. This gave the men a chance to sample another ladies' knack of cooking.

Again, thanks are extended to all of these people and to anyone else who helped and was not mentioned.

The children from this community bowled again Saturday at the Arlington Bowling lanes. Teams will be formed for this Saturday and the children will continue bowling every Saturday, 1 p.m., for as long as they wish. More adult help of both mothers and fathers would be appreciated to help teach and also to keep score.

The second meeting of residents of this community will be held Friday at 8 p.m. at the Forest View school. Both parents and children are invited to come and help with the plans for the activities organization. The area included in the group is essentially the Forest View school district, but is not limited to persons attending Forest View school district, but is not limited to persons attending Forest View school.

Any person interested in sponsored childrens activities is urged to attend. The purpose of the meeting is to report the progress so far in organizing the children's activities and to establish a permanent organization to carry on the work.

Ping pong and shuffle board equipment is being acquired and will be used at the Friday night open house parties. These will start early in March and will begin with square dance instructions.

Butter crunch candy is being sold by the Mothers club. Anyone interested in buying some is asked to call Mrs. Avis Fisher, CL 5-0805. Proceeds are to go towards furnishing the new kitchen.

The Robert Hutchings family were Sunday callers at the Wesley Van Ornum home, Chicago, especially to see their new niece.

Thanks to Rhodes Appliances

As Wilson school continues to grow there is a bigger need for facilities. Recognizing those needs, Charles Millhouser, father of Mary and Bob, in fourth and first grades, respectively, contacted his employer, Max Rhodes of Rhodes, Inc. Thanks to Rhodes appliances, the school is now the owner of a used Kelvinator refrigerator. The refrigerator is in excellent condition and should give the school years of service.

The staff is most grateful for this gift. Since there is not an immediate need for additional refrigeration space for the milk program, the new refrigerator is meeting a temporary need in the faculty room.

Seventh and Eighth grade on Field Trip

Mrs. Spieker's eighth grade class and Mrs. Hannafin's seventh grade are going to the Adler Planetarium and Shedd Aquarium Friday.

Mr. Eastman of the state office of public instruction visited Wilson school February 21. Mr. Eastman is a supervisor of education for exceptional children. His visit to Wilson concerned the speech correction program. Mrs. Marlene Haspiel is the speech correctionist at Wilson school.

'Organize!' Is Cry Of Young Republicans

A new Republican organization for Wheeling township was formed last night in Arlington Heights.

The organizational meeting was at the home of Ardelle Johnson, 743 N. Belmont.

In an effort to attract young Republicans from the entire township, the group will solicit members from Arlington Heights, Mt. Prospect, Wheeling and Prospect Heights.

* * *

FORMATION of the club is now under way to enable them to take an active part in the April primaries as well as the national convention and November elections.

Its first project will be a drive throughout the township to make certain that everyone who is eligible is registered.

Emphasizing the importance of young Republican activities was John W. Damisch, the only Young Republican candidate for state representative.

Featured speaker for the evening was Elmer J. Hoffman, state treasurer. His subject was "The Importance of Voting."

Gems Of Thought

GOVERNMENT

Government is not mere advice; it is authority, with power to enforce its laws.

—Washington

Mankind will be God-governed in proportion as God's government becomes apparent, the Golden Rule utilized, and the rights of man and the liberty of conscience held sacred.

—Mary Baker Eddy

All experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed.

—Jefferson

Democracy is a small hard core of common agreement surrounded by a rich variety of individual differences.

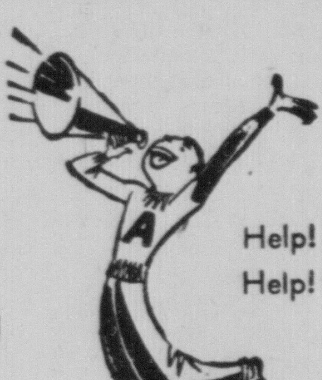
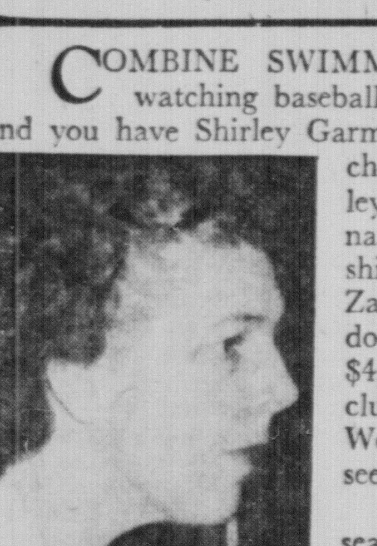
KICKIN' IT AROUND



by Bob Paddock

COMBINE SWIMMING, skiing, photography, typing, watching baseball and football and big time bowling, and you have Shirley Garms of Palatine, Chicago match game champion 3 of the last 4 years. Shirley will compete this wekend in BPAA national women's doubles championships at Cleveland, paired with June Zamis. A star-studded field of 64 doubles teams will roll 16 games with $4,200 in prizes to be distributed. Included are Marion Ladewig and Sylvia Wene, both of whom have often been seen on TV as has Shirley.



Shirley Garms

Shirley had a banner year last season, climaxed in April when her Falstaff Beer team won the national team title with an astounding 2991 at Omaha. Teammate of Shirley was Kay Freitag, currently living in Rolling Meadows. Shirley had previously won Chicago match game title, singles, all-events and team title in Central Illinois tourney, and shared doubles title in No. Illinois.

Shirley carded averages of 189 and 193 in Traveling Classic and Bowling Lanes Classic leagues last season, is doing about the same this year. That 193 figure tied the all time record for a girl kegler. Shirley was named "queen" of Chicago bowlers last year. Other honors coming her way ever since starting to bowl as a 17-year-old girl in 1941 are many, and can be found listed in any bowlers annual.

Shirley is employed at Glenview air base and follows or participates in many sports. She has a sense of humor which has made her a favorite of bowlers, friend "and foe" alike, and certainly rates our salute of the week.

TWENTY-EIGHT MEMBERS of Illinois varsity athletic teams made scholastic records of 4.0 or better during first semester. Highest grade point obtainable at Illinois is 5.0, the median 3.0. No. 1 student-athlete was James Van Tine, junior tennis player from Chicago (Schurz) who achieved a perfect straight A average in the college of liberal arts and sciences.

Close behind were Jack Garland, junior swimmer from Elgin, who had a 4.62 in liberal arts, Danny Dudas, senior and captain of the 1956 baseball team from DuQuoin, 4.5 in engineering, and Jerry Stanners, junior pole vaulter from Galesburg, 4.47 in physical education.

Athletes from this area rating mention include Ela-Vernon's Don Fenner, football, 4.21; Maine's Gerald Hasethahn, fencing, 4.11; Riverside's Eric Stattin, gymnastics, 4.0; and Phil and Paul Judson, Hebron twins, 4.06.

THE ARLINGTON CAGERS were arrested for speeding 20 years ago, by "our arch enemies" Des Plaines police . . . The boys were on the way back from Northbrook . . . Arlington rooters threatened to retaliate by "severing connections with several business firms" . . . The cops wouldn't accept the guarantee of the coaches driving the 2 cars, and held the boys at the station from 10:30 to 11:50 . . . Aftermath brought a letter from principal A. M. Conger to state's attorney requesting an investigation . . . Seems the police clocked the cars going through town at 44 MPH, fined the team $10, plus $1 for which a receipt was refused.

Ten years later the Cardinals were still mad about it and won the Northeast conference championship.

Crown Champs For Golden Gloves Tourney Next Week

Chicago's eight representatives for next week's 29th annual Golden Gloves Tournament of Champions in the Stadium were crowned amid lusty applause Tuesday along with a like number of novice kings in a rousing city finals program in St. Andrew's gymnasium.

There was hardly a pause in the three hour show that climaxed seven nights of battling, starting 2 weeks ago with the South side tournament and being followed by the North side tournament last week.

112 — Louis Beuschlein; 118 — Ronald Jones; 126 — Fred Morish; 135 — Maurice Brown; 147 — Virel Marcy; 160 — Kenneth Kaner; 175 — Ernest Terrell. Hvy. — Joe Cutts. South.

Chicago's boxers will continue competition Monday, Tuesday and Wednesday nights in Tournament of Champions at Chicago Stadium.

10 Seniors In Final Home Game Against York Friday

Ten seniors will conclude their home basketball careers Friday night against York with the regional tournament next week, the beginning of the end of the season for the Arlington Heights high school Cardinals.

Seniors with the varsity and JV squad include John Sujack, Dennis Striegal, Bill Randag, Ron Ashley, Jim Summers, Wayne Malzahn, Dick Siech, Wayne Haemker, Bob Uhlhorn and Ron Garlisch.

* * *

YORK WILL be tough. The Dukes beat Coach Howard Lester's team by 9 last time out. They're just 1 game ahead of Heights in the standings. They fell to Glenbard by 2 points the night before the Bards dumped Heights by 13.

Bill Zersen, one of the league's top scorers, is the No. 1 threat at the basket for York. Arlington can move into a tie for seventh (and eighth) by winning but would have to play 4 quarters of good team play together to turn the trick.

* * *

THE GAME of the week is the Hinsdale at LaGrange affair Friday night. When Maine walloped the Lions last weekend it meant Hinsdale moved a game in front for league championship honors. LaGrange must win to gain a tie for the title.

The Red Devils must win if they hope to be sole owners of that conference championship. Last January both schools were leading the pack, neck-and-neck, when Glenbard knocked off Hinsdale 58-54. Following Friday Red Devils edged LaGrange in a ball control game, 41-38. Now LaGrange must win to gain a share of the laurels.

Other final games of the season will pit Maine against Downers and Riverside against Glenbard.

* * *

THE FROSH-SOPH contest at Arlington Friday night will determine whether the young Cardinals take second or third. A victory would assure Coach Maurice Klotz' men no worse than a tie for second. Glenbard, currently tied with Arlington for second, takes on Riverside-Brookfield with 1 victory in 12 games.

A loss by the local frosh-sophs means they would drop into a tie for third with York. The Elmhurst soph 5 has more heighth than Arlington, but failed to use it to advantage in the previous meeting when the locals won, 38-35.

The young Cards played slightly better ball than they've been doing against R-B last weekend, pulling away to victory the second half after a tie at intermission. Sam Caltagirone's 6 of 5 free throws the last quarter helped sew the game. Bob Lockwood also played creditable ball. The frosh-sophs now have a 12-5 mark for the season, will be striving for 13-5.

Palatine Hopes To Escape Cellar By Topping Grayslake

Northwest conference cage season comes to a close Friday night of this week to be followed by regional tournament play starting next Tuesday. Friday night's card has 2 crucial games and 1 involving the tail enders. Glenbrook, with a share of the championship clinched can get it all if they can beat Wauconda away from home Friday night. They have done it twice before and with the Bulldogs in a bad slump might find the going much easier than in earlier clashes.

Along with getting a clear title the Glenbrook Spartans might even get their star scorer, Bob Boyd, the individual record. Hot shot Boyd needs 31 points Friday to crack the all time mark of 344 set by Bob Nolan of Wauconda in 1952. The Wauconda boys will be out to see that this does not happen.

* * *

ELA-VERNON, dropped to second by Fenton last week, must win at Antioch and hope for a Glenbrook defeat. This winning at Antioch will be no simple matter. In fact the Ela boys have only an even chance of winning. Antioch has come up strong in recent weeks. They broke a 14 game winning streak of Zion-Benton Saturday night.

The Saturday before they beat a strong North Chicago team after edging Fenton, the outfit which knocked Ela out of first place. In fact recent results would point to another victory for Coach Larry Leon's Antioch Sequoits.

* * *

PALATINE (1-12) and Grayslake (2-11) will meet at Grayslake Friday in a battle of also rans. Grayslake won at Palatine in the last 5 minutes of a close game. Since then Palatine beat Grant for their only win in 21 games this season. The Pirates are the underdog but will be out with all they can muster to pull Grayslake down to share the cellar position. Grayslake's only league victories were over Palatine and the new league champs, Glenbrook.

Fenton's final game at Grant was moved back this week to Tuesday to permit the Bisons to play in the district tournament at St. Procopius. The Fenton boys defeated St. Procopius last Saturday night but will have to do it again this week if they hope to advance to the regional.

Cardinals Booster Club Sport Banquet At Arlington April 5

The winter sport banquet of the Arlington township high school Cardinals Booster club will be held April 5 at the Arlington high school cafeteria, according to Henry T. Winterbauer, club president.

All boys participating in basketball, gymnastics and wrestling as well as the girls on the cheerleading squads will be guests of the club, he said. Parents of teams members, and all other interested parents are invited.

Participants in the winter sports as well as the coming spring teams, including baseball, track, tennis and golf, will be introduced.

Mr. Winterbauer announced that in order to defray all costs of the club, which in addition to free banquets for team members include such benefits as oranges supplied to teams during games and meets, the club will feature a three-quarter ton room airconditioner installed, to be publicized by club members.

Plan 5 March Meets For Card Thinclads

Arlington Heights high school trackmen, currently 8 strong at varsity level and 45 strong at frosh-soph level, plus a good supply of weightmen, have 5 indoor meets ahead of them in March. Completion of wrestling and basketball will mean a few more candidates for coaches Russ Attis, Bob Scott and Bill Beckman.

The varsity will probably compete in University of Chicago high school invitational March 2. A dual at Maine is scheduled for March 13. The Evanston Relays are scheduled for March 16, after noon and evening. Both varsity and frosh-sophs will run at Leyden March 22, with Oak Park Relays slated for March 24.

* * *

THE OUTDOOR season will begin April 1, though frosh-soph coach Bob Scott is determined to have his boys running outside March 1 "with snowshoes if necessary." Scott hopes to have his boys competing in 3 events each, including Bill Beckman's weightmen.

Carl Klehm has put the shot the greatest distance so far, just over 51'. He a junior who has been working out the past month. Other candidates slated to come out and make a good showing once basketball is over are Dennis Striegal, Jack Weber, Wayne Malzahn and others. Weber and Klehm will probably be entered in the Uni high meet March 2.

With so few candidates out for the varsity, many frosh sophs will probably run with the varsity.

Fenton Splits At Grant Tuesday

Fenton high of Bensenville split a double header at Grant Tuesday night to close the Northwest conference season. Fenton's varsity, outscored in each of the first three quarters fell to a 59-53 defeat. The frosh sophs, however, made it a perfect undefeated Northwest Conference season by taking their 14th victory without a defeat by 45-35.

Grant took a 26-21 lead in the varsity game at the half and was never headed. Denny Hodge who got 23 points and Neuman with 17 helped Grant gain an even break in conference games with a 7-7 record. It was Fenton's sixth lost as against eight victories. Scoring for the Bisons was Phil Johnson 17, Bob Heinrich 13, Lars Henricksen 12, Tony Tecza 6, Helm 3 and L. Langguth 2. Grant led 11-10 the first period 26-21 at the half, and 46-34 at the end of the third period.

Wheeling Cagers Take Double Win Over St. James 5s

Wheeling grade school basketball teams took a doubleheader from St. James of Arlington Heights, the "B" team winning 43-36, and the "A" squad following suit 41-36. St. James, trying all the way, just couldn't overcome the Kloman - Lass combination. Sharpshooting all through the game, the boys scored 21 and 17 points respectively.

The victory assured the lightweights of third place in the Little "9" League, and a chance to participate in the post season tournament to be held at Wheeling school gym March 3.

THE HEAVYWEIGHTS continued the festivities as they clinched 2nd place, but didn't find the going quite as easy. Trying to avenge an earlier defeat, the A's had to come from behind and stave off a last quarter rally to beat one of the toughest opponents met this season. The victory was not assured until the final whistle ended play.

Wheeling scored first with a basket by James Trice, but St. James moved quickly ahead to lead at the 1st quarter, 10-5. Some nice outside shooting by Don Striegel, Trice, Werner Henneberg, and Fred Shipman, and Wheeling slowly climbed back. The score at halftime was a close 18 all tie.

* * *

AT THE END of the 3rd quarter Wheeling was ahead 27-24, but St. James opened the fourth by scoring to trail by 1. This was as close as they were to get. Two quick baskets by Anthony Stavros and Carl Lass meant a 5 point lead. Final score, 41-36.

The heavyweights will also play in the March 3 tournament. Play will begin at 9:30 a.m. In the evening the finalists will meet to decide first place.

Primary purpose of the tournament is to give the parents an opportunity to see the teams play.

Barrington, Cards, Glenbrook All Could Be Tough

Next Tuesday play gets underway in regional tournaments all over Illinois. Locally the Palatine regional opens Tuesday night at 7:00 with Palatine playing Arlington Heights. This brings together the bottom teams in their respective leagues, but Arlington is still seeded number one in the tournament and in spite of so many West Suburban defeats, has never been beaten badly.

The Cards started over again last year in the regional tournament and came out on top by beating Barrington in the final. Back in January when the coaches did the rating Arlington was figured to repeat as regional champ.

In the second game at 8:30 on Tuesday's tournament card will be Glenbrook vs. Grayslake. These two teams split during the Northwest season as the Rams handed Glenbrook one of their two defeats. This game will be an easy one for Glenbrook, though Howie Helfrich's Spartans have the stuff to go all the way with a few breaks. Bob Boyd and Sheldon Spalding can really mess up Barrington and Arlington plans in the tournament if they have their basket eye.

* * *

WEDNESDAY night Barrington meets their North Suburban league rival, Libertyville, and should have too much for the Wildcats. Barrington has been in a slump, losing 4 of their last 6 games. The Bronchos will regard the tournament as a chance to recoup some of the prestige lost during their league season.

Neighboring rivals Ela-Vernon and Wauconda will square off in the last of the first round games Wednesday night. This looks like a win for Ela who might give Barrington a real run in the semi-finals.

* * *

THE SEMI-FINALS shape up for two great battles between Arlington Heights and Glenbrook, and Barrington and Ela-Vernon. If this comes about a record crowd will be expected Palatine's spacious gym will hold between 2,500 and 3,000.

Admission to all sessions will be 80 cents for adults and 50 cents for students with identification cards or tickets purchased in advance. Sacco and Palace will be the tournament officials. Doors will open at 6:15 the first three nights with the first game starting at 7:00. The final night on Friday the doors open at 7:00 and the game starts at 8:00.

The Palatine regional winner plays in the Arlington Heights sectional the following week.

Gymnasts Win Against Leyden

Arlington gymnasts found Leyden to their liking Friday, 95-58. The Eagles won tumbling and trampoline but Heights copped everything else, including grand slams side horse, rings and long horse.

The Cardinals looked better than in the last couple of meets, but will have to improve still more if they want a repeat triumph over new Trier this Saturday night. Locals travel to the north shore school Saturday night for a meet starting at 8 p.m.

* * *

LINDBLOOM, always a power in gymnastics circles, edged New Trier by 2 points. The meet with Senn originally scheduled for Tuesday at Arlington was postponed 'til Wednesday, but not in time for this sports page.

The state champs, undefeated thus far, still have a long way to go if they hope to repeat last year's feat. State invitational meet will be held at Urbana March 10. Currently going around with a bandaged thumb is John Kimbrough, who dislocated it prior to last week's meet. He's being held out until it heals cmpletely to make sure he'll be ready for state competition.

Pirates To Meet Cards In Regional Opener Tuesday Night

KICKIN' IT AROUND

by Bob Paddock

COMBINE SWIMMING, skiing, photography, typing, watching baseball and football and big time bowling, and you have Shirley Garms of Palatine, Chicago match game champion 3 of the last 4 years. Shirley will compete this weekend in BPAA national women's doubles championships at Cleveland, paired with June Zamis. A star-studded field of 64 doubles teams will roll 16 games with $4,200 in prizes to be distributed. Included are Marion Ladewig and Sylvia Wene, both of whom have often been seen on TV as has Shirley.

Shirley Garms

Shirley had a banner year last season, climaxed in April when her Falstaff Beer team won the national team title with an astounding 2991 at Omaha. Teammate of Shirley was Kay Freitag, currently living in Rolling Meadows. Shirley had previously won Chicago match game title, singles, all-events and team title in Central Illinois tourney, and shared doubles title in No. Illinois.

Shirley carded averages of 189 and 193 in Traveling Classic and Bowling Lanes Classic leagues last season, is doing about the same this year. That 193 figure tied the all time record for a girl kegler. Shirley was named "queen" of Chicago bowlers last year. Other honors coming her way ever since starting to bowl as a 17-year-old girl in 1941 are many, and can be found listed in any bowlers annual.

Shirley is employed at Glenview air base and follows or participates in many sports. She has a sense of humor which has made her a favorite of bowlers, friend "and foe" alike, and certainly rates our salute of the week.

TWENTY-EIGHT MEMBERS of Illinois varsity athletic teams made scholastic records of 4.0 or better during first semester. Highest grade point obtainable at Illinois is 5.0, the median 3.0. No. 1 student-athlete was James Van Tine, junior tennis player from Chicago (Schurz) who achieved a perfect straight A average in the college of liberal arts and sciences.

Close behind were Jack Garland, junior swimmer from Elgin, who had a 4.62 in liberal arts, Danny Dudas, senior and captain of the 1956 baseball team from DuQuoin, 4.5 in engineering, and Jerry Stanners, junior pole vaulter from Galesburg, 4.47 in physical education.

Athletes from this area rating mention include Ela-Vernon's Don Fenner, football, 4.21; Maine's Gerald Hasethahn, fencing, 4.11; Riverside's Eric Stattin, gymnastics, 4.0; and Phil and Paul Judson, Hebron twins, 4.06.

Crown Champs For Golden Gloves Tourney Next Week

Chicago's eight representatives for next week's 29th annual Golden Gloves Tournament of Champions in the Stadium were crowned amid lusty applause Tuesday along with a like number of novice kings in a rousing city finals program in St. Andrew's gymnasium.

There was hardly a pause in the three hour show that climaxed seven nights of battling, starting 2 weeks ago with the South side tournament and being followed by the North side tournament last week.

112 — Louis Beuschlein; 118 — Ronald Jones; 126 — Fred Morish; 135 — Maurice Brown; 147 — Virel Marcy; 160 — Kenneth Kaner; 175 — Ernest Terrell. Hvy. — Joe Cutts. South.

Chicago's boxers will continue competition Monday Tuesday and Wednesday nights in Tournament of Champions at Chicago Stadium.

10 Seniors In Final Home Game Against York Friday

Ten seniors will conclude their home basketball careers Friday night against York with the regional tournament next week, the beginning of the end of the season for the Arlington Heights high school Cardinals.

Seniors with the varsity and JV squad include John Sujack, Dennis Striegal, Bill Randag, Ron Ashley, Jim Summers, Wayne Malzahn, Dick Siech, Wayne Haemker, Bob Uhlhorn and Ron Garlisch.

* * *

YORK WILL be tough. The Dukes beat Coach Howard Lester's team by 9 last time out. They're just 1 game ahead of Heights in the standings. They fell to Glenbard by 2 points the night before the Bards dumped Heights by 13.

Bill Zersen, one of the league's top scorers, is the No. 1 threat at the basket for York. Arlington can move into a tie for seventh (and eighth) by winning but would have to play 4 quarters of good team play together to turn the trick.

* * *

THE GAME of the week is the Hinsdale at LaGrange affair Friday night. When Maine walloped the Lions last weekend it meant Hinsdale moved a game in front for league championship honors. LaGrange must win to gain a tie for the title.

The Red Devils must win if they hope to be sole owners of that conference championship. Last January both schools were leading the pack, neck-and-neck, when Glenbard knocked off Hinsdale 58-54. Following Friday Red Devils edged LaGrange in a ball control game, 41-38. Now LaGrange must win to gain a share of the laurels.

Other final games of the season will pit Maine against Downers and Riverside against Glenbard.

* * *

THE FROSH-SOPH contest at Arlington Friday night will determine whether the young Cardinals take second or third. A victory would assure Coach Maurice Klotz' men no worse than a tie for second. Glenbard, currently tied with Arlington for second, takes on Riverside-Brookfield with 1 victory in 12 games.

A loss by the local frosh-sophs means they would drop into a tie for third with York. The Elmhurst soph 5 has more heighth than Arlington, but failed to use it to advantage in the previous meeting when the locals won, 38-35.

The young Cards played slightly better ball than they've been doing against R-B last weekend, pulling away to victory the second half after a tie at intermission. Sam Caltagirone's 6 of 5 free throws the last quarter helped sew the game. Bob Lockwood also played creditable ball. The frosh-sophs now have a 12-5 mark for the season, will be striving for 13-5.

Palatine Hopes To Escape Cellar By Topping Grayslake

Northwest conference cage season comes to a close Friday night of this week to be followed by regional tournament play starting next Tuesday. Friday night's card has 2 crucial games and 1 involving the tail enders. Glenbrook, with a share of the championship clinched can get it all if they can beat Wauconda away from home Friday night. They have done it twice before and with the Bulldogs in a bad slump might find the going much easier than in earlier clashes.

Along with getting a clear title the Glenbrook Spartans might even get their star scorer, Bob Boyd, the individual record. Hot shot Boyd needs 31 points Friday to crack the all time mark of 344 set by Bob Nolan of Wauconda in 1952. The Wauconda boys will be out to see that this does not happen.

* * *

ELA-VERNON, dropped to second by Fenton last week, must win at Antioch and hope for a Glenbrook defeat. This winning at Antioch will be no simple matter. In fact the Ela boys have only an even chance of winning. Antioch has come up strong in recent weeks. They broke a 14 game winning streak of Zion-Benton Saturday night.

The Saturday before they beat a strong North Chicago team after edging Fenton, the outfit which knocked Ela out of first place. In fact recent results would point to another victory for Coach Larry Leon's Antioch Sequoits.

* * *

PALATINE (1-12) and Grayslake (2-11) will meet at Grayslake Friday in a battle of also rans. Grayslake won at Palatine in the last 5 minutes of a close game. Since then Palatine beat Grant for their only win in 21 games this season. The Pirates are the underdog but will be out with all they can muster to pull Grayslake down to share the cellar position. Grayslake's only league victories were over Palatine and the new league champs, Glenbrook.

Fenton's final game at Grant was moved back this week to Tuesday to permit the Bisons to play in the district tournament at St. Procopius. The Fenton boys defeated St. Procopius last Saturday night but will have to do it again this week if they hope to advance to the regional.

Cardinals Booster Club Sport Banquet At Arlington April 5

The winter sport banquet of the Arlington township high school Cardinals Booster club will be held April 5 at the Arlington high school cafeteria, according to Henry T. Winterbauer, club president.

All boys participating in basketball, gymnastics and wrestling as well as the girls on the cheerleading squads will be guests of the club, he said. Parents of teams members, and all other interested parents are invited.

Participants in the winter sports as well as the coming spring teams, including baseball, track, tennis and golf, will be introduced.

Mr. Winterbauer announced that in order to defray all costs of the club, which in addition to free banquets for team members include such benefits as oranges supplied to teams during games and meets, the club will feature a three-quarter ton room airconditioner installed, to be publicized by club members.

Plan 5 March Meets For Card Thinclads

Arlington Heights high school trackmen, currently 8 strong at varsity level and 45 strong at frosh-soph level, plus a good supply of weightmen, have 5 indoor meets ahead of them in March. Completion of wrestling and basketball will mean a few more candidates for coaches Russ Attis, Bob Scott and Bill Beckman.

The varsity will probably compete in University of Chicago high school invitational March 2. A dual at Maine is scheduled for March 13. The Evanston Relays are scheduled for March 16, after noon and evening. Both varsity and frosh-sophs will run at Leyden March 22, with Oak Park Relays slated for March 24.

* * *

THE OUTDOOR season will begin April 1, though frosh-soph coach Bob Scott is determined to have his boys running outside March 1 "with snowshoes if necessary." Scott hopes to have his boys competing in 3 events each, including Bill Beckman's weightmen.

Carl Klehm has put the shot the greatest distance so far, just over 51'. He a junior who has been working out the past month. Other candidates slated to come out and make a good showing once basketball is over are Dennis Striegal, Jack Weber, Wayne Malzahn and others. Weber and Klehm will probably be entered in the Uni high meet March 2.

With so few candidates out for the varsity, many frosh sophs will probably run with the varsity.

Fenton Splits At Grant Tuesday

Fenton high of Bensenville split a double header at Grant Tuesday night to close the Northwest conference season. Fenton's varsity, outscored in each of the first three quarters fell to a 59-53 defeat. The frosh sophs, however, made it a perfect undefeated Northwest Conference season by taking their 14th victory without a defeat by 45-35.

Grant took a 26-21 lead in the varsity game at the half and was never headed. Denny Hodge who got 23 points and Neuman with 17 helped Grant gain an even break in conference games with a 7-7 record. It was Fenton's sixth lost as against eight victories. Scoring for the Bisons was Phil Johnson 17, Bob Heinrich 13 Lars Henricksen 12, Tony Tecza 6, Helm 3 and L. Langguth 2. Grant led 11-10 the first period 26-21 at the half, and 46-34 at the end of the third period.

Wheeling Cagers Take Double Win Over St. James 5s

Wheeling grade school basketball teams took a doubleheader from St. James of Arlington Heights, the "B" team winning 43-36, and the "A" squad following suit 41-36. St. James, trying all the way, just couldn't overcome the Kloman - Lass combination. Sharpshooting all through the game, the boys scored 21 and 17 points respectively.

The victory assured the lightweights of third place in the Little "9" League, and a chance to participate in the post season tournament to be held at Wheeling school gym March 3.

THE HEAVYWEIGHTS continued the festivities as they clinched 2nd place, but didn't find the going quite as easy. Trying to avenge an earlier defeat, the A's had to come from behind and stave off a last quarter rally to beat one of the toughest opponents met this season. The victory was not assured until the final whistle ended play.

Wheeling scored first with a basket by James Trice, but St. James moved quickly ahead to lead at the 1st quarter, 10-5. Some nice outside shooting by Don Striegel, Trice,- Werner Henneberg, and Fred Shipman, and Wheeling slowly climbed back. The score at halftime was a close 18 all tie.

* * *

AT THE END of the 3rd quarter Wheeling was ahead 27-24, but St. James opened the fourth by scoring to trail by 1. This was as close as they were to get. Two quick baskets by Anthony Stavros and Carl Lass meant a 5 point lead. Final score, 41-36.

The heavyweights will also play in the March 3 tournament. Play will begin at 9:30 a.m. In the evening the finalists will meet to decide first place.

Primary purpose of the tournament is to give the parents an opportunity to see the teams play.

Barrington, Cards, Glenbrook All Could Be Tough

Next Tuesday play gets underway in regional tournaments all over Illinois. Locally the Palatine regional opens Tuesday night at 7:00 with Palatine playing Arlington Heights. This brings together the bottom teams in their respective leagues, but Arlington is still seeded number one in the tournament and in spite of so many West Suburban defeats, has never been beaten badly.

The Cards started over again last year in the regional tournament and came out on top by beating Barrington in the final. Back in January when the coaches did the rating Arlington was figured to repeat as regional champ.

In the second game at 8:30 on Tuesday's tournament card will be Glenbrook vs. Grayslake. These two teams split during the Northwest season as the Rams handed Glenbrook one of their two defeats. This game will be an easy one for Glenbrook, though Howie Helfrich's Spartans have the stuff to go all the way with a few breaks. Bob Boyd and Sheldon Spalding can really mess up Barrington and Arlington plans in the tournament if they have their basket eye.

* * *

WEDNESDAY night Barrington meets their North Suburban league rival, Libertyville, and should have too much for the Wildcats. Barrington has been in a slump, losing 4 of their last 6 games. The Bronchos will regard the tournament as a chance to recoup some of the prestige lost during their league season.

Neighboring rivals Ela-Vernon and Wauconda will square off in the last of the first round games Wednesday night. This looks like a win for Ela who might give Barrington a real run in the semifinals.

* * *

THE SEMI-FINALS shape up for two great battles between Arlington Heights and Glenbrook, and Barrington and Ela-Vernon. If this comes about a record crowd will be expected Palatine's spacious gym will hold between 2,500 and 3,000.

MAC SAYS

by G. A. McElroy

NORTHWEST SUBURBAN CONFERENCE closes the cage season Friday night with Glenbrook already assured of no less than a share of the championship. This columnist picked the Spartans to finish on top before the season opened but they had to put on an uphill fight to gain the title. We think they will make it undisputed by beating Wauconda Friday. We also expect Antioch to trip Ela-Vernon and leave Glenbrook with a two game lead on the field. Coach Howie Helfrich moved Glenbrook up from a weak outfit which won only a few games to a club which might easily throw a monkey wrench into the machinery of the regional tournament at Palatine next week. Helfrich, who formerly coached at an Indiana college before taking the Glenbrook job, has had a real one-two scoring punch in Bob Boyd and Sheldon Spalding, who rank first and fifth in league point production. Together this pair have accounted for 526 points in 13 games, slightly more than a 40 point average. The first team is rounded out with Ty Ragland and Jim Sawyers, rangy junior forwards, and Jack Stodder, a veteran guard. Sawyers and Boyd at 6' 1" are shortest men on the team which averages slightly over six two in height.

Howie Helfrich

* * *

WE WERE BADLY IN ERROR when we mentioned recently that Bob Boyd had broken the league scoring record set by Art Smejkal of Grant in 1952. Actually it was Mike Haviland of Antioch who last year pumped in 42 points against Bensenville to break Smejkal's record. Boyd tied the mark but had the advantage of three extra minutes due to an overtime game to do it. With all due credit to Haviland, though, you will have to admit that Boyd did it against a top flight ball club which Bensenville definitely was not a year ago.

We remember back to that Art Smejkal record of 41 made when Grant scored 104 points for a league record against hapless, winless Northbrook. Just the night before Paul Schragge of Palatine had scored 39 for what he thought was a record until the results came in with Bob Nolan of Wauconda reported as making 40. That was the biggest weekend of individual scoring in league history even if the records set have since been exceeded.

* * *

LARS HENRIKSEN of Fenton set a Northwest conference free throw record Friday at Lake Zurich with 20 out of 23 tries. The mark will be remembered just as long with Ela-Vernon fans as it will be the folks down at Bensenville for it knocked Ela out of the conference championship. In all the ball handling star of the Fenton team scored 32 points.

Fenton did not win the championship but they certainly were a big help to Glenbrook. They lost twice to the Spartans and then threw the knock out punch at Glenbrook's only remaining rival.

Henriksen, only a junior, will be around another year and will be a real possibility for the role of top performer in the league in 1956-57 and he will be with a good ball club judging by the way the Fenton sophs are mopping up on all league opposition.

* * *

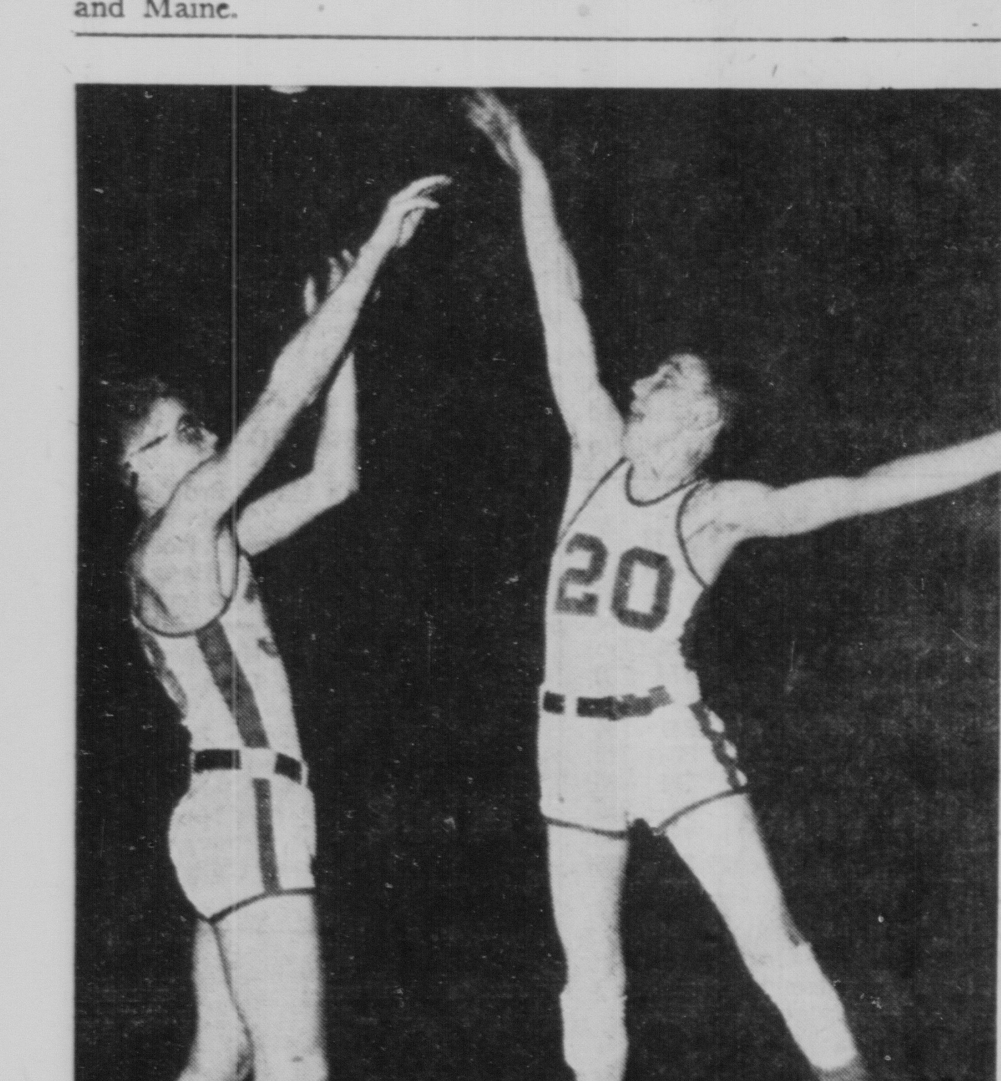
LARRY LEON has had tough sledding at Antioch. Coming into a job where 3 straight championships had been won Leon had no regulars or first line reserves available plus a lack of height with only 1 boy over 6 feet in height. The Sequoits have played in and out ball until recently when they caught fire and are on a par with the best in the circuit.

Last Saturday they whipped Zion to break a 14 game winning streak of the ZeeBees which had included recent wins over both Crystal Lake and Barrington. Antioch will be much tougher next year and championship days may not be far in the future again at Antioch for both their soph and frosh teams are top flight outfits this year.

* * *

PALATINE'S FIVE BOYS who compete Friday in the opening of the state wrestling tournament at Proviso High School have a season record among them of 82 wins, 7 defeats, and 2 draws. Leonard Rohde has a record of 21-0, Jim McCreery 20-1, John Wehner 9-0, John Dilks 17-2 with 2 draws, and Dennis Lundgren 15-4.

The Pirates won 11 and lost 3 for the year. York, Elgin, Leyden, Wheaton, Wheaton Academy, West Aurora, Crystal Lake, McHenry, Wauconda, Waukegan, and Glenbrook were beaten and very close losses suffered to Arlington Heights, Niles, and Maine.



TOM CLARK AND MIKE ERSPAMER have been reserves for Fenton basketball Bisons this season, but their presence on the bench has been a big help in keeping the regulars on their toes. The Bisons meet Maryville of Des Plaines in St. Procopius district tournament Thursday night.

If Coach Frank Novatny's five can win, the Bisons will play again Friday night for the district title. Erspamer, at left, is a 6-1 senior, and has been a reserve forward 2 years. He transferred from Wisconsin in the fall of '54. Clark is the smallest senior on the squad at 5-6, is a good ball handler and reserve guard. He's a fair shot, good on defense, has been on the varsity team 4 years.

Card Varsity Falls Behind Early, Loses To Riverside

by PETE SWANSON

At Riverside Friday night, Arlington's Cardinals fell behind early and couldn't make up the deficit. The locals twice cut the margin to 7 points in the early minutes of the third period, but the Bulldogs then pulled away to a long lead. The game actually wasn't as close as the score indicates.

Mesewicz and Anderson paced R-B to a 13-5 first quarter lead. The visitors didn't work the ball well and failed to get good shots.

* * *

THE BULLDOGS ran up a 14 point lead at one time in the second period. Avoidable fouls and cold shooting on Arlington's part aided the home team. After six minutes of the second stanza, the Cards had only 4 field goals and 11 points. Nine points in the final two minutes cut the Bulldog lead to 29-20 at the intermission.

The locals cut the margin to 29-22 and 31-24 in the early minutes of the next period. Paced by 10 points from Mesewicz, the Bulldogs spurted at this point and widened the lead to 50-31 on one occasion. Heavy fouling by the Cards and better rebounding by the home team were important factors helping the Bulldogs.

* * *

RIVERSIDE PLAYED ball control early in the final quarter. The Cards eventually reduced the lead, but couldn't come any closer than the 7 points by which they lost. The locals missed opportunities to make the game closer.

Hank Mesewicz led the winners with 22 points. Wayne Givens and Bob Anderson supported him with 12 and 10 markers respectively. John Sujack with 21 tallies was the only Arlington player to score consistently. No other Cardinal had more than 8. The home team had just one more basket than the visitors, but 22 Arlington fouls gave the winners a lot of free throw chances.

Riverside was definitely improved since the two teams met earlier, and the Cardinals played below par basketball.

Arlington Sophs Whip R-B To Remain Tied For Second

by PETE SWANSON

Arlington's sophomores picked up their eighth win in 13 conference tilts Friday night at Riverside. Coach Klotz's charges pulled away in the last two quarters after a close opening half. The win kept the second year Cards deadlocked with Glenbard for the runner-up position in the WCS.

Action was slow in the opening period as the Cards were unable to hit. The young Bulldogs, a ball control team, held the ball in the last two minutes, taking an unsuccessful last-second shot.

* * *

TRAILING 8-7 at the quarter mark, the Cards moved into the lead for most of the second period. Better rebounding on the offensive board aided the visitors' cause. Jack Weber, who tallied 9 points in the period, was best in this respect. The score was tied at the half, however, as the result of a forty foot set shot by Riverside's Nogal in the dying seconds.

The locals employed a press in the third stanza. The home team was definitely bothered, making mistakes and failing to get many shots. The Cards were also better on the boards and, paced by Bob Lockwood and Weber, took a 39-29 lead entering the final seven minutes.

* * *

THE VISITORS extended their lead in this quarter. Sam Caltagirone and Lockwood headed the Cards, who were pressed in the period. Substitutes played for both teams in the final minutes, which were marked by heavy fouling.

The scoring showed three Cards in double figures. Bob Lockwood and Sam Caltagirone each caged 16 markers while Jack Weber added 13. Riverside was led by Nogal with 17 and Pekerek with 11. Better rebounding by the taller Arlington five was a big factor in the victory.

Fenton Moves Into 3rd With 73-66 Win Over Ela-Vernon

by BILL RIPERGER

Fenton Bisons spoiled Ela-Vernon's hopes of an undisputed championship by whipping the Bears 73-66, Friday at Lake Zurich. This victory moved the Bisons into a tie with Wauconda for third place and dropped Ela into second place behind Glenbrook.

Ela's full court press defense was actually a blessing in disguise for the Fenton squad. While dribbling past the Bears, Lark Henriksen was fouled many times and established a new free throw mark. Lars tallied the record 20 free throws in 23 attempts. These charities, together with 6 baskets, gave him 32 points in the game, second best individual performance in the conference this season. Fenton's captain, Phil Johnson, also added 19 points to the effort.

Al Bathrick, the Bears' scoring ace, connected for 27 points, 9 baskets and 9 free throws. Lynn Becker notched 16.

* * *

LAKE ZURICH FIVE took a two point lead on the Bisons in the first period. Al Bathrick tallied 8 points while Henriksen of Fenton banged in 8 straight free throws and one bucket.

In the second quarter the Fenton squad held Bathrick scoreless and took a one point advantage, 31-30. Henriksen scored on five charities in 6 chances.

Following the halftime intermission, the Bisons expanded their advantage to 3 points, 53-50. Both Phil Johnson and Lars Henriksen netted 10 points in the third period. Lars also had 4 out of 5 free tosses. Al Bathrick kept the Bears in contention by scoring 11 points.

* * *

DURING LAST QUARTER, Henriksen hit 3 of 4 charities and scored seven points for Fenton. Tony Tecza, who had been scoreless in the first three periods, drilled in 3 quick baskets near the end of the quarter to put the Bisons out of Ela's reach. Bathrick netted 8, but the final score was Fenton Bisons 73, Ela Bears 66.

Card Frosh Win 4 Games

Arlington's freshman basketball squads won 4 more games Saturday and Monday, beating Riverside-Brookfield twice and dealing a double defeat to Elmwood Park. The "A" squad dumped Riverside 41-32 and Elmwood Park 58-48. The "B" team topped R-B 42-23 and Elmwood Park 26-20.

Last quarter rally iced the "A" game against R-B, alter a 21-20 halftime score for Heights. Riverside took a 25-24 lead going into the home stretch but 8 free throws and a basket by Lee Magnuson in the final period was a big help for Coach Ken Schaller.

* * *

ED WHITELAW dropped in 2 baskets that same quarter with 3 other charities providing enough to win. High point man for Arlington was Magnuson with 15 points, followed by Whitelaw with 14. For the losers was Chumsky with 10.

Elmwood Park was an easy target for the "A" five, falling behind the opening stanza 19-7 and 35-12 at the half. Coach Schaller substituted freely that third period, giving Elmwood Park a chance to come to life. They did, 21-17, the third period and 14-6 the fourth.

* * *

THE "B" GAME against Riverside was Arlington's all the way, 9-5, 22-12 and 34-19 at the quarters. Scoring was divided among 6 boys for Heights with Dave Varnado counting 11, Roy Garr 9 and Jim Conroy 8.

Against Elmwood Park Coach Bob Baker's five were behind all the way until the last all-important quarter. Heights was tied 6-6 at the quarter, and behind 14-12 and 18-17 the next 2 periods.

Mike Tierney and Jim Conroy tallied 5 points for Arlington, followed by Dave Varando, Fred Hedemark and Don Ahmer with 4 apiece. High for the losers was Rein with 13.

Aurora closed the gap to five points at the intermission and that was as close as the Sealmasters were able to get.

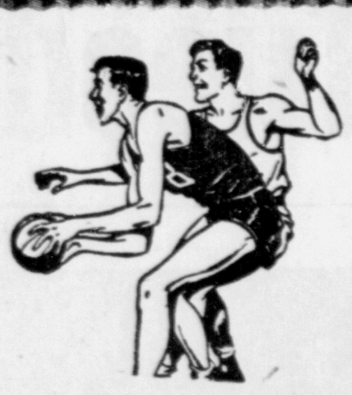
OLDEST BUICK DEALER IN COOK COUNTY

MAC SAYS



by G. A. McElroy

NORTHWEST SUBURBAN CONFERENCE closes the cage season Friday night with Glenbrook already assured of no less than a share of the championship. This columnist picked the Spartans to finish on top before the season opened but they had to put on an uphill fight to gain the title. We think they will make it undisputed by beating Wauconda Friday. We also expect Antioch to trip Ela-Vernon and leave Glenbrook with a two game lead on the field. Coach Howie Helfrich moved Glenbrook up from a weak outfit which won only a few games to a club which might easily throw a monkey wrench into the machinery of the regional tournament at Palatine next week. Helfrich, who formerly coached at an Indiana college before taking the Glenbrook job, has had a real one-two scoring punch in Bob Boyd and Sheldon Spalding, who rank first and fifth in league point production. Together this pair have accounted for 526 points in 13 games, slightly more than a 40 point average. The first team is rounded out with Ty Ragland and Jim Sawyers, rangy junior forwards, and Jack Stodder, a veteran guard. Sawyers and Boyd at 6' 1" are shortest men on the team which averages slightly over six two in height.

WE WERE BADLY IN ERROR when we mentioned recently that Bob Boyd had broken the league scoring record set by Art Smejkal of Grant in 1952. Actually it was Mike Haviland of Antioch who last year pumped in 42 points against Bensenville to break Smejkal's record. Boyd tied the mark but had the advantage of three extra minutes due to an overtime game to do it. With all due credit to Haviland, though, you will have to admit that Boyd did it against a top flight ball club which Bensenville definitely was not a year ago.

We remember back to that Art Smejkal record of 41 made when Grant scored 104 points for a league record against hapless, winless Northbrook. Just the night before Paul Schragge of Palatine had scored 39 for what he thought was a record until the results came in with Bob Nolan of Wauconda reported as making 40. That was the biggest weekend of individual scoring in league history even if the records set have since been exceeded.

★ ★ ★

LARS HENRIKSEN of Fenton set a Northwest conference free throw record Friday at Lake Zurich with 20 out of 23 tries. The mark will be remembered just as long with Ela-Vernon fans as it will be the folks down at Bensenville for it knocked Ela out of the conference championship. In all the ball handling star of the Fenton team scored 32 points.

Fenton did not win the championship but they certainly were a big help to Glenbrook. They lost twice to the Spartans and then threw the knock out punch at Glenbrook's only remaining rival.

Henriksen, only a junior, will be around another year and will be a real possibility for the role of top performer in the league in 1956-57 and he will be with a good ball club judging by the way the Fenton sophs are mopping up on all league opposition.

★ ★ ★

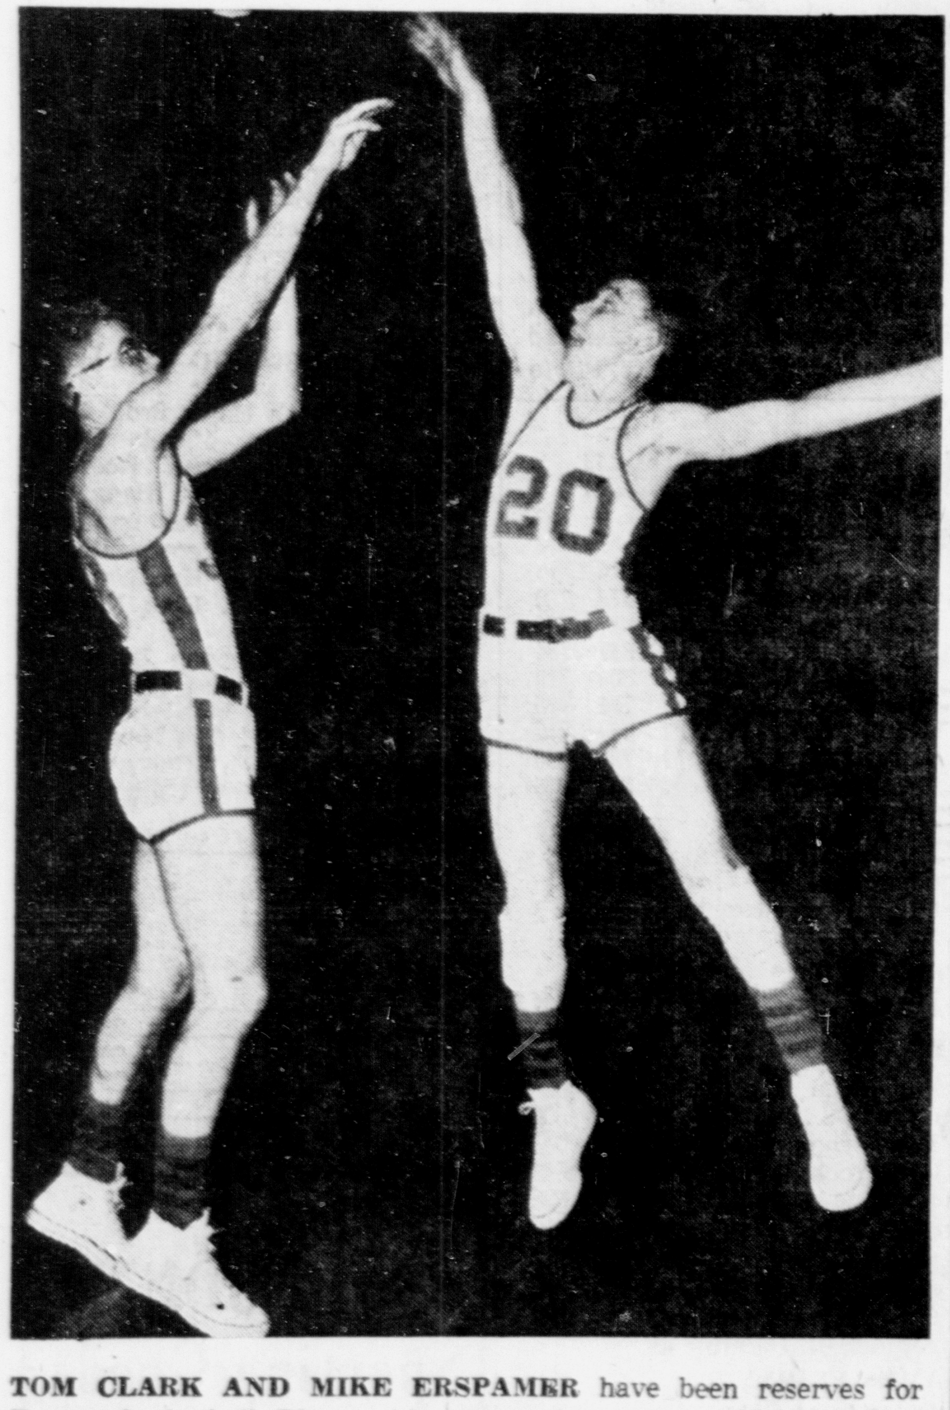
LARRY LEON has had tough sledding at Antioch. Coming into a job where 3 straight championships had been won Leon had no regulars or first line reserves available plus a lack of height with only 1 boy over 6 feet in height. The Sequoits have played in and out ball until recently when they caught fire and are on a par with the best in the circuit.

Last Saturday they whipped Zion to break a 14 game winning streak of the ZeeBees which had included recent wins over both Crystal Lake and Barrington. Antioch will be much tougher next year and championship days may not be far in the future again at Antioch for both their soph and frosh teams are top flight outfits this year.

★ ★ ★

PALATINE'S FIVE BOYS who compete Friday in the opening of the state wrestling tournament at Proviso High School have a season record among them of 82 wins, 7 defeats, and 2 draws. Leonard Rohde has a record of 21-0, Jim McCreery 20-1, John Wehner 9-0, John Dilks 17-2 with 2 draws, and Dennis Lundgren 15-4.

The Pirates won 11 and lost 3 for the year. York, Elgin, Leyden, Wheaton, Wheaton Academy, West Aurora, Crystal Lake, McHenry, Wauconda, Waukegan, and Glenbrook were beaten and very close losses suffered to Arlington Heights, Niles, and Maine.



TOM CLARK AND MIKE ERSPAMER have been reserves for Fenton basketball Bisons this season, but their presence on the bench has been a big help in keeping the regulars on their toes. The Bisons meet Maryville of Des Plaines in St. Procopius district tournament Thursday night.

If Coach Frank Novatny's five can win, the Bisons will play again Friday night for the district title. Erspamer, at left, is a 6-1 senior, and has been a reserve forward 2 years. He transferred from Wisconsin in the fall of '54. Clark is the smallest senior on the squad at 5-6, is a good ball handler and reserve guard. He's a fair shot, good on defense, has been on the varsity team 4 years.

Card Varsity Falls Behind Early, Loses To Riverside

by PETE SWANSON

At Riverside Friday night, Arlington's Cardinals fell behind early and couldn't make up the deficit. The locals twice cut the margin to 7 points in the early minutes of the third period, but the Bulldogs then pulled away to a long lead. The game actually wasn't as close as the score indicates.

Mesewicz and Anderson paced R-B to a 13-5 first quarter lead. The visitors didn't work the ball well and failed to get good shots.

THE BULLDOGS ran up a 14 point lead at one time in the second period. Avoidable fouls and cold shooting on Arlington's part aided the home team. After six minutes of the second stanza, the Cards had only 4 field goals and 11 points. Nine points in the final two minutes cut the Bulldog lead to 29-20 at the intermission.

The locals cut the margin to 29-22 and 31-24 in the early minutes of the next period. Paced by 10 points from Mesewicz, the Bulldogs spurted at this point and widened the lead to 50-31 on one occasion. Heavy fouling by the Cards and better rebounding by the home team were important factors helping the Bulldogs.

RIVERSIDE PLAYED ball control early in the final quarter. The Cards eventually reduced the lead, but couldn't come any closer than the 7 points by which they lost. The locals missed opportunities to make the game closer.

Hank Mesewicz led the winners with 22 points. Wayne Givens and Bob Anderson supported him with 12 and 10 markers respectively. John Sujack with 21 tallies was the only Arlington player to score consistently. No other Cardinal had more than 8. The home team had just one more basket than the visitors, but 22 Arlington fouls gave the winners a lot of free throw chances.

Riverside was definitely improved since the two teams met earlier, and the Cardinals played below par basketball.

Arlington Sophs Whip R-B To Remain Tied For Second

by PETE SWANSON

Arlington's sophomores picked up their eighth win in 13 conference tilts Friday night at Riverside. Coach Klotz's charges pulled away in the last two quarters after a close opening half. The win kept the second year Cards deadlocked with Glenbard for the runner-up position in the WCS.

Action was slow in the opening period as the Cards were unable to hit. The young Bulldogs, a ball control team, held the ball in the last two minutes, taking an unsuccessful last-second shot.

* * *

TRAILING 8-7 at the quarter mark, the Cards moved into the lead for most of the second period. Better rebounding on the offensive board aided the visitors' cause. Jack Weber, who tallied 9 points in the period, was best in this respect. The score was tied at the half, however, as the result of a forty foot set shot by Riverside's Nogal in the dying seconds.

The locals employed a press in the third stanza. The home team was definitely bothered, making mistakes and failing to get many shots. The Cards were also better on the boards and, paced by Bob Lockwood and Weber, took a 39-29 lead entering the final seven minutes.

* * *

THE VISITORS extended their lead in this quarter. Sam Caltagirone and Lockwood headed the Cards, who were pressed in the period. Substitutes played for both teams in the final minutes, which were marked by heavy fouling.

The scoring showed three Cards in double figures. Bob Lockwood and Sam Caltagirone each caged 16 markers while Jack Weber added 13. Riverside was led by Nogal with 17 and Pekerek with 11. Better rebounding by the taller Arlington five was a big factor in the victory.

Fenton Moves Into 3rd With 73-66 Win Over Ela-Vernon

by BILL RIPERGER

Fenton Bisons spoiled Ela-Vernon's hopes of an undisputed championship by whipping the Bears 73-66, Friday at Lake Zurich. This victory moved the Bisons into a tie with Wauconda for third place and dropped Ela into second place behind Glenbrook.

Ela's full court press defense was actually a blessing in disguise for the Fenton squad. While dribbling past the Bears, Lark Henriksen was fouled many times and established a new free throw mark. Lars tallied the record 20 free throws in 23 attempts. These charities, together with 6 baskets, gave him 32 points in the game, second best individual performance in the conference this season. Fenton's captain, Phil Johnson, also added 19 points to the effort.

Al Bathrick, the Bears' scoring ace, connected for 27 points, 9 baskets and 9 free throws. Lynn Becker notched 16.

* * *

LAKE ZURICH FIVE took a two point lead on the Bisons in the first period. Al Bathrick tallied 8 points while Henriksen of Fenton banged in 8 straight free throws and one bucket.

In the second quarter the Fenton squad held Bathrick scoreless and took a one point advantage, 31-30. Henriksen scored on five charities in 6 chances.

Following the halftime intermission, the Bisons expanded their advantage to 3 points, 53-50. Both Phil Johnson and Lars Henriksen netted 10 points in the third period. Lars also had 4 out of 5 free tosses. Al Bathrick kept the Bears in contention by scoring 11 points.

* * *

DURING LAST QUARTER, Henriksen hit 3 of 4 charities and scored seven points for Fenton. Tony Tecza, who had been scoreless in the first three periods, drilled in 3 quick baskets near the end of the quarter to put the Bisons out of Ela's reach. Bathrick netted 8, but the final score was Fenton Bisons 73, Ela Bears 66.

Card Frosh Win 4 Games

Arlington's freshman basketball squads won 4 more games Saturday and Monday, beating Riverside-Brookfield twice and dealing a double defeat to Elmwood Park. The "A" squad dumped Riverside 41-32 and Elmwood Park 58-48. The "B" team topped R-B 42-23 and Elmwood Park 26-20.

Last quarter rally iced the "A" game against R-B, alter a 21-20 halftime score for Heights. Riverside took a 25-24 lead going into the home stretch but 8 free throws and a basket by Lee Magnuson in the final period was a big help for Coach Ken Schaller.

* * *

ED WHITELAW dropped in 2 baskets that same quarter with 3 other charities providing enough to win. High point man for Arlington was Magnuson with 15 points, followed by Whitelaw with 14. For the losers was Chumsky with 10.

Elmwood Park was an easy target for the "A" five, falling behind the opening stanza 19-7 and 35-12 at the half. Coach Schaller substituted freely that third period, giving Elmwood Park a chance to come to life. They did, 21-17, the third period and 14-6 the fourth.

* * *

THE "B" GAME against Riverside was Arlington's all the way, 9-5, 22-12 and 34-19 at the quarters. Scoring was divided among 6 boys for Heights with Dave Varnado counting 11, Roy Garr 9 and Jim Conroy 8.

Against Elmwood Park Coach Bob Baker's five were behind all the way until the last all-important quarter. Heights was tied 6-6 at the quarter, and behind 14-12 and 18-17 the next 2 periods.

Mike Tierney and Jim Conroy tallied 5 points for Arlington, followed by Dave Varando, Fred Hedemark and Don Ahmer with 4 apiece. High for the losers was Rein with 13.

Antioch Stops Z-B Win Streak At 14

Antioch's cagers coached by Larry Leon racked up a 74-65 victory over Zion-Benton Saturday night to break a winning streak of the Z-B team which had reached 14 in a row. Included in Zion's streak were victories over both Crystal Lake, North Suburban champ, and Barrington.

Antioch won the game in the third quarter when they scored 22 while limiting Zion to six points. The Sequoits presented a well balanced scoring attack as Walsh hit for 18 points and Huml, Parker, and Reckers each made 16. Antioch is winding up the playing season with the team performing at their peak. Friday the Sequoits are host to Ela-Vernon currently sporting a 10-3 conference record.

Daniels scored 30 points for Zion. Antioch's frosh-sophs also won 52-40.

Glenbrook Clinches Tie For Cage Title With Grayslake Win

Glenbrook clinched at least a tie for the conference basketball championship in the Northwest conference by defeating Grayslake 73-62 while Ela-Vernon was losing to Fenton. Glenbrook's big guns, Boyd and Spalding, scored 26 and 20 points respectively to lead the Spartans to their 11th triumph in 13 league games.

Grayslake held Glenbrook to a 41 all tie at the half but the winners gained a 10 point lead in the third period to decide the game. Peregrin scored 19 while LeDain, Ritta, and Hunziker each had 12 for the losing Grayslake team which earlier had handed Glenbrook one of their two defeats for the season.

It was Glenbrook's first basketball championship in their three years in the Northwest conference under the coaching of Howard Helfrich.

Glenbrook frosh-sophs won 43-22.

Wheeling Hawks Win Over Sealmasters; Lose Tourney

Wheeling Blackhawks combined superior height, speed, and shootgin accuracy Wednesday evening, when they handed the strong Aurora Sealmasters an 88-75 defeat at Arlington Heights. Led by Cliff Fulton, former Illinois star, with 8 points the 'Hawks grabbed a 24-17 lead in the opening quarter. Aurora closed the gap to five points at the intermission and that was as close as the Sealmasters were able to get.

In the second half of play the 'Hawks pulled away to a 70-51 lead at the end of the third quarter. The rally was sparked by Bob Metcalf. The former Valparaiso star scored 16 points in the spree. The Sealmasters made a desperate bid early in the final stanza of play, but the 'Hawks 19 point lead was too much to overcome and the final score was 88-75.

* * *

BOB METCALF took top scoring honors with 32 points on 13 baskets and six out of six free throws. Metcalf now has a string of 20 consecutive charity throws. Bob Carney of the Sealmasters was runner-up with 24 Three other 'Hawks wound up with double figure scoring totals. The list was headed by Cliff Fulton with 16, followed by Don Sheehan and Bill Becknell with 10 points each.

On Friday evening, the 'Hawks met Hampshire in the Richmond basketball Jamboree and also disaster at the hands of the V.F.W. quintet. Hampshire, on an amazing display of shooting grabbed a 12 point lead before the locals were able to score, and by half time led 42-23. Hampshire kept pouring it on the locals in the second half, although big Don Sheehan tried vainly to keep the 'Hawks in the ball game with virtually a one-man show. The final score was 82-59.

DON REED of Hampshire was high scorer for the evening with 10 baskets and 4 free throws for 24 points. Reed was followed by Bob Zito, also of Hampshire and Don Sheehan of the 'Hawks with 19 points apiece. The loss was the 'Hawks third this season and snapped a 5 game winning streak for the locals. Palatine 2nd In Sectional Wrestling, Sends 5 To State

Elgin and Palatine took the state sectional wrestling team trophies in the 13 team mat competition held in the Palatine High gym the past weekend. Elgin, coached by Al Scharff scored 97 points, took 4 individual championships, and qualified 6 boys for the state tournament as they won the sectional. **John Ellis piloted Palatine's grapplers to second in the sectional and qualified 5 for the state while taking 3 individual titles.**

Palatine, for a school which has had wrestling as a sport only 4 years, has shown amazing strength the past two seasons. Last year they tied for second in the sectional and Saturday night had 73 points to beat out York with 64 for the second place trophy. Arlington Heights and Oswego tied for fourth with 44.

* * *

LEONARD ROHDE, undefeated in 21 matches this year and loser only to the state champ last year when he took third in the state tournament, finished the sectional tournament Saturday night by pinning Harold Keppner of York in 3:55 minutes. Rohde will be one of the strong contenders for the state heavyweight championship in the state finals at Proviso high in Maywood this week Friday and Saturday.

Jim McCreey in the 120 pound class and John Wehner at the 127 pound weight were Palatine sectional champs. McCreery beat Don Kramer of Elgin 5-0 in the final match. The Palatine team captain beat Onley of Rochelle 4-0 in the first round, pinned Jerri White of DeKalb in the second round, and outpointed Bill Kontos of Oswego 9-2 in the semi-finals. McCreery has lost only one match in 21 starts this season.

* * *

JOHN WEHNER, who returned to school this semester after an absence of a half year, gained a referee's decision over Forrest Devor of York in his final match at 127 pounds. Wehner has won 9 straight matches since returning to school and lost only twice last season. Wehner pinned Lantz of Oswego in the first round in 1:49, won from Carl Borine of DeKalb by default in the second round, and beat Gibson McCartney of Wheaton Academy 4-1 in the semi-finals.

John Dilks and Dennis Lundgren took seconds and Andy Anderson a third in the final night of tournament wrestling. Dilks put up a terrific battle before losing 6-4 to Dean Winebrenner of Elgin in the final. He had beaten Bird of Wheaton 8-2, pinned McCray of Rochelle, and beaten Aug of Oswego 3-2 in earlier rounds. Lundgren, a junior wrestling at 138 pounds, lost in the finals top seeded Tom Pennington of York 4-0. Lundgren had beaten Markee of Crystal Lake 3-0, pinned Halley of Rochelle in 1:45, and beaten Leo Grach of Oswego 4-2 in earlier matches. Lundgren's senior brother, Dick, who would have been a strong contender at the 165 pound weight missed the tournament due to mumps.

* * *

ANDY ANDERSON of Palatine took a third in the 103 class by beating Ray Vellinga of Elgin 2-0 in a consolation match. Anderson lost to Ralph Carlino, Arlington Heights headliner, 4-0 in the semi-finals. Carlino easily took the 103 pound championship by beating Jim Oury of Wheaton Academy 9-2 in the title match.

Carlino was one of the outstanding grapplers of the tournament. He pinned Gunther of Downers Grove in 2:45 in the first round and pinned John Anderson of Wheaton in 35 seconds in the second round before shutting out Palatine's Anderson 4-0 in the semi-finals.

* * *

ARLINGTON HEIGHTS gained 2 second places by Gerald Bonn in the 95-pound class and Edward Beier at 133 pounds. Bonn, a freshman, upset first seeded Charles Allessi of York in the semi-finals after beating Johnstone of Wheaton 4-1 and pinning Hayes of Wheaton in earlier rounds. In the final he was pitted against 19 year old Jim Bailey of West Aurora who pinned him in 3:50.

Ed Beier lost 5-4 in the final to Lloyd Kellenberger of Elgin in a nip and tuck match which could have gone either way. Beier pinned Johnson of West Aurora, beat Finnessy of Crystal Lake 4-1, and nosed out Jerry Smith of Oswego by a referree's decision to gain the final round. Carlino, Bonn, and Beier will represent Arlington Heights in the state tournament.

* * *

AL ROSE one of Arlington's most outstanding wrestlers had an unlucky draw and lost to Willie Spates of Elgin 7-4 in the first round. Spates easily won the championship in the 165 pound class. Pat Harris of Arlington Heights won a third place by beating Bill Kontos of Oswego 3-2 in the consolation at 120 pounds. Harris beat Hadfield of Crystal Lake 6-3 and Rockness of Wheaton Academy 6-2 before losing to Kramer of Elgin 5-1 in the semi-finals.

Elgin won four individual championships as Lloyd Kellenberger took the 133 point crown, Dean Winebrenner copped the 145, Jim Demmett won the 154, and Willie Spates survived the 165. Other Elgin qualifiers for the state meet were Fred Lugar at 175 and Don Kramer at 120. Elgin's well balanced team sent 10 boys through the first two rounds to the semi-finals.

* * *

ONLY DEFENDING state champion in the tournament was Alvin Wheeler of Oswego. Wheeler won the 103 division in the state meet but this year qualifies at 112. Wheeler beat Palatine's Dick Schollz 5-0 in the first round. He pinned Mosetich of York in 1:05 in the championship match. Oswego also had three thirds and two fourths for a fine record as smallest school entered in the tournament.

Commons of Crystal Lake who took third in the state at 154 last year lost in the first round of the 165 division to Lloyd Kuykendall of Wheaton. The latter lost in the semi-finals to John Exner of Downers when he suffered a neck injury and had to forfeit. He was taken to the hospital in an ambulance for obseration and x-rays.

Tournament spectator attendance was good with a total of over 1,100 paid admissions for the three sessions. Pictures of the individual winners and the Palatine and Arlington Heights state tournament qualifiers are to be found elsewhere in this edition of the Paddock papers.

Grunts and Groans

J. E. Stutzman, Palatine athletic director, did a terrific job organizing and managing the wrestling sectional. It went off like clock work and many coaches commented on the smooth operation and minimum of wasted time between bouts. Besides the advance work Stutz was on the job constantly from noon Friday to 11 p.m. and Saturday from 7:30 a.m. until 10:30 p.m.

As soon as the tournament was over mimeographed summaries of every bout in the tournament with table of team points, a 13 page reiew of the tournament, were available for each coach to take home and for the press. Stutzman started this idea for the Palatine Relays. Experience handling details of the big 40-50 school track meet has fitted Palatine high and its athletic director and other personnel for running events involving large numbers of schools and participants. Next week Palatine is host to the regional basketball tournament starting Tuesday night.

* * *

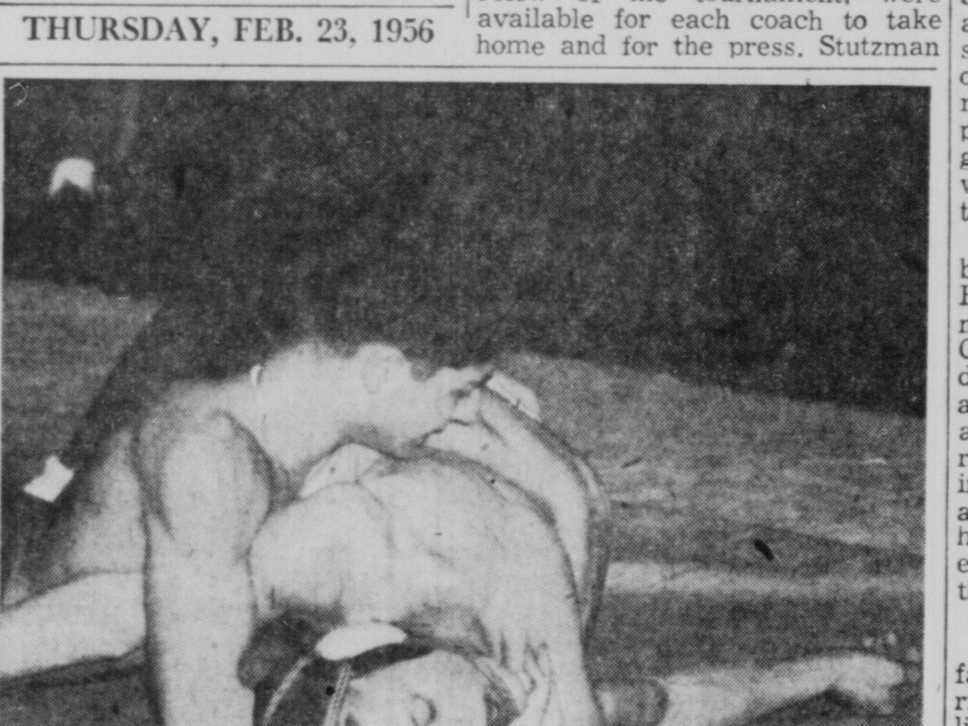
PALATINE HIGH certainly appreciates the cooperation of Arlington Heights high and athletic director Wally Grace for the loan of extra mats so that three separate bouts could be run at the same time for the first 2 rounds of the tournament. James Demmitt of Elgin who won the 154 pound division was an all state guard in football last fall. Fans watching him wrestle could easily tell why he was that good.

Coach Dick Mudge had two very bad breaks come his way for Heights in shattering hopes of winning a tournament trophy. First Capt. Jack Ebert, who would undoubtedly have gone to the finals at 133 or 138 became ineligible; and then Al Rose, who had a 12-1 record for the season, was beaten in the first round at 165 through an unfortunate draw which paired him with Willie Spates, who seeded number 1 and eventually won the championship.

* * *

OUR IDEA of the best bets to go far in the state tournament barring a bad draw are Ralph Carlino of Arlington Heights at 103, Alvin Wheeler of Oswego at 112, Jim McCreery of Palatine at 120, Tom Pennington of York at 138, Willie Spates of Elgin at 165 and Leonard Rohde of Palatine, heavyweight.

The state tournament opens Friday afternoon with a blind draw for the bracketing in each weight class. First round losers will have a chance to wrestle each other and wrestle back to a chance at third place to compensate for top performers drawing each other in the opening round.



RALPH CARLINO found Jim Oury of Wheaton Academy unpinnable, but did gain a 9-2 decision at 103. Ralph is seen here in a near pin. Carlino went downstate at 95 as an Arlington freshman last year, will make the trip this time at 103 as a sophomore.

GERRY BONN, Arlington's freshman entry at 95, lost in the final round of the Palatine sectional. Champ was Jim Bailey of West Aurora in a pin at 3:50. Bonn previously beat Johnston of Wheaton, pinned Jim Hayes of Downers Grove, and edged Charles Allessi of York in a ref's decision. Gerry will compete in the state meet at Proviso this weekend. Palatine 2nd In Sectional Wrestling, Sends 5 To State

Elgin and Palatine took the state sectional wrestling team trophies in the 13 team mat competition held in the Palatine High gym the past weekend. Elgin, coached by Al Scharff scored 97 points, took 4 individual championships, and qualified 6 boys for the state tournament as they won the sectional.

John Ellis piloted Palatine's grapplers to second in the sectional and qualified 5 for the state while taking 3 individual titles.

Palatine, for a school which has had wrestling as a sport only 4 years, has shown amazing strength the past two seasons. Last year they tied for second in the sectional and Saturday night had 73 points to beat out York with 64 for the second place trophy. Arlington Heights and Oswego tied for fourth with 44.

* * *

LEONARD ROHDE, undefeated in 21 matches this year and loser only to the state champ last year when he took third in the state tournament, finished the sectional tournament Saturday night by pinning Harold Keppner of York in 3:55 minutes. Rohde will be one of the strong contenders for the state heavyweight championship in the state finals at Proviso high in Maywood this week Friday and Saturday.

Jim McCreey in the 120 pound class and John Wehner at the 127 pound weight were Palatine sectional champs. McCreery beat Don Kramer of Elgin 5-0 in the final match. The Palatine team captain beat Onley of Rochelle 4-0 in the first round, pinned Jerri White of DeKalb in the second round, and outpointed Bill Kontos of Oswego 9-2 in the semi-finals. McCreery has lost only one match in 21 starts this season.

* * *

JOHN WEHNER, who returned to school this semester after an absence of a half year, gained a referee's decision over Forrest Devor of York in his final match at 127 pounds. Wehner has won 9 straight matches since returning to school and lost only twice last season. Wehner pinned Lantz of Oswego in the first round in 1:49, won from Carl Borine of DeKalb by default in the second round, and beat Gibson McCartney of Wheaton Academy 4-1 in the semi-finals.

John Dilks and Dennis Lundgren took seconds and Andy Anderson a third in the final night of tournament wrestling. Dilks put up a terrific battle before losing 6-4 to Dean Winebrenner of Elgin in the final. He had beaten Bird of Wheaton 8-2, pinned McCray of Rochelle, and beaten Aug of Oswego 3-2 in earlier rounds. Lundgren, a junior wrestling at 138 pounds, lost in the finals top seeded Tom Pennington of York 4-0. Lundgren had beaten Markee of Crystal Lake 3-0, pinned Halley of Rochelle in 1:45, and beaten Leo Grach of Oswego 4-2 in earlier matches. Lundgren's senior brother, Dick, who would have been a strong contender at the 165 pound weight missed the tournament due to mumps.

* * *

ANDY ANDERSON of Palatine took a third in the 103 class by beating Ray Vellinga of Elgin 2-0 in a consolation match. Anderson lost to Ralph Carlino, Arlington Heights headliner, 4-0 in the semi-finals. Carlino easily took the 103 pound championship by beating Jim Oury of Wheaton Academy 9-2 in the title match.

Carlino was one of the outstanding grapplers of the tournament. He pinned Gunther of Downers Grove in 2:45 in the first round and pinned John Anderson of Wheaton in 35 seconds in the second round before shutting out Palatine's Anderson 4-0 in the semi-finals.

* * *

ARLINGTON HEIGHTS gained 2 second places by Gerald Bonn in the 95-pound class and Edward Beier at 133 pounds. Bonn, a freshman, upset first seeded Charles Allessi of York in the semi-finals after beating Johnstone of Wheaton 4-1 and pinning Hayes of Wheaton in earlier rounds. In the final he was pitted against 19 year old Jim Bailey of West Aurora who pinned him in 3:50.

Ed Beier lost 5-4 in the final to Lloyd Kellenberger of Elgin in a nip and tuck match which could have gone either way. Beier pinned Johnson of West Aurora, beat Finnessy of Crystal Lake 4-1, and nosed out Jerry Smith of Oswego by a referree's decision to gain the final round. Carlino, Bonn, and Beier will represent Arlington Heights in the state tournament.

* * *

AL ROSE one of Arlington's most outstanding wrestlers had an unlucky draw and lost to Willie Spates of Elgin 7-4 in the first round. Spates easily won the championship in the 165 pound class. Pat Harris of Arlington Heights won a third place by beating Bill Kontos of Oswego 3-2 in the consolation at 120 pounds. Harris beat Hadfield of Crystal Lake 6-3 and Rockness of Wheaton Academy 6-2 before losing to Kramer of Elgin 5-1 in the semi-finals.

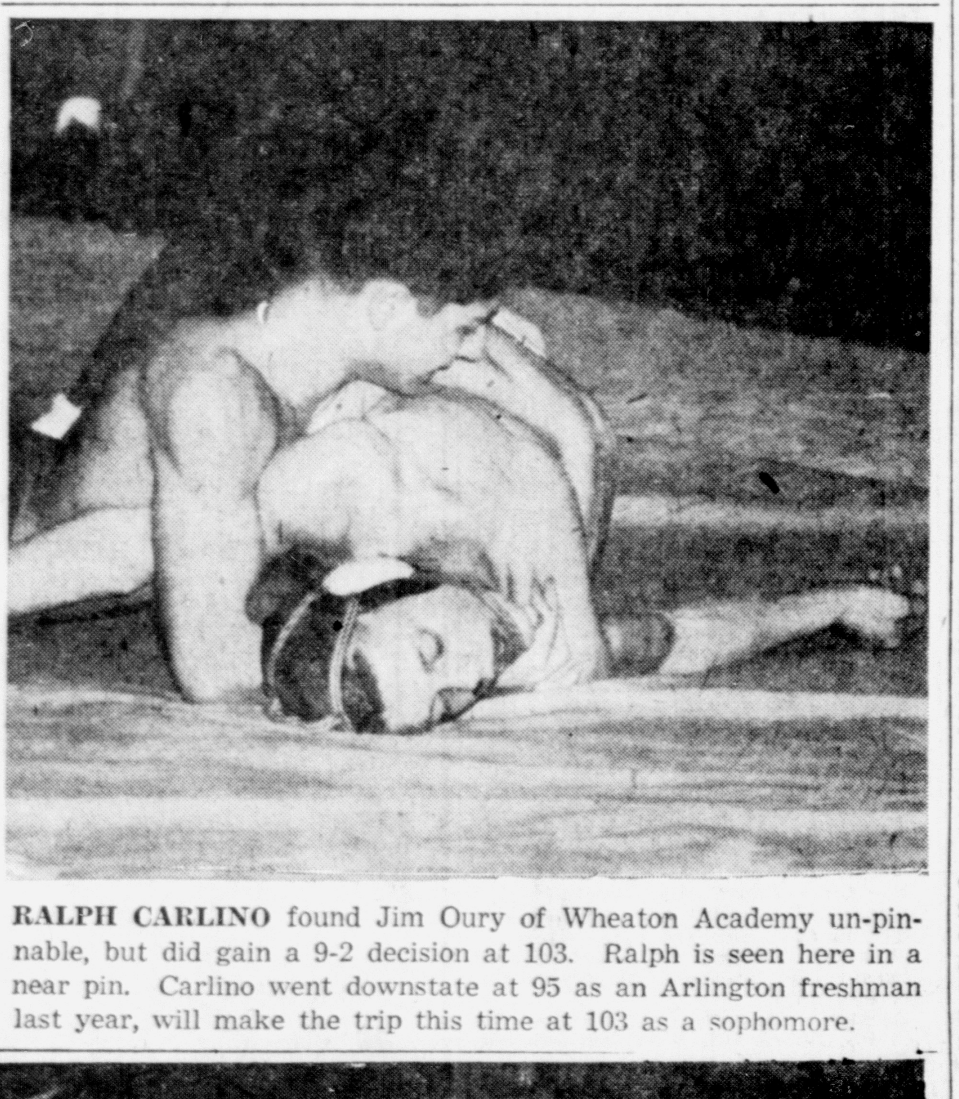
Elgin won four individual championships as Lloyd Kellenberger took the 133 point crown, Dean Winebrenner copped the 145, Jim Demmett won the 154, and Willie Spates survived the 165. Other Elgin qualifiers for the state meet were Fred Lugar at 175 and Don Kramer at 120. Elgin's well balanced team sent 10 boys through the first two rounds to the semi-finals.

* * *

ONLY DEFENDING state champion in the tournament was Alvin Wheeler of Oswego. Wheeler won the 103 division in the state meet but this year qualifies at 112. Wheeler beat Palatine's Dick Schollz 5-0 in the first round. He pinned Mosetich of York in 1:05 in the championship match. Oswego also had three thirds and two fourths for a fine record as smallest school entered in the tournament.

Commons of Crystal Lake who took third in the state at 154 last year lost in the first round of the 165 division to Lloyd Kuykendall of Wheaton. The latter lost in the semi-finals to John Exner of Downers when he suffered a neck injury and had to forfeit. He was taken to the hospital in an ambulance for obseration and x-rays.

Tournament spectator attendance was good with a total of over 1,100 paid admissions for the three sessions. Pictures of the individual winners and the Palatine and Arlington Heights state tournament qualifiers are to be found elsewhere in this edition of the Paddock papers.



RALPH CARLINO found Jim Oury of Wheaton Academy un-pinnable, but did gain a 9-2 decision at 103. Ralph is seen here in a near pin. Carlino went downstate at 95 as an Arlington freshman last year, will make the trip this time at 103 as a sophomore.

GERRY BONN, Arlington's freshman entry at 95, lost in the final round of the Palatine sectional. Champ was Jim Bailey of West Aurora in a pin at 3:50. Bonn previously beat Johnston of Wheaton, pinned Jim Hayes of Downers Grove, and edged Charles Allessi of York in a ref's decision. Gerry will compete in the state meet at Proviso this weekend. Grunts and Groans

J. E. Stutzman, Palatine athletic director, did a terrific job organizing and managing the wrestling sectional. It went off like clock work and many coaches commented on the smooth operation and minimum of wasted time between bouts. Besides the advance work Stutz was on the job constantly from noon Friday to 11 p.m. and Saturday from 7:30 a.m. until 10:30 p.m.

As soon as the tournament was over mimeographed summaries of every bout in the tournament with table of team points, a 13 page reiew of the tournament, were available for each coach to take home and for the press. Stutzman started this idea for the Palatine Relays. Experience handling details of the big 40-50 school track meet has fitted Palatine high and its athletic director and other personnel for running events involving large numbers of schools and participants. Next week Palatine is host to the regional basketball tournament starting Tuesday night.

* * *

PALATINE HIGH certainly appreciates the cooperation of Arlington Heights high and athletic director Wally Grace for the loan of extra mats so that three separate bouts could be run at the same time for the first 2 rounds of the tournament. James Demmitt of Elgin who won the 154 pound division was an all state guard in football last fall. Fans watching him wrestle could easily tell why he was that good.

Coach Dick Mudge had two very bad breaks come his way for Heights in shattering hopes of winning a tournament trophy. First Capt. Jack Ebert, who would undoubtedly have gone to the finals at 133 or 138 became ineligible; and then Al Rose, who had a 12-1 record for the season, was beaten in the first round at 165 through an unfortunate draw which paired him with Willie Spates, who seeded number 1 and eventually won the championship.

* * *

OUR IDEA of the best bets to go far in the state tournament barring a bad draw are Ralph Carlino of Arlington Heights at 103, Alvin Wheeler of Oswego at 112, Jim McCreery of Palatine at 120, Tom Pennington of York at 138, Willie Spates of Elgin at 165 and Leonard Rohde of Palatine, heavyweight.

The state tournament opens Friday afternoon with a blind draw for the bracketing in each weight class. First round losers will have a chance to wrestle each other and wrestle back to a chance at third place to compensate for top performers drawing each other in the opening round.

Cancer Killed 90 Persons In Northwest Area In 1954

CANCER KILLED 90 Persons lud

Cancer killed 90 persons in the major communities of the American Cancer society's northwest suburban chapter in 1954, Charles J. Walters, chapter chairman, announced this week in releasing a report on cancer mortality in Illinois.

The latest figures available revealed that cancer killed 27 persons in Arlington Heights, 26 in Des Plaines, and 37 in Park Ridge during that year.

* * *

IN 1954, cancer killed more than 7 times as many people in Illinois than did accidents on the state's streets and highways.

The American Cancer society reported 15,385 cancer deaths, while 2,047 traffic fatalities were counted by the National Safety council.

"The state is spending millions of dollars annually on new highways and traffic control. That amount is certainly justified, but by contrast, the $1,450,000 that residents of Illinois are being asked to contribute to cancer control in 1956, seems all the more important," declared Walters.

* * *

HE ADDED that 178 out of every 100,000 persons in the state died of cancer while 24 out of the same population died in accidents.

Since cancer usually strikes persons age 45 and over, the number of cancer fatilities each year is increasing, because more and more people live beyond the age of 45.

"The year 1956 promises to be one of the most decisive and interesting in the efforts to eradicate cancer. Engineers have solved our major traffic problems. So, too, will scientists eventually conquer cancer and bring its death rate into proportion with the automobile accident rate, but they need the funds to do it," concluded Walters. (B

Rabbit Pie With Burgundy

Young rabbits need only 1 to 1 hours of soaking in salt water to draw off the blood, but old cottontails are best soaked 12 to 18 hours to remove some of the gaminess which the oldster acquire.

Cut rabbit into serving pieces, dredge in flour, season with salt and pepper and brown quickly in butter in a skillet. Add 2/3 cup Burgundy wine, 3 tablespoons finely chopped onion and 1/8 teaspoon garlic salt and simmer 10 minutes.

Transfer contents of skillet to casserole, add 1 four-oz. can mushrooms (including liquid, ½ cup canned peas and ½ cup liquid from them, ½ cup diced carrots, ¼ dup diced celery and 1 pinch thyme. Then stir in 1 tablespoon flour which has been dissolved in 2 or 3 tablespoons cold water. Cover casserole and bake 1 hour in moderate oven (350 degrees). Remove cover, place baking powder biscuits on top and continue baking 15 minutes in hot oven (425 degrees).

Clinical Conference

A special entertainment program has been prepared for wives of physicians attending the 11th annual clincial conference of the Chicago medical society in the Palmer House, February 28 to March 2. The meeting will register about 4,000 physicians and 1,500 guests. (G

Hard To Sink

The U.S. navy had 50,000 wooden craft in its two-ocean fleet of World War II and it's been adding new wood vessels constantly since the war's end. As a matter of fact, sea-going ships have been built of wood for 4,000 years. A 3,800-year old 32 ft. boat of heavy cedar planks is one of the top attractions at the Chicago Museum of Natural History.

Cancer Killed 90 Persons In Northwest Area In 1954

CANCER KILLED 90 Persons lud Cancer killed 90 persons in the major communities of the American Cancer society's northwest suburban chapter in 1954, Charles J. Walters, chapter chairman, announced this week in releasing a report on cancer mortality in Illinois.

The latest figures available revealed that cancer killed 27 persons in Arlington Heights, 26 in Des Plaines, and 37 in Park Ridge during that year.

* * *

IN 1954, cancer killed more than 7 times as many people in Illinois than did accidents on the state's streets and highways.

The American Cancer society reported 15,385 cancer deaths, while 2,047 traffic fatalities were counted by the National Safety council.

"The state is spending millions of dollars annually on new highways and traffic control. That amount is certainly justified, but by contrast, the $1,450,000 that residents of Illinois are being asked to contribute to cancer control in 1956, seems all the more important," declared Walters.

* * *

HE ADDED that 178 out of every 100,000 persons in the state died of cancer while 24 out of the same population died in accidents.

Since cancer usually strikes persons age 45 and over, the number of cancer fatilities each year is increasing, because more and more people live beyond the age of 45.

"The year 1956 promises to be one of the most decisive and interesting in the efforts to eradicate cancer. Engineers have solved our major traffic problems. So, too, will scientists eventually conquer cancer and bring its death rate into proportion with the automobile accident rate, but they need the funds to do it," concluded Walters. (B

Rabbit Pie

With Burgundy

Young rabbits need only 1 to 1 hours of soaking in salt water to draw off the blood, but old cottontails are best soaked 12 to 18 hours to remove some of the gaminess which the oldster acquire.

Cut rabbit into serving pieces, dredge in flour, season with salt and pepper and brown quickly in butter in a skillet. Add 2/3 cup Burgundy wine, 3 tablespoons finely chopped onion and 1/8 teaspoon garlic salt and simmer 10 minutes.

Transfer contents of skillet to casserole, add 1 four-oz. can mushrooms (including liquid, ½ cup canned peas and ½ cup liquid from them, ½ cup diced carrots, ¼ dup diced celery and 1 pinch thyme. Then stir in 1 tablespoon flour which has been dissolved in 2 or 3 tablespoons cold water. Cover casserole and bake 1 hour in moderate oven (350 degrees). Remove cover, place baking powder biscuits on top and continue baking 15 minutes in hot oven (425 degrees).

Hard To Sink

The U.S. navy had 50,000 wooden craft in its two-ocean fleet of World War II and it's been adding new wood vessels constantly since the war's end. As a matter of fact, sea-going ships have been built of wood for 4,000 years. A 3,800-year old 32 ft. boat of heavy cedar planks is one of the top attractions at the Chicago Museum of Natural History.

NEEDLE in the GROOVE

by PAUL LITTLE

One of the best prefabricated tape albums we've heard since their inspection comes from Console Recording Studio, 1513 County Line Road, Rosemont, Pa. It's "Easy Listening Music" played by Bill Andrews at the Hammond organ, recorded on an Ampex at 7½ inches per second, dual track. Clarity and intimate, clean tone makes the music even more enjoyable. Andrews plays the best tunes from such great American musicals as "Student Prince," "Desert Song," "New Moon;" for example, from the last-named, you'll hear "One Kiss," "Stout-Hearted Men," "Wanting You," "Softly as in a Morning Sunrise." A host of your favorites, like "Louise," "Beyond the Blue Horizon," "Tea for Two," "She Didn't Say Yes," "As Time Goes By," "Time on My Hands," "Love Walked In" and "Paper Doll," make this album ideal for relaxed background listening. And it reminds us that popular composers wrote better songs in the old days!

Vox has two magnificent 12-inch albums that serve to acquaint us with an unfamiliar composer as well as with a less familiar phase of a composer most of us greatly admire. The former is the great Moravian master Leos Janacek, who died in 1928 and only now is being recognized as one of the most profound and original of composers. Jascha Horenstein, one of Europe's best conductors, directs the Pro Music Orchestra of Vienna in the dramatic, exciting symphonic poem "Taras Bulba" (dealing with an almost legendary Cossack hero of the 12th century) and the remarkable orchestral "Sinfonietta," which opens with a fanfare for nine trumpets at the edge of the stage and develops this theme into five movements of superbly appealing music. Reproduction as outstandingly good, capturing all the nuances of Janacek's rich orchestration.

The latter is a recital of songs by Richard Strauss, known to us for his tone poems and operas. These reveal some of his most beautiful and probing music, and are magnificently sung by the young American bass-baritone Norman Foster, whose recent Vox disc of Mahler songs showed his great artistry. Excellent piano accompaniment by H. Schmidt, with very fine reproduction that balances voice and piano flawlessly. We rate this as one of the finest vocal recordings we have ever heard!

String Quartet

The internationally renowned Budapest string quartet will present a chamber music concert featuring works by 18th and 19th century composers at 8:15 p.m. Tuesday, Feb. 28, in Lutkin hall of Northwestern university, Evanston.

Concert tickets, which are $2, may be obtained from the concert manager, Northwestern music school, Evanston, or at Lutkin hall on the evening of the performance.

Aquacade

A giant aquacade starring some of swimming's greatest names will be staged February 24 and 25 at the Town Club pool with proceeds to go to the United States Olympic team fund.

All types of swimming, in addition to diving, water ballet, comedy divers and swimmers and water safety demonstrations will be included. The University of Illinois Navy Pier branch gym team will also give a trampoline and gymnastics exhibition.

Individual stars will include Adolph Kiefer, 1936 Olympic 100 meter backstroke champion; Wally Ris, 1948 100 meter Olympic freestyle champion; Miss LeVine, four times national 100 meter freestyle champion and a member of the 1948 and 1952 Olympic teams; and Jody Alderson, holder of the women's 100-yard freestyle world record and a member of the 1952 team, with many others still to be announced. Business Rise Leveling Off

Although business is continuing at a record pace, the Federal Reserve Bank of Chicago reports in its monthly review, "Business Conditions," the rate of growth has leveled off markedly in recent months.

By year end, slackening consumer outlays for two major items — new homes and autos — were helping to slow the pickup. Earlier, the nation's business was prevented from climbing at a steeper rate because the economy was bumping against capacity ceilings. In fact, shortages of both men and materials continue to limit output in some lines.

* * *

HOUSING STARTS for the U.S. in November and December had declined 12 per cent from the record levels chalked up earlier in 1955. New car deliveries, too, dropped sharply from the torrid pace set last spring. During the holiday weeks, car sales barely equaled the year-ago rate. Auto producers apparently counted on a more enthusiastic reception for their new models.

Nevertheless, over-all business should still surpass 1955 during the current year. Bulging order books of equipment producers and continued gains in contract awards for non-residential construction bolster the outlook for good business in the months ahead. Federal spending sights for the fiscal year beginning next July have been raised by 1.6 billion dollars, partly as a result of an expanded missile program. State and local governments, also, probably can be counted on for another moderate rise in outlays despite some slowdown of toll road projects.

* * *

THUS, THE BIG question which remains is whether consumers will continue to buy at a record pace in 1956. Although a decline in auto sales is expected almost universally, a similar degree of certainty does not hold true for other retail lines. Spokesmen for the appliance and furniture industries, for example, see further gains this year. Television makers look for some decline in output of black and white sets though a pickup in color TV sales may offset this development.

Along the price front, upward pressure on industrial goods appears to be easing. Shortages of men and materials initially caused a wave of increases in nonfarm items. Industrial price tags advanced 3 per cent in the July-October period. But since November, only a slight additional gain has been recorded. (DL

JENNIFER JONES plays a typical American school teacher whose long, purposeful career is recounted in "Good Morning, Miss Dove." The CinemaScope and technicolor film co-stars Robert Stack and Biff Elliott and starts Sunday at the Catlow Theatre as a first-run feature.

Library For Religious Pamphlets Replaces Jail In The Vatican

by BILL DILLINGHAM

The Vatican jail is not closed due to a lack of clientele.

Because of a special treaty with the Italian police, offenders in the Vatican shall be "extradited" and tried by the Rome authorities.

During the years that the Vatican jail remained open for business, only four people have been imprisoned. (This possibly represents the lowest crime rate in the world!).

* * *

THE FIRST prisoner was a well-dressed man of the upper classes who was caught with his hand inside a donation box at St. Peter's Cathedral. An elderly lady summoned guards when she saw him prying open a box just a few minutes after she had made a generous contribution.

The second delinquent was a Swedish woman. Doctors later said that she had been caught in the magnificence of the cathedral and had a temporary attack of insanity. She aroused the attention of the police when she made an unsuccessful attempt to kill one of the Vatican's higher religious authorities.

* * *

THIRD GUEST of the Vatican jail was the victim of a judicial error. Although completely innocent of the particular crime he was arrested for, he remained in jail until another error brought the truth to light and he was released. When Vatican employees explain this case, they add with an eye-wink that no "error" was involved in discovering the fellow's innocence, but instead the simple workings of the Lord.

The fourth prisoner was a man who started a fight with one of the guards inside the Cathedral. Friction was created when the man was observed to be acting too familiarly with his lady companion. A guard intervened to remind him that he was in a very sacred building. Words led to blows and although romance usually triumphs in Italy, the man landed in jail.

* * *

FOR MANY years the Vatican officials have been trying to abolish their tiny jail. But such a move required an agreement with the Rome police in order to have a substitute prison. Many people considered it a stigma on the name of the Vatican to have any kind of a jail at all.

Now, however, workmen have completed cutting out the bars and, with very little chance for an upsurge in delinquency expected, religious pamphlets and candles will occupy the space that formerly confined the Vatican's only four known criminals.

NEEDLE in the GROOVE

by PAUL LITTLE

One of the best prefabricated tape albums we've heard since their inspection comes from Console Recording Studio, 1513 County Line Road, Rosemont, Pa. It's "Easy Listening Music" played by Bill Andrews at the Hammond organ, recorded on an Ampex at 7½ inches per second, dual track. Clarity and intimate, clean tone makes the music even more enjoyable. Andrews plays the best tunes from such great American musicals as "Student Prince," "Desert Song," "New Moon;" for example, from the last-named, you'll hear "One Kiss," "Stout-Hearted Men," "Wanting You," "Softly as in a Morning Sunrise." A host of your favorites, like "Louise," "Beyond the Blue Horizon," "Tea for Two," "She Didn't Say Yes," "As Time Goes By," "Time on My Hands," "Love Walked In" and "Paper Doll," make this album ideal for relaxed background listening. And it reminds us that popular composers wrote better songs in the old days!

Vox has two magnificent 12-inch albums that serve to acquaint us with an unfamiliar composer as well as with a less familiar phase of a composer most of us greatly admire. The former is the great Moravian master Leos Janacek, who died in 1928 and only now is being recognized as one of the most profound and original of composers. Jascha Horenstein, one of Europe's best conductors, directs the Pro Music Orchestra of Vienna in the dramatic, exciting symphonic poem "Taras Bulba" (dealing with an almost legendary Cossack hero of the 12th century) and the remarkable orchestral "Sinfonietta," which opens with a fanfare for nine trumpets at the edge of the stage and develops this theme into five movements of superbly appealing music. Reproduction as outstandingly good, capturing all the nuances of Janacek's rich orchestration.

The latter is a recital of songs by Richard Strauss, known to us for his tone poems and operas. These reveal some of his most beautiful and probing music, and are magnificently sung by the young American bass-baritone Norman Foster, whose recent Vox disc of Mahler songs showed his great artistry. Excellent piano accompaniment by H. Schmidt, with very fine reproduction that balances voice and piano flawlessly. We rate this as one of the finest vocal recordings we have ever heard!

String Quartet

The internationally renowned Budapest string quartet will present a chamber music concert featuring works by 18th and 19th century composers at 8:15 p.m. Tuesday, Feb. 28, in Lutkin hall of Northwestern university, Evanston.

Concert tickets, which are $2, may be obtained from the concert manager, Northwestern music school, Evanston, or at Lutkin hall on the evening of the performance.

Business Rise Leveling Off

Although business is continuing at a record pace, the Federal Reserve Bank of Chicago reports in its monthly review, "Business Conditions," the rate of growth has leveled off markedly in recent months.

By year end, slackening consumer outlays for two major items — new homes and autos — were helping to slow the pickup. Earlier, the nation's business was prevented from climbing at a steeper rate because the economy was bumping against capacity ceilings. In fact, shortages of both men and materials continue to limit output in some lines.

* * *

HOUSING STARTS for the U.S. in November and December had declined 12 per cent from the record levels chalked up earlier in 1955. New car deliveries, too, dropped sharply from the torrid pace set last spring. During the holiday weeks, car sales barely equaled the year-ago rate. Auto producers apparently counted on a more enthusiastic reception for their new models.

Nevertheless, over-all business should still surpass 1955 during the current year. Bulging order books of equipment producers and continued gains in contract awards for non-residential construction bolster the outlook for good business in the months ahead. Federal spending sights for the fiscal year beginning next July have been raised by 1.6 billion dollars, partly as a result of an expanded missile program. State and local governments, also, probably can be counted on for another moderate rise in outlays despite some slowdown of toll road projects.

* * *

THUS, THE BIG question which remains is whether consumers will continue to buy at a record pace in 1956. Although a decline in auto sales is expected almost universally, a similar degree of certainty does not hold true for other retail lines. Spokesmen for the appliance and furniture industries, for example, see further gains this year. Television makers look for some decline in output of black and white sets though a pickup in color TV sales may offset this development.

Along the price front, upward pressure on industrial goods appears to be easing. Shortages of men and materials initially caused a wave of increases in nonfarm items. Industrial price tags advanced 3 per cent in the July-October period. But since November, only a slight additional gain has been recorded. (DL

Library For Religious Pamphlets Replaces Jail In The Vatican

by BILL DILLINGHAM

The Vatican jail is not closed due to a lack of clientele.

Because of a special treaty with the Italian police, offenders in the Vatican shall be "extradited" and tried by the Rome authorities.

During the years that the Vatican jail remained open for business, only four people have been imprisoned. (This possibly represents the lowest crime rate in the world!).

* * *

THE FIRST prisoner was a well-dressed man of the upper classes who was caught with his hand inside a donation box at St. Peter's Cathedral. An elderly lady summoned guards when she saw him prying open a box just a few minutes after she had made a generous contribution.

The second delinquent was a Swedish woman. Doctors later said that she had been caught in the magnificence of the cathedral and had a temporary attack of insanity. Richard P. Glaser, son of Mr. and Mrs. Gust Glaser of Fieldale Farm, Palatine, has become part of the largest enrollment in the 16-year history of Mexico City college, the only institution of higher learning in Latin America offering an American-type degree. Eleven hundred students from 47 of the United States and six other nations are enrolled in this winter quarter.

The southward migration to Mexiço is part of an increasingly popular desire of American students to study abroad. Probably the most important attitude either gained or strengthened by a student's attending school in Mexico is that of realizing his own national heritage and appreciating the customs and way of life of his foreign neighbors.

Glaser is studying for the same degree he could receive at home. Mexico City college offers the American B.A., B.F.A., M.A., and M.F.A. degrees. Ninety-five per cent of the classes are taught in English.

Glaser graduated from Dundee community high school, received his BS. degree from Northwestern in Evanston and served in the army before coming to Mexico City college. At MCC he is gaining an idiomatic mastery of Spanish and becoming familiar with Latin American customs and culture. (CC

By JOHN W. DAMISCH

When Asa Dunton, the Klehm families, and the Busse families first settled in the Northwest Area in 1830s and 1840s, they had many problems of schools, churches, medical services, protection from Indians, roads, and taxes. Today with new settlers still pouring into this fine community these problems have not been completely solved.

With the completion of the Northwest Expressway in 1958 the Northwest area will grow at a more fantastic rate than in the past. With this growth will come acute growing pains with the same problems facing our early settlers — schools, police protection, sewage, parking, fire, hospital, and related community problems.

As your YOUNG REPUBLICAN State Representative from the new 6th District I will work with the local, village, township and school officials to help solve these problems. I shall fight for a fair share of our State tax money for our schools.

Backed by Regular, Women's and Young Republican organizations who have imposed their trust in me, I shall FIGHT for what is right and proper for our district. In the years to come I hope to gain seniority in the State legislature that will give the Northwest suburban area vigorous representation. I will not be a CASPER MILQUETOAST!

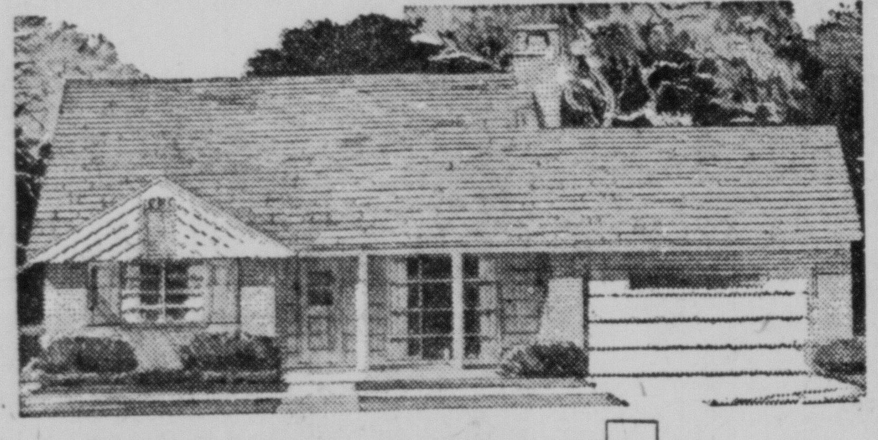
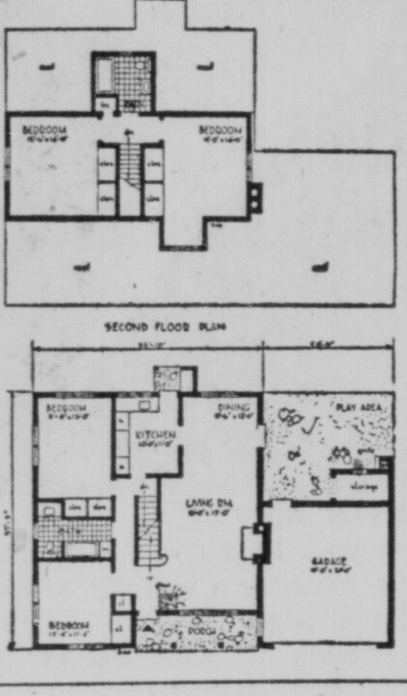
New Ideas In Homes





Traditional design, as shown in this house from the pages of SMALL HOMES GUIDE magazine, is still much in demand. Architect Paul T. Haagen has planned an adequate two-bedroom home, then has given a high pitch to the gable roof, making possible two more bedrooms and a bath upstairs. A front dormer can be added (shown on floor plan but not on elevation) to give extra light to the smaller upstairs bedroom if desired. The attached garage forms a sheltered play yard.

First floor area of this home is 1,349 sq. ft. Information on blueprints and their cost can be obtained by writing to the magazine, SMALL HOMES GUIDE, Dept. 1682, 621 N. Dearborn Street, Chicago 10, Ill.

IN THE SHADOW OF THE STEEPLE

The Church Is Like A Fumbling Army!

by WILLIAM MCGILL

One of the best-loved, most widely-sung hymns is "Onward, Christian Soldiers."

Few there are who cannot chant the chorus lustily.

Most people know at least the first verse, and nearly everyone recognizes the lines of the second verse, "Like a mighty army moves the Church of God; Brothers, we are treading where the saints have trod; We are not divided, all one body we, One in hope and doctrine, one in charity."

*

I NEVER saw a mighty army move, but I have the impression that it moves with more precision and planning than is usually characteristic of the amoeba-like gestures of the church in the world. An army is presumed to have a destination and to move toward it.

In theory, at least, the generals of a mighty army do not engage in side battles with each other, nor do they spend all of their time on dress parade avoiding actual contact with the enemy.

Yet it appears to be the case quite often that churches are more interested in deprecating other churches than they are in winning the battle for human redemption. Churches often appear to be more interested in parading the statistics of membership (on the rolls) and dollars collected than in making a frontal attack on the human problems of sin and fear.

* * *

THERE is not always agreement on the objective of this "mighty army," the church. Some see it almost entirely as a temperance society; some as a haven of spiritual satisfaction for the sanctification of "middle-class" morality; some regard the church as an "escape" from the social conflicts and a release from the obligation to seek justice in the world.

What do you think when you sing, "Onward, Christian Soldiers"? Do you visualize an army of the redeemed, thanking God that they have been called to make His will and way known among men? Hymns are not like popular songs: the words are supposed to be the most meaningful part of the singing experience.

Or maybe, if you have studied history carefully, you will think, "How often have mighty armies moved like the church — fumbling, erratic, mis-managed — and yet have won victories in spite of themselves and their generals."

To Poll On How Many TVs Are Working

Up-to-date national figures on the number of television sets in households will be provided through supplementary questions to be asked in the February current population survey, according to supervisor Guy A. Lutz of the census bureau's district office at Chicago, which will participate in the survey.

The survey will furnish information on the number of households which have television sets and also the total number of sets in households. Television sets in commercial establishments will not be counted. Statistics will be published for the nation, for urban and rural areas and by size of city.

Similar questions asked in connection with the June 1955 current population survey revealed that two-thirds of the 48 million U.S. households had television sets compared to about one in eight households in 1950.

Mt. Prospect, Arlington Lead In Building

Mt. Prospect ranked fourth and Arington Heights eighth in home building among 105 suburban towns for the month of January.

These figures were released this week in the survey of new building made by the Bell Savings and Loan association of Chicago.

Mt. Prospect had 68 home starts with a valuation of $1,045,920 and an average valuation and Arlington Heights 45 starts with a valuation of $847,400 and an average valuation of $18,831.

* * *

BUILDING OF ALL types in Arlington totaled $856,061 and $1,441,913 for Mt. Prospect. For other area communities the figures were: Des Plaines, $1,101,400; Palatine, $365,500; Park Ridge, $910,363, and Bensenville, $185,521.

In the county, all building totaled $73,521,218, a gain of more than $29 million over January, 1954, previous largest January. The report stated that in the month there were nearly 5 times as many families who chose the towns and country for their homes as preferred the city. (ACM

New Elk Grove Farm Area To Be Subdivided

Reports that a subdivider is soon to gobble up hundreds of acres in Elk Grove township farmland are circulating in the area these days.

The reports are following reports of purchases of large acreages in the area approximately 5 miles south of Arlington Heights, bounded by Arlington Heights and Tonne rds. on the west and east and Landmeier rd. and Devon ave. on the north and south. The area is more than a mile square.

Several farmers who have been dickering for the sale of their lands said that "nearly all" of the land within those bounds had been sold or optioned out. One farm auction has already been held and at least one more will be held in the next month.

Purchaser of the land is said to be a Des Plaines real estate operator, Ben F. Eidamuller. None of the farmers questioned knew the identity of the subdivider mentioned to them.

However one informant disclosed that "it's somebody from outside this area."

The area has been virtually all farmland until recently, with the exception of some 5-acre homesites on Devon. The Branigar organization has platted more than 100 ½-acre homesites on Landmeier rd. and a number have been sold and one home erected. Branigar has laid out 3 streets on its 80 acres.

Western observers are puzzled by the fact that nothing has been heard of East German Airlines since the ceremonial departure for Moscow of its first flight on September 16, 1955.

The airline is said to be equipped with a single Russian Il-14. It is reported that the "fleet is at present stored in a hanger at Schonefeld, East Berlin. (G

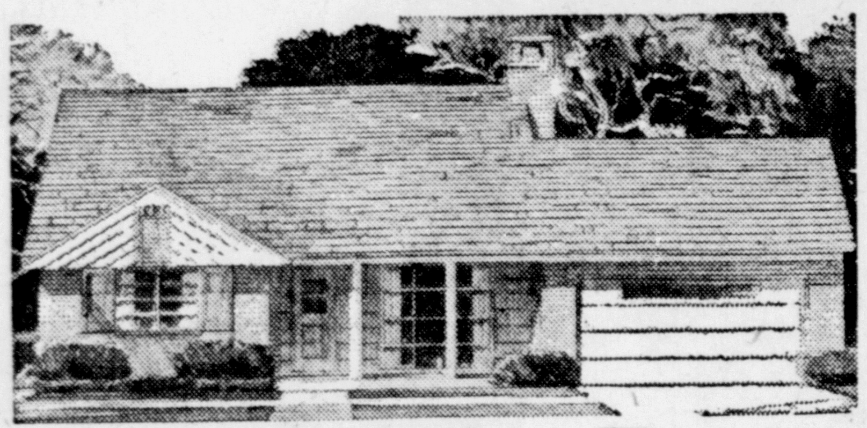
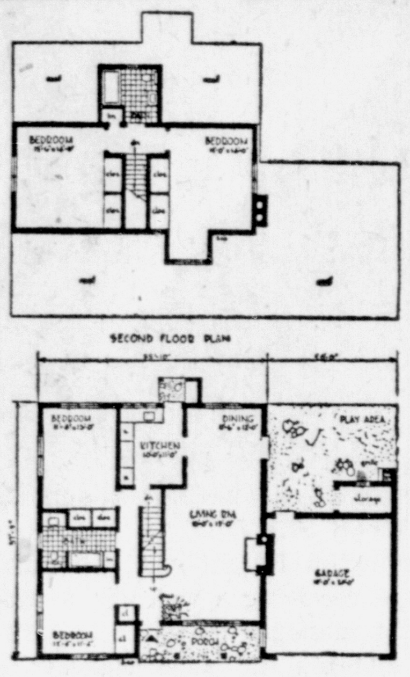
New Ideas In Homes





Traditional design, as shown in this house from the pages of SMALL HOMES GUIDE magazine, is still much in demand. Architect Paul T. Haagen has planned an adequate two-bedroom home, then has given a high pitch to the gable roof, making possible two more bedrooms and a bath upstairs. A front dormer can be added (shown on floor plan but not on elevation) to give extra light to the smaller upstairs bedroom if desired. The attached garage forms a sheltered play yard.

First floor area of this home is 1,349 sq. ft. Information on blueprints and their cost can be obtained by writing to the magazine, SMALL HOMES GUIDE, Dept. 1682, 621 N. Dearborn Street, Chicago 10, Ill.

IN THE SHADOW OF THE STEEPLE

The Church Is Like A Fumbling Army!

by WILLIAM MCGILL

One of the best-loved, most widely-sung hymns is "Onward, Christian Soldiers."

Few there are who cannot chant the chorus lustily.

Most people know at least the first verse, and nearly everyone recognizes the lines of the second verse, "Like a mighty army moves the Church of God; Brothers, we are treading where the saints have trod; We are not divided, all one body we, One in hope and doctrine, one in charity."

*

I NEVER saw a mighty army move, but I have the impression that it moves with more precision and planning than is usually characteristic of the amoeba-like gestures of the church in the world. An army is presumed to have a destination and to move toward it.

In theory, at least, the generals of a mighty army do not engage in side battles with each other, nor do they spend all of their time on dress parade avoiding actual contact with the enemy.

Yet it appears to be the case quite often that churches are more interested in deprecating other churches than they are in winning the battle for human redemption. Churches often appear to be more interested in parading the statistics of membership (on the rolls) and dollars collected than in making a frontal attack on the human problems of sin and fear.

* * *

THERE is not always agreement on the objective of this "mighty army," the church. Some see it almost entirely as a temperance society; some as a haven of spiritual satisfaction for the sanctification of "middle-class" morality; some regard the church as an "escape" from the social conflicts and a release from the obligation to seek justice in the world.

What do you think when you sing, "Onward, Christian Soldiers"? Do you visualize an army of the redeemed, thanking God that they have been called to make His will and way known among men? Hymns are not like popular songs: the words are supposed to be the most meaningful part of the singing experience.

Or maybe, if you have studied history carefully, you will think, "How often have mighty armies moved like the church — fumbling, erratic, mis-managed — and yet have won victories in spite of themselves and their generals."

To Poll On How Many TVs Are Working

Up-to-date national figures on the number of television sets in households will be provided through supplementary questions to be asked in the February current population survey, according to supervisor Guy A. Lutz of the census bureau's district office at Chicago, which will participate in the survey.

The survey will furnish information on the number of households which have television sets and also the total number of sets in households. Television sets in commercial establishments will not be counted. Statistics will be published for the nation, for urban and rural areas and by size of city.

Similar questions asked in connection with the June 1955 current population survey revealed that two-thirds of the 48 million U.S. households had television sets compared to about one in eight households in 1950.

Mt. Prospect, Arlington Lead In Building

Mt. Prospect ranked fourth and Arington Heights eighth in home building among 105 suburban towns for the month of January.

These figures were released this week in the survey of new building made by the Bell Savings and Loan association of Chicago.

Mt. Prospect had 68 home starts with a valuation of $1,045,920 and an average valuation and Arlington Heights 45 starts with a valuation of $847,400 and an average valuation of $18,831.

* * *

BUILDING OF ALL types in Arlington totaled $856,061 and $1,441,913 for Mt. Prospect. For other area communities the figures were: Des Plaines, $1,101,400; Palatine, $365,500; Park Ridge, $910,363, and Bensenville, $185,521.

In the county, all building totaled $73,521,218, a gain of more than $29 million over January, 1954, previous largest January. The report stated that in the month there were nearly 5 times as many families who chose the towns and country for their homes as preferred the city. (ACM

New Elk Grove Farm Area To Be Subdivided

Reports that a subdivider is soon to gobble up hundreds of acres in Elk Grove township farmland are circulating in the area these days.

The reports are following reports of purchases of large acreages in the area approximately 5 miles south of Arlington Heights, bounded by Arlington Heights and Tonne rds. on the west and east and Landmeier rd. and Devon ave. on the north and south. The area is more than a mile square.

Several farmers who have been dickering for the sale of their lands said that "nearly all" of the land within those bounds had been sold or optioned out. One farm auction has already been held and at least one more will be held in the next month.

Purchaser of the land is said to be a Des Plaines real estate operator, Ben F. Eidamuller. None of the farmers questioned knew the identity of the subdivider mentioned to them.

However one informant disclosed that "it's somebody from outside this area."

The area has been virtually all farmland until recently, with the exception of some 5-acre homesites on Devon. The Branigar organization has platted more than 100 ½-acre homesites on Landmeier rd. and a number have been sold and one home erected. Branigar has laid out 3 streets on its 80 acres.

World's Least Experienced Airline

Western observers are puzzled by the fact that nothing has been heard of East German Airlines since the ceremonial departure for Moscow of its first flight on September 16, 1955.

The airline is said to be equipped with a single Russian Il-14. It is reported that the "fleet is at present stored in a hanger at Schonefeld, East Berlin. (G

New Position

Enterprise Heat and Power Co. of Chicago has announced the appointment of Ralph Cowern, 13 Kenilworth Ave., Prospect Heights, as head of their new Gas Conversion division.

Mr. Cowern, who has been associated with Enterprise for a number of years, will supervise the conversion of commercial and industrial boilers to combination oil-gas and gas-coal so that Chicagoland firms can use gas during the "off-peak," and then switch to oil or coal.

As a result of the new Illinois Commerce commission ruling which lifts the freeze order on Peoples Gas Light and Coke rate 5 Mr. Cowern announced that his department is now offering a free engineering survey to any firm in this area which may be contemplating converting their boilers in order to effect fuel savings under the new ICC ruling. 30 Years Service

Ben Groth, beneral foreman-maintenance, is the first American Airlines employee in Chicago to receive a triple-diamond service pin for completing three decades of continuous service.

Groth, who lives at 836 South 8th ave., La Grange, became interested in mechanics in his hometown of St. Louis. During World War I, he enlisted, at the age of 17, and advanced to the rank of chief mechanic when he was discharged, four years later. He had been attached to battery A, 128th field artillery, where he repaired and overhauled artillery guns and cannons.

His mechanical abilities attracted him to Hudson Motor corporation. He recalls that on Saturday, February 4, 1926, he was working on an automobile engine for Frank Robertson, one of the owners of Hudson Motors. He diagnosed the car ailment quickly and repaired it so rapidly that Robertson asked him if he would give up automtive engines and try aircraft engines. Robertson pointed out that an engine's an engine, and suggested he try it for six months. He was told if he didn't like it he could always come back to the auto engines. The following Monday, Groth was initiated into the aviation industry, and 18 months later, got his A&E license.

Since that time, Groth has worked on all kinds of aircraft engines, ranging from the water cooled to the air cooled types. He knows the workings of Liberty powered De Havilland, the Curtis 3x5 Standard, Waco, Pilgrim, and the Douglas aircrafts from the DC-2, 3, 4, 6A, 6B, to the 7, and the Convairs.

He shares his hobbies of hunting and fishing with his wife and daughter, Bernice. His other daughter, Mrs. Stanley Noonan, lives with her husband and two daughters, Joy Ann, 12, and Susie, 4, in Arlington Heights. (BB

As a chairman of this group, Ayres will be chairman of a committee that will carry the Red Cross fund appeal to all motor transportation firms and employees, Poole stated.

Ayers has assisted in several previous Red Cross fund campaigns. He is a member of the Cartage Exchange club of Chicago, the Union League club, and the Chicago Transportation club. He is married and the father of two daughters.

New Orleans 'Ain't' What It Used To Be, Sighs Harold Ricklefs

Harold Ricklefs of the advertising department of Paddock Publications is enjoying a winter vacation in the Southland. He writes that he has found New Orleans "isn't what it used to be."

"De Funiak Springs, Fla. We did not see these springs with the funny name, but the heavens broke loose last night with a tropical storm. The deluge lasted quite a while and I expected we would have to swim out this a.m. However, the Italian restaurant owner proved correct. He told us at supper time that the sandy soil here would absorb all the moisture.

* * *

"**THE ROADS** are full of winter dodgers from almost every state in the union, even from California. We caught up with spring, finding violets growing wild near Brookhaven, Miss. Then suddenly in New Orleans, Biloxi, all the way here, it is summer. Temperatures in the upper seventies. The sunny south has its cloudy skies and the Mardi Gras in New Orleans was wet in more ways than one, but it didn't dampen he spirits of the carnival celebrants.

"Revisiting New Orleans was somewhat of a disappointment. I should have been content with my memories. Modern buildings have been thrust into the Vieux Carre and the hawkers have made Royal street a glorified Maxwell st. St. Louis cathedral is as beautiful as ever and old General Jackson keeps saluting my former domicile in the one Pontalbo building at 520 St. Peter st. But the French market coffee shop was too busy to serve us and that left a bad taste." (B10

As times change, so does our way of life, even our mode of dressing . . . it used to be that a man would wear a suit from the moment he got up until he went to bed . . . nowadays, most men have more time for leisure than they did heretofore . . . more time to spend at the club, to putter around the house, or to go out visiting of an evening . . . instead of wearing a suit for these functions, he wears a sport coat and a pair of slacks — the official garb of the suburbanite.

Now when it comes to sport coats and slacks, we think we have the nicest selection in town . . . and foremost in our stock is EAGLE . . . the vibrant spring colors, the smart styling, the quality fabrics, the assurance of long wear, and the very moderate price are all yours, when you wear an EAGLE ensemble but enough of my praises . . . next time you are in the neighborhood, stop in and see for yourself.

Use Phones To Operate Largest Wing-Building Machine Tool

One of the 30,000 tools used in the manufacture of a giant new four piston-engined airliner is so big that production line employees using it have to communicate by telephone; yet its own manufacture was so precise that watchmaker's tools were used.

Looking like a huge bridge structure, the tool is called a jig, and is used to build complete one-piece aircraft wings. It cost $100,000, and thirteen other precision tools which are needed to make it a complete unit, cost another $750,000.

Wings produced on the device measure 150 feet from tip to tip and have a total area of 1,850 square feet—bigger than the floor space of most homes. Despite the mammoth size of the tool, workmen can detect and correct a thousandth-of-an-inch variation in the basic structure itself or in the wing in manufacture. For example, minute expansion or contraction of different metals, caused by temperature changes, such as occur between morning and afternoon, can be detected and compensated for.

The one-piece wing is built in a vertical position, then separated and fastened in the normal horizontal attitude to an interconnecting section of the fuselage. Before development of the new tool, wings were manufactured in six separate, time consuming and expensive operations. The new manufacturing method makes a much stronger wing. (G

hi, fellow suburbanites . . .
FRANK GAEBEL
again, at
Milwaukee & Cicero

As times change, so does our way of life, even our mode of dressing . . . it used to be that a man would wear a suit from the moment he got up until he went to bed . . . nowadays, most men have more time for leisure than they did heretofore . . . more time to spend at the club, to putter around the house, or to go out visiting of an evening . . . instead of wearing a suit for these functions, he wears a sport coat and a pair of slacks — the official garb of the suburbanite.

Now when it comes to sport coats and slacks, we think we have the nicest selection in town . . . and foremost in our stock is EAGLE . . . the vibrant spring colors, the smart styling, the quality fabrics, the assurance of long wear, and the very moderate price are all yours, when you wear an EAGLE ensemble but enough of my praises . . . next time you are in the neighborhood, stop in and see for yourself.

Use Phones To Operate Largest Wing-Building Machine Tool

One of the 30,000 tools used in the manufacture of a giant new four piston-engined airliner is so big that production line employees using it have to communicate by telephone; yet its own manufacture was so precise that watchmaker's tools were used.

Looking like a huge bridge structure, the tool is called a jig, and is used to build complete one-piece aircraft wings. It cost $100,000, and thirteen other precision tools which are needed to make it a complete unit, cost another $750,000.

Wings produced on the device measure 150 feet from tip to tip and have a total area of 1,850 square feet—bigger than the floor space of most homes. Despite the mammoth size of the tool, workmen can detect and correct a thousandth-of-an-inch variation in the basic structure itself or in the wing in manufacture. For example, minute expansion or contraction of different metals, caused by temperature changes, such as occur between morning and afternoon, can be detected and compensated for.

The one-piece wing is built in a vertical position, then separated and fastened in the normal horizontal attitude to an interconnecting section of the fuselage. Before development of the new tool, wings were manufactured in six separate, time consuming and expensive operations. The new manufacturing method makes a much stronger wing. (G

They say there will be a little healthy political excitement at the Wheeling Town Election, this spring. All the candidates are capable and worthy. Results will depend on who musters the most friends at the polls. The Herald will remain strictly neutral. Any candidate can secure all the advertising he pays for. All articles must be vouched for by some responsible party, but we will not allow any mud slinging from anybody. Set forth your virtues and show by sensible logic, why you should have the office.

Shoes for all classes: I have just received a large assortment of Shoes direct from the factory for both rich and poor; for boys and girls, youths and misses; for men and women. I selected my lines with care to suit all occasions. There are shoes for the street, for the ball room, for full dress and for outing. They are the best money can buy, and we sell them at prices to fit the pocketbook of our customers. Inspection invited. The Right Place, Peter Hartmann's Shoe Store, Arlington Heights.

Mt. Prospect should organize an improvement association and boom this delightful burg.

Mr. George Skinner, who built two fine houses for Dr. Gibbs and banker Heise, at Palatine and gave entire satisfaction the past season has the contract to build a $6,000 mansion for Banker Castle on Dunton st. opposite Dr. Best's old place, on the corner between J. It is to be the Old Colonial style of architecture, 32½x35½ ft. basement and first story will be of hollow concrete blocks made at Des Plaines) and the second story will be shingied. They all like the location of Arlington Heights, her railroad, church and school advantages and will establish good permanent homes here if the citizens will show harmony and progressive spirit. Let's not allow another setback to keep our town behind her neighbors.

Herman W. Freise, a wealthy farmer and cashier of the Schaumburg Farmers bank, says he got his property on Campbell street with the idea of building a fine home here for his family, but he will not do it until the Heights (?) will gladly pay his share of the special assessment for the asphaltic-concrete street paving.

Henry Fasse, a wealthy retired farmer of Schaumburg Center, says if Arlington Heights adopts progressive ideas and goes ahead with her asphaltic-concrete street paving proposition, he wants to buy a choice north side property and make the Heights his permanent home.

If anyone doubts whether Arlington Heights needs her streets improved, let them take a trip over them today in any kind of vehicle. Deep sticky mud is hard on horses, rigs, automobiles and the patience of the driver. What would a stranger think of our town if he should visit it now? No crushed stone or gravel roads will stand such weather and traffic conditions as we have. It will cost more to maintain such roads ten years than it would to build permanent asphalt concrete roads that will stand against everything 100 years.

We hear so many varying opinions on the township high school question that we don't know which way the matter stands. Even the lawyers are puzzled over the supreme court decision. My, won't the farmers howl if they have to pay heavy taxes for both Arlington Heights and Mt. Prospect schools. We couldn't blame them if they would retaliate by voting both towns dry. They don't get any benefit from the license money, but help pay it. The villages get a large share of their living from the farmers. The streets in wet towns are worse than in dry towns.

You might be able to wear out any other kind of shoes in this length of time but not the shoes you have stolen. I believe if you keep ten pair and return the other 38 that you will be amply supplied with foot wear for the rest of your natural life and please return the other 38 pair of shoes because we have other customers just as anxious as you to get shoes who are willing to pay for them. The demand for farms in the vicinity of Arlington Heights was never greater than at the present time. The ultimate use to which they will be put is problematical but prices from $500 up are not unusual for places that are upon cement roads.

Herman Kehe has sold his 78 acre farm northwest of Arlington Heights to a Chicago purchaser who is likewise negotiating with Mr. Kehe's neighbor, Henry Niebuhr for his 80 acres. Along Center road, Emil Curtis has sold 70 acres and Louis Roehler is reported to have sold his 100 acre farm. At Mt. Prospect, Arthur Gieseke has purchased the William Ehlert farm of 80 acres. Lot stakes are being placed in the Russel farm and likewise in the former Henry Engelking farm.

There is also a demand for farms in Schaumburg township when those farms are assured a paved road. This week Mr. Quindel sold two farms, one occupied by Alfred Friese and the other formerly occupied by Otto Mess, for a total price of $81,000. The first farm brought $300 an acre; the second without buildings $250 an acre. The proposed pavement of Plum Grove avenue, south through Palatine and Schaumburg townships influenced the price secured.

Arlington Heights will soon have a model zoning law. The most desirable features of zoning laws of villages throughout northern Illinois have been embodied in the ordinance for Arlington Heights.

Rev. H. H. Kossack of Wilton, Iowa, was elected as pastor of Arlington Heights Presbyterian church at a congregational meeting Wednesday evening.

People all over town listened to Borah speaking Monday night and they heard.

Did you ever hear of a man related to one of our most respected families who did a large thing for education and art in his bequests? O, no, you never heard of him. You have heard of some of the "old best families" who gave a lot or two for church use — when the land got by them from government was not worth ten dollars an acre. Great horns have been blown for those donations, really a means of enhancing the value of their own property. All that was well.

Hear of another generous man, Mr. Fred R. Pfeifer, whose wife, Adele Stempel, was a sister of our townswoman, Mrs. S. Fehlman. Mr. Pfeifer was an official of our town — a prosperous business man for years engaged in grain, feed and coal business. When he died some years ago, he left $35,000 (this may not be exact) to the Art Institute of Chicago.

No, you didn't hear of this — nor of many other noble things done by those not of the ancient cliques. I have a dear friend who intimately knew Mr. Pfeifer; knew of his love of art, of his own attainments and of his generous gift. His parents lived in Long Grove and in Arlington Heights. This is so far as I am able to learn the largest gift for education purpose ever given by one who has been a citizen of Arlington Heights.

While it might be unusual for the head of a police department to warn the people of his home town regarding the police activities of a neighboring municipality, yet the police of Des Plaines have become so active against motorists, that George F. Schneberger, who is also chairman of the police committee of Arlington Heights feels that as a protection to local motorists they should be warned regarding the conditions in Des Plaines. Heavy fines are being inflicted there. Better to go to movies and shop at home and avoid trouble.

It made no difference last Friday night to the Des Plaines police that the coaches of the Arlington Heights high school were willing to give their personal guarantee to return and face all charges, if they be allowed to take their basketball. players home. Judge Schuebert evidently agreed with the police as the next day he levied fines of $5 and cost, $10 in all, plus that one dollar extra fee that has evidently disappeared in the shuffle.

Oh, Yes, Attorney Nichols represented the prisoners and served notice of an appeal. Des Plaines may be a larger city, it may have some nice stores, but the rebuff that its police department has given to Arlington High school is being reflected, according to reports, in cutting off of business connections with a number of Des Plaines firms who have had some good customers in Arlington.

Mr. and Mrs. Fred Utpadel of Wheeling celebrated their 25th wedding anniversary Feb., 25.

Herman H. Schultz, 71 years old, prominent business man of Bartlett, died unexpectedly Friday afternoon at his home. He was born in Bloomingdale in 1865 and had lived in that vicinity all of his life.

Arlington Heights Township High School will hold its special election Saturday, February 23, for the purpose of getting the consent of the voters to a readjustment of taxing rates. If the propositions are carried, the maximum rate that can be levied for educational purposes will be 75 cents and 25 cents for building purposes.

An opportunity is now being given the citizens of School District No. 25, Arlington Heights, to sign petitions requesting the Board of Education to call a special election for the purpose of authorizing an addition to the South School.

The much talked about Prospect Heights Field House advanced to the "on order" stage last Friday evening. That is, that seemed to be the temper and the spontaneous demand of the individual members of the recently organized non-profit Field House Association.

Palatine tax rates just released by County Clerk Michael J. Flynn show an increase in the combined rate in the village of about 11½ per cent over last year.

Mr. and Mrs. Alfred Landmeier and Mr. and Mrs. Elmer Landmeier, who have returned home from a trip to California, have discovered that the middleman gouges both the onion set raisers in Cook County and the orange growers in California.

They saw Illinois onion sets for which Cook County growers received three and four cents a pound being sold for thirty cents a pound in Arizona, Texas and California. As a sort of a reverse lend lease, oranges being sold in Arlington Heights for 75 cents a dozen can be purchased in California eight dozen for a dollar.

JUST AROUND THE CORNER

from Patty McArdle

Dear Peg:

As you and I both know, attending stage productions presented by school children is one of the greater sacrifices parents are expected to make for their children—that is, if they wish to be considered loving and interested parents by the teachers and members of the community. We all have attended too many of these shows to raise our hopes too high, when the kiddies come home with their allotted number of tickets to dispose of.

Of course in every show there is the high spot—when our own child appears and, interestingly, the amount of pleasure we derive from the entire production is in direct proportion to the number of times our own appears. Now, once in a while, to our astonishment, a school show will be really good—the participants will be talented children (not just the most popular) who show training in voice, dancing or speech. There are many talented children in school these days, who are involved in dancing or voice-lesson-taking, but unfortunately, they are not always cast in the leading roles of school shows.

I FELT IT WAS AN ACT of charity when I agreed to go with Nell to see her daughter perform in the high school's annual operetta. In fact, I might have invented some excuse for not going, if I hadn't been curious to see the school itself. The last time (last summer) friends and I were in St. Charles and Geneva, Illinois, on our way to the Little Traveler for lunch, someone pointed out a gabled building high on a bluff overlooking the river. She said that it was a girls' high school, by the name of Mount Saint Mary Academy, to which some friends sent their daughter. From what we could see from across the river it looked like a lovely place situated high enough to command an unusually beautiful view of the river and surrounding countryside.

When Nell and I became good friends, through our nursery school association, last fall I learned that her daughter, Mary, boarded at this school and I promised to go with her sometime to visit. The operetta became an opportune time when Nell's husband, unable to go at the last minute, provided an extra ticket.

WE ARRIVED EARLY ENOUGH at the school to see Mary's room and the classroom building. The interiors of the buildings are as attractive as the view from outside. The operetta, Babes in Toyland, was given in the large auditorium of the public high school in town, to provide an adequate stage for the large cast. I am happy to say that when the "lead" started singing her first solo, I was surprised to hear that she actually had a very nice voice and a remarkable amount of stage presence. But, by the end of the first act, I was all but ecstatic, for the voices and actions of at least a half a dozen other major characters showed an equal amount of talent, work and concentration on their roles—to say nothing, of excellent direction from whomever the drama coach may be.

If you recall Babes in Toyland, there are several times when hordes of people are on stage at the same time—villagers singing, toy soldiers marching and frequently just a lot of people. It could have just built up into a state of utter confusion, had not each person known exactly where to stand, what to do and when to leave. As one of the French dolls, in this nursery-story-fantasy, Mary looked so sweet in her peach-colored net dress and picture hat and performed her doll dance in the proper "jointed" and appealing manner.

* * *

I THINK MUCH OF THE SUCCESS of the production, outside of the talent of the performers, was due to a most unique plan used to prepare for it. With the exception of learning most of the songs, no rehearsing or actual preparation was done until two weeks before the show. Then, school and "homework" took a secondary place and during those fourteen days all effort was directed toward the operetta. This seems to me so much more logical than the usual after school-hour-or-so-rehearsals that go on for weeks before most school shows.

And so, I once more have an open mind about school shows—who knows I might be watching a budding Bernhardt or tiny Traubel!

My love,
Patty.

LAST WEEK'S HEADLINES

Resume of front page news that appeared in various editions of Paddock Publications and other newspapers of the area that will keep readers informed on headline news of their neighbors.

PALATINE

One-way streets and street widening in Palatine's business district will lessen traffic congestion and add 200 parking spaces in the downtown area, the village board was told by a citizens' advisory committee. The board asked for cost estimates on the street widening with one-way streets to follow.

Another citizens' committee presented a program for new street lights in the downtown and highway business districts and along Chicago ave. The lights would cost an estimated $140,000. They could be paid for out of motor fuel tax returns, 1 trustee said.

MT. PROSPECT

A trustee told a luncheon audience that Mt. Prospect must eventually decide on a plan to bring water from Lake Michigan to provide for an expanding population.

Grade school teachers had their salaries hiked by the board of education. Starting minimums jumped from $3,400 to $3,700. Benefits were also increased.

ROLLING MEADOWS

A new school for childen from kindergarten through eighth grade will be started this year on a site south of Kirchhoff rd. It will have 24 classrooms

The ½ cent sales tax was adopted by the city council with 2 dissenting votes. Revenue will go into the general fund.

In other business a zoning ordinance was adopted and Tom Ullock resigned as police chief.

ARLINGTON HEIGHTS

A special census now in progress will add perhaps 3,000 persons to the 1953 village population total of 13,380. The project will cost about $2,500 and net the village an additional $15 000 a year.

WHEELING

Subdivider Wilmer Wolfson turned over $900 to the Wheeling grade school district in payment for selling 9 homes inside the district. He is the first builder to contribute to school support.

DU PAGE COUNTY

The county board of supervisors recently recommended that a county-wide river conservancy district be set up to control all further problems of drainage and sanitation in the forseeable future.

DES PLAINES

Civic officials discussed a proposal to elevate the tracks of the C. & N. W. through the center of the city. One official said that elevation would cost one-third as as much as depression of the tracks. Elevation would presumably relieve traffic congestion in the heart of the business district and make land available for parking or commercial use. (G

Smells Dumpy

When are people going to stop burning garbage outside and keep dogs on leash?

Our city (Rolling Meadows) smells like Arlington Heights' dump at night. I believe many people think it is the dump.

Also, no bush or evergreen is safe from dogs in our city. Every dog should be on a leash outside or picked up by police department. A good fine to get the dog back will help.

Share Efforts

As a token of our appreciation for your support of our program during the year 1955 we are presenting to your papers the certificate of commendation.

The Paddock Publications were selected for this award because of outstanding support given both our free chest X-ray surveys and the 1955 Christmas Seal Sale which makes the X-rays possible.

YOUR interest in our program went a long way toward helping to establish a record of more than one million free chest X-rays in Chicago and Cook County during 1955. Your support also contributed toward the success of our 1955 Christmas Seal Sale which already has surpassed last year's figure and which, we are confident, will reach our goal of $735,000.

We are pleased with our 1955 efforts in tuberculosis control and thank you for sharing them with us.

Rare Service

Last Monday we asked that our piano for sale be advertised by you, and quoted a price. Thursday morning at 6 a.m., before we got your paper or read the ad ourselves, a phone call came and fifteen minutes later we had the cash agreed upon and the piano was picked up that afternoon. Such service is rarely, if ever, equalled. The ad was worth many times its cost.

Teens Grand

Everyone is howling about the juvenile delinquents. The newspapers lose no time in reporting gang fights, stealings, knifings, shootings and such. The teenagers wrong-doings are splashed all over the newspapers, talked about on radio and television. Yet organizations such as the Hot Rod club remain in the background.

TWO WEEKS ago a letter appeared in the Fence Post column from a woman who had a flat tire on a cold, dark night. Who stopped and offered help, tools and assurance? A teenage driver, member of a Hot Rod club.

Where did you print this little episode? Way in the back of the paper. That was news. Juvenile delinquency is old stuff. This younger generation is pretty grand, but very few people know it.

Show these kids we have faith in them and let everyone know of their clubs, groups, organizations. They don't have to impress the older folks by committing crimes. Show them we are very much impressed with their favorable activities and they will return our good faith a thousand fold.

WHY NOT run a series of articles on groups such as the Hot Rod Club? Perhaps you could manage to give it the "front page" full treatment usually given to the big crime news.

I, and many other folks, are really, sincerely interested in these teenage groups we hear so little about.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Elizabeth Barrett Browning writes: "Every wish is like a prayer to God."

This is true in a very real sense, and to a great extent, the answer to your wishes are set up within yourself through the working of your mind, your will, and other abilities.

I really believe that God's answers to our prayers are largely brought about through the abilities and powers built into us by our Creator.

A YOUNG MAN may say, "I want to become a great engineer, to build sky scrapers, bridges, great dams." The mental processes he possesses, as a gift from God, spring into activity. Deliberately, and also subconsciously he begins to mold his life toward the attainment of this wish. In the mysterious depths of his mind, changes begin to take place which result in the development of aptitudes and ways of thinking which bring about that wish, within the limits of his abilities.

A man may say, "I wish I had a million dollars." If he wishes hard enough, changes in his mind and abilities start to take place, and he will become a millionaire.

I BELIEVE that even personal wishes are nearly always fulfilled, if we wish hard enough. Have you ever felt lonely, and wished that some one would drop in to say "hello," to visit you for a while, and shortly thereafter your doorbell rings, and a neighbor or friend will be at the door who says, "I was just going by, and thought I would drop in to say 'hello'?"

A wish come true that seems like a miracle! Yet isn't it possible, even probable, that your wish, strengthened by your real waves of mental telepathy that were picked up subconsciously by your friend?

Such answers to wishes are too frequent to be near happenstance. They are both a blessing and a responsibility. Our wishes bear watching—selfish or evil wishes may bear selfish and evil fruits; may harm others and ourselves.

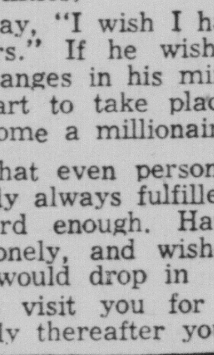
QUITE CONTRARY

BY MARY



We have a friend whom we admire very much. She has ambition, sticktoitiveness, energy and gumption. These sterling qualities seem to have been left out of our nature completely. Of course, we take time out to admire these quirks of hers only once a year. That is at house cleaning time.

We are the kind that never house cleans. We never say to ourselves, well, old kid, it is now spring so bring on the brushes and buckets. The very thought of ripping the old homestead apart curtain by curtain and rug by rug throws us into a complete coma. We never ever emerge from this trancelike state until the thought has left for good and some other idea has taken up residence in our consciousness.

Once in a great while when the walls are no longer that sage green we love so much but are sort of mottled finger print color, we wash off that part of the wall. This causes us to pant, pont our handiwork out to visitors and shriek everytime one of the young pats around the light switch as they flip it.

The way we do get to cleaning may not be orthodox but it is ours. It happens thus. We are sitting at the dining room table having that second cup of coffee after the young have gone to be educated. As we glance out the window at the dirty snow, we suddenly wonder why the snow is dirty as it has just snowed. Slowly it dawns on us that the snow is not to blame. There appears to be a dirty grime that has been sneaky enough to settle on our windows.

This, we feel, is unfair as we can remember distinctly that it was only one or two months ago that we washed all windows into sparkling glory. However, as we count it up, it has been nearer 5 months since we did anything so drastic. So, get the bucket, get the rags, get the spray and way we go.

This leads us to remove the drapes for cleaning, wash the window sills, dust the pictures and wash the slipcovers with the drapes gone, the walls appear to have taken on the grime of centuries of smoky living. This brings out more buckets, more elbow grease and makes us clean out the fireplace and wash the hearth.

When these have been fixed up as well as can be expected, the furniture and their collection of scratches, coke spots, odd manuscripts and old magazines lend such a shabby air that we hasten, with dragging feet, to bring out the scratch remover polish, more rags, more elbow grease and much less energy. When the day ends, we have a clean room, we hate everybody and after this, those windows can cloud over until every day is night.

We won't do THAT again right away.

Why are our taxes so high? Look at your tax receipts. The rates are as follows:

State tax $ .50, Cook County .762, Town Tax $.11, R & B $1.00, Arlington Heights Village (limit) $2, Special Water tax to retire bonds $.30, Arlington Heights District 25, school tax 3.83, Total tax for all purposes $8.50 for each $100 assessed valuation of less than 2 per cent on actual valuation of property.

They say there will be a little healthy political excitement at the Wheeling Town Election, this spring. All the candidates are capable and worthy. Results will depend on who musters the most friends at the polls. The Herald will remain strictly neutral. Any candidate can secure all the advertising he pays for. All articles must be vouched for by some responsible party, but we will not allow any mud slinging from anybody. Set forth your virtues and show by sensible logic, why you should have the office.

Shoes for all classes: I have just received a large assortment of Shoes direct from the factory for both rich and poor; for boys and girls, youths and misses; for men and women. I selected my lines with care to suit all occasions. There are shoes for the street, for the ball room, for full dress and for outing. They are the best money can buy, and we sell them at prices to fit the pocketbook of our customers. Inspection invited. The Right Place, Peter Hartmann's Shoe Store, Arlington Heights.

Mt. Prospect should organize an improvement association and boom this delightful burg.

Mr. George Skinner, who built two fine houses for Dr. Gibbs and banker Heise, at Palatine and gave entire satisfaction the past season has the contract to build a $6,000 mansion for Banker Castle on Dunton st. opposite Dr. Best's old place, on the corner between J. V. Whiting and Alderman William F. Meyer. He has utilized every mild day during January and February and already has the cement foundation about finished. It is to be the Old Colonial style of architecture, 32½x35½ ft. basement and first story will be of hollow concrete blocks made at Des Plaines) and the second story will be shingied. This proves what the Herald stated years ago, that the Heights needed and would be a prosperous place for a bank.

You have heard of some of the "old best families" who gave a lot or two for church use — when the land got by them from government was not worth ten dollars an acre. Great horns have been blown for those donations, really a means of enhancing the value of their own property. All that was well.

Hear of another generous man, Mr. Fred R. Pfeifer, whose wife, Adele Stempel, was a sister of our townswoman, Mrs. S. Fehlman. Mr. Pfeifer was an official of our town — a prosperous business man for years engaged in grain, feed and coal business. When he died some years ago, he left $35,000 (this may not be exact) to the Art Institute of Chicago.

No, you didn't hear of this — nor of many other noble things done by those not of the ancient cliques. I have a dear friend who intimately knew Mr. Pfeifer; knew of his love of art, of his own attainments and of his generous gift. His parents lived in Long Grove and in Arlington Heights. This is so far as I am able to learn the largest gift for education purpose ever given by one who has been a citizen of Arlington Heights.

While it might be unusual for the head of a police department to warn the people of his home town regarding the police activities of a neighboring municipality, yet the police of Des Plaines have become so active against motorists, that George F. Schneberger, who is also chairman of the police committee of Arlington Heights feels that as a protection to local motorists they should be warned regarding the conditions in Des Plaines. Heavy fines are being inflicted there. Better to go to movies and shop at home and avoid trouble.

It made no difference last Friday night to the Des Plaines police that the coaches of the Arlington Heights high school were willing to give their personal guarantee to return and face all charges, if they be allowed to take their basketball. players home. Judge Schuebert evidently agreed with the police as the next day he levied fines of $5 and cost, $10 in all, plus that one dollar extra fee that has evidently disappeared in the shuffle.

Oh, Yes, Attorney Nichols represented the prisoners and served notice of an appeal. Des Plaines may be a larger city, it may have some nice stores, but the rebuff that its police department has given to Arlington High school is being reflected, according to reports, in cutting off of business connections with a number of Des Plaines firms who have had some good customers in Arlington.

Mr. and Mrs. Fred Utpadel of Wheeling celebrated their 25th wedding anniversary Feb., 25.

Herman H. Schultz, 71 years old, prominent business man of Bartlett, died unexpectedly Friday afternoon at his home. He was born in Bloomingdale in 1865 and had lived in that vicinity all of his life.

Arlington Heights Township High School will hold its special election Saturday, February 23, for the purpose of getting the consent of the voters to a readjustment of taxing rates. If the propositions are carried, the maximum rate that can be levied for educational purposes will be 75 cents and 25 cents for building purposes.

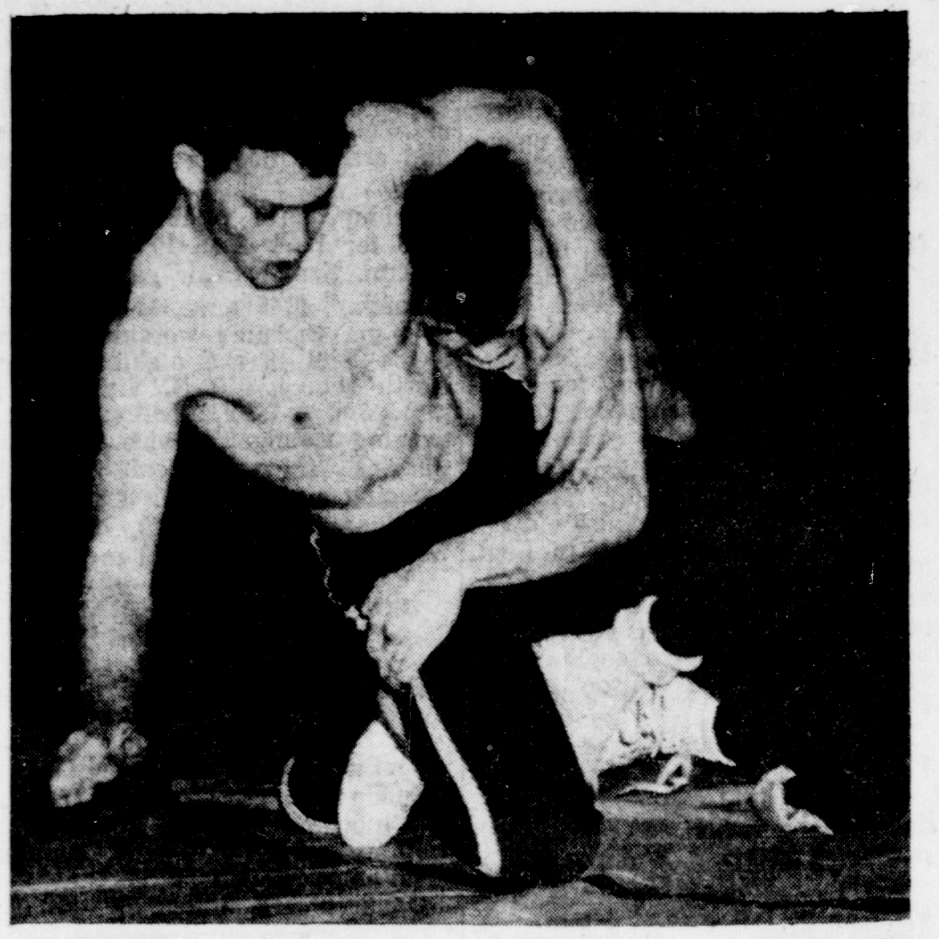
An opportunity is now being given the citizens of School District No. 25, Arlington Heights, to sign petitions requesting the Board of Education to call a special election for the purpose of authorizing an addition to the South School.

The much talked about Prospect Heights Field House advanced to the "on order" stage last Friday evening. That is, that seemed to be the temper and the spontaneous demand of the individual members .of the recently organized non-profit Field House Association.

Palatine tax rates just released by County Clerk Michael J. Flynn show an increase in the combined rate in the village of about 11½ per cent over last year.

Mr. and Mrs. Alfred Landmeier and Mr. and Mrs. Elmer Landmeier, who have returned home from a trip to California, have discovered that the middleman gouges both the onion set raisers in Cook County and the orange growers in California.

They saw Illinois onion sets for which Cook County growers received three and four cents a pound being sold for thirty cents a pound in Arizona, Texas and California. As a sort of a reverse lend lease, oranges being sold in Arlington Heights for 75 cents a dozen can be purchased in California eight dozen for a dollar.



ED BEIER brought home a second for Arlington in the wrestling sectional at Palatine last week, losing to Lloyd Kellenberger of Elgin in the 133 final. Ed is shown here with palm outstretched as Kellenberger attempted to pin Beier. The Card grappler pinned Johnson of West Aurora, then decisioned John Finnessy of Crystal Lake. He won a ref's decision over Jerry Smith of Oswego in the semi-finals. —Staff Photo

LAST WEEK'S HEADLINES

Resume of front page news that appeared in various editions of Paddock Publications and other newspapers of the area that will keep readers informed on headline news of their neighbors.

PALATINE

One-way streets and street widening in Palatine's business district will lessen traffic congestion and add 200 parking spaces in the downtown area, the village board was told by a citizens' advisory committee. The board asked for cost estimates on the street widening with one-way streets to follow.

Another citizens' committee presented a program for new street lights in the downtown and highway business districts and along Chicago ave. The lights would cost an estimated $140,000. They could be paid for out of motor fuel tax returns, 1 trustee said.

MT. PROSPECT

A trustee told a luncheon audience that Mt. Prospect must eventually decide on a plan to bring water from Lake Michigan to provide for an expanding population.

Grade school teachers had their salaries hiked by the board of education. Starting minimums jumped from $3,400 to $3,700. Benefits were also increased.

ROLLING MEADOWS

A new school for childen from kindergarten through eighth grade will be started this year on a site south of Kirchhoff rd. It will have 24 classrooms

The ½ cent sales tax was adopted by the city council with 2 dissenting votes. Revenue will go into the general fund.

In other business a zoning ordinance was adopted and Tom Ullock resigned as police chief.

ARLINGTON HEIGHTS

A special census now in progress will add perhaps 3,000 persons to the 1953 village population total of 13,380. The project will cost about $2,500 and net the village an additional $15 000 a year.

WHEELING

Subdivider Wilmer Wolfson turned over $900 to the Wheeling grade school district in payment for selling 9 homes inside the district. He is the first builder to contribute to school support.

DU PAGE COUNTY

The county board of supervisors recently reqommended that a county-wide river conservancy district be set up to control all further problems of drainage and sanitation in the forseeable future.

DES PLAINES

Civic officials discussed a proposal to elevate the tracks of the C. & N. W. through the center of the city. One official said that elevation would cost one-third as as much as depression of the tracks. Elevation would presumably relieve traffic congestion in the heart of the business district and make land available for parking or commercial use. (G

JUST AROUND THE CORNER

from

Patty McArdle

Dear Peg:

As you and I both know, attending stage productions presented by school children is one of the greater sacrifices parents are expected to make for their children—that is, if they wish to be considered loving and interested parents by the teachers and members of the community. We all have attended too many of these shows to raise our hopes too high, when the kiddies come home with their allotted number of tickets to dispose of.

Of course in every show there is the high spot—when our own child appears and, interestingly, the amount of pleasure we derive from the entire production is in direct proportion to the number of times our own appears. Now, once in a while, to our astonishment, a school show will be really good—the participants will be talented children (not just the most popular) who show training in voice, dancing or speech. There are many talented children in school these days, who are involved in dancing or voice-lesson-taking, but unfortunately, they are not always cast in the leading roles of school shows.

* * *

I FELT IT WAS AN ACT of charity when I agreed to go with Nell to see her daughter perform in the high school's annual operetta. In fact, I might have invented some excuse for not going, if I hadn't been curious to see the school itself. The last time (last summer) friends and I were in St. Charles and Geneva, Illinois, on our way to the Little Traveler for lunch, someone pointed out a gabled building high on a bluff overlooking the river. She said that it was a girls' high school, by the name of Mount Saint Mary Academy, to which some friends sent their daughter. From what we could see from across the river it looked like a lovely place situated high enough to command an unusually beautiful view of the river and surrounding countryside.

When Nell and I became good friends, through our nursery school association, last fall I learned that her daughter, Mary, boarded at this school and I promised to go with her sometime to visit. The operetta became an opportune time when Nell's husband, unable to go at the last minute, provided an extra ticket.

WE ARRIVED EARLY ENOUGH at the school to see Mary's room and the classroom building. The interiors of the buildings are as attractive as the view from outside. The operetta, Babes in Toyland, was given in the large auditorium of the public high school in town, to provide an adequate stage for the large cast. I am happy to say that when the "lead" started singing her first solo, I was surprised to hear that she actually had a very nice voice and a remarkable amount of stage presence. But, by the end of the first act, I was all but ecstatic, for the voices and actions of at least a half a dozen other major characters showed an equal amount of talent, work and concentration on their roles—to say nothing, of excellent direction from whomever the drama coach may be.

If you recall Babes in Toyland, there are several times when hordes of people are on stage at the same time—villagers singing, toy soldiers marching and frequently just a lot of people. It could have just built up into a state of utter confusion, had not each person known exactly where to stand, what to do and when to leave. As one of the French dolls, in this nursery-story-fantasy, Mary looked so sweet in her peach-colored net dress and picture hat and performed her doll dance in the proper "jointed" and appealing manner.

* * *

I THINK MUCH OF THE SUCCESS of the production, outside of the talent of the performers, was due to a most unique plan used to prepare for it. With the exception of learning most of the songs, no rehearsing or actual preparation was done until two weeks before the show. Then, school and "homework" took a secondary place and during those fourteen days all effort was directed toward the operetta. This seems to me so much more logical than the usual after school-hour-or-so-rehearsals that go on for weeks before most school shows.

And so, I once more have an open mind about school shows—who knows I might be watching a budding Bernhardt or tiny Traubel!

My love,

Patty.

DENNIS LUNDGREN, in light trunks, carried the hopes of Palatine against Tom Pennington of York in the final of 138 pound division, and it was touch and go at this particular moment. THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Elizabeth Barrett Browning writes: "Every wish is like a prayer to God."

This is true in a very real sense, and to a great extent, the answer to your wishes are set up within yourself through the working of your mind, your will, and other abilities.

I really believe that God's answers to our prayers are largely brought about through the abilities and powers built into us by our Creator.

A YOUNG MAN may say, "I want to become a great engineer, to build sky scrapers, bridges, great dams." The mental processes he possesses, as a gift from God, spring into activity. Deliberately, and also subconsciously he begins to mold his life toward the attainment of this wish. In the mysterious depths of his mind, changes begin to take place which result in the development of aptitudes and ways of thinking which bring about that wish, within the limits of his abilities.

A man may say, "I wish I had a million dollars." If he wishes hard enough, changes in his mind and abilities start to take place, and he will become a millionaire.

I BELIEVE that even personal wishes are nearly always fulfilled, if we wish hard enough. Have you ever felt lonely, and wished that some one would drop in to say "hello," to visit you for a while, and shortly thereafter your doorbell rings, and a neighbor or friend will be at the door who says, "I was just going by, and thought I would drop in to say 'hello'?"

A wish come true that seems like a miracle! Yet isn't it possible, even probable, that your wish, strengthened by your real waves of mental telepathy that were picked up subconsciously by your friend?

Such answers to wishes are too frequent to be near happenstance. They are both a blessing and a responsibility. Our wishes bear watching—selfish or evil wishes may bear selfish and evil fruits; may harm others and ourselves.

QUITE CONTRARY

BY MARY

We have a friend whom we admire very much. She has ambition, sticktoitiveness, energy and gumption. These sterling qualities seem to have been left out of our nature completely. Of course, we take time out to admire these quirks of hers only once a year. That is at house cleaning time.

We are the kind that never house cleans. We never say to ourselves, well, old kid, it is now spring so bring on the brushes and buckets. The very thought of ripping the old homestead apart curtain by curtain and rug by rug throws us into a complete coma. We never ever emerge from this trancelike state until the thought has left for good and some other idea has taken up residence in our consciousness.

Once in a great while when the walls are no longer that sage green we love so much but are sort of mottled finger print color, we wash off that part of the wall. This causes us to pant, pont our handiwork out to visitors and shriek everytime one of the young pats around the light switch as they flip it.

The way we do get to cleaning may not be orthodox but it is ours. It happens thus. We are sitting at the dining room table having that second cup of coffee after the young have gone to be educated. As we glance out the window at the dirty snow, we suddenly wonder why the snow is dirty as it has just snowed. Slowly it dawns on us that the snow is not to blame. There appears to be a dirty grime that has been sneaky enough to settle on our windows.

This, we feel, is unfair as we can remember distinctly that it was only one or two months ago that we washed all windows into sparkling glory. However, as we count it up, it has been nearer 5 months since we did anything so drastic. So, get the bucket, get the rags, get the spray and way we go.

This leads us to remove the drapes for cleaning, wash the window sills, dust the pictures and wash the slipcovers with the drapes gone, the walls appear to have taken on the grime of centuries of smoky living. This brings out more buckets, more elbow grease and makes us clean out the fireplace and wash the hearth.

When these have been fixed up as well as can be expected, the furniture and their collection of scratches, coke spots, odd manuscripts and old magazines lend such a shabby air that we hasten, with dragging feet, to bring out the scratch remover polish, more rags, more elbow grease and much less energy. When the day ends, we have a clean room, we hate everybody and after this, those windows can cloud over until every day is night.

We won't do THAT again right away.

Smells Dumpy

When are people going to stop burning garbage outside and keep dogs on leash?

Our city (Rolling Meadows) smells like Arlington Heights' dump at night. I believe many people think it is the dump.

Also, no bush or evergreen is safe from dogs in our city. Every dog should be on a leash outside or picked up by police department. A good fine to get the dog back will help.

Share Efforts

As a token of our appreciation for your support of our program during the year 1955 we are presenting to your papers the certificate of commendation.

The Paddock Publications were selected for this award because of outstanding support given both our free chest X-ray surveys and the 1955 Christmas Seal Sale which makes the X-rays possible.

YOUR interest in our program went a long way toward helping to establish a record of more than one million free chest X-rays in Chicago and Cook County during 1955. Your support also contributed toward the success of our 1955 Christmas Seal Sale which already has surpassed last year's figure and which, we are confident, will reach our goal of $735,000.

We are pleased with our 1955 efforts in tuberculosis control and thank you for sharing them with us.

Rare Service

Last Monday we asked that our piano for sale be advertised by you, and quoted a price. Thursday morning at 6 a.m., before we got your paper or read the ad ourselves, a phone call came and fifteen minutes later we had the cash agreed upon and the piano was picked up that afternoon. Such service is rarely, if ever, equalled. The ad was worth many times its cost.

Teens Grand

Everyone is howling about the juvenile delinquents. The newspapers lose no time in reporting gang fights, stealings, knifings, shootings and such. The teenagers wrong-doings are splashed all over the newspapers, talked about on radio and television. Yet organizations such as the Hot Rod club remain in the background.

TWO WEEKS ago a letter appeared in the Fence Post column from a woman who had a flat tire on a cold, dark night. Who stopped and offered help, tools and assurance? A teenage driver, member of a Hot Rod club.

Where did you print this little episode? Way in the back of the paper. That was news. Juvenile delinquency is old stuff. This younger generation is pretty grand, but very few people know it.

Show these kids we have faith in them and let everyone know of their clubs, groups, organizations. They don't have to impress the older folks by committing crimes. Show them we are very much impressed with their favorable activities and they will return our good faith a thousand fold.

WHY NOT run a series of articles on groups such as the Hot Rod Club? Perhaps you could manage to give it the "front page" full treatment usually given to the big crime news.

I, and many other folks, are really, sincerely interested in these teenage groups we hear so little about.

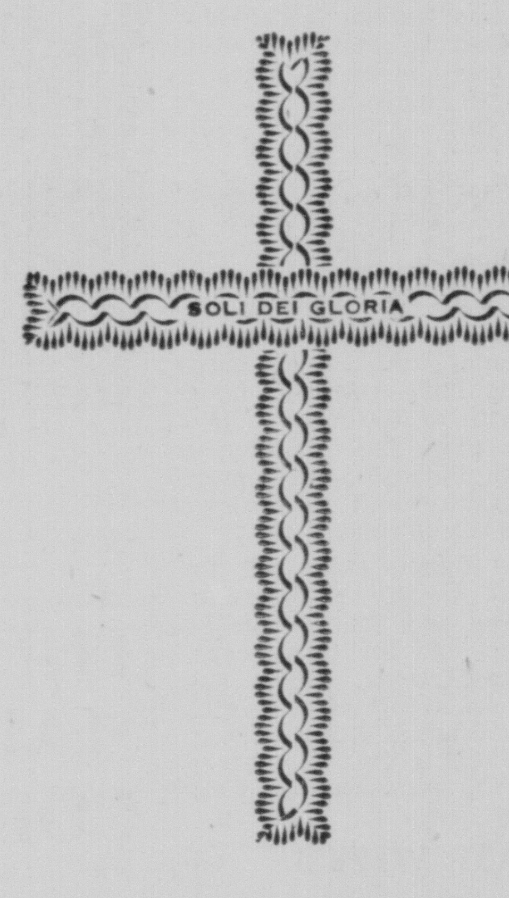
You Will Find a Welcome at These Lutheran Churches



How Far?

We are told that when Christ was being dragged through the streets of Jerusalem the night before His crucifixion, Peter followed Him "afar off."

Every community has its share of people who follow Christ "afar off." They approve the Church's program, they wish the members well, they "wouldn't think of living in a town without a church," and yet they themselves keep a convenient distance between themselves and the churches of the neighborhood.

Christ minced no words when He spoke to the irreligious of His day: "He that is of God heareth God's words: ye therefore hear them not, because ye are not of God."

To follow Christ "afar off" may be as fatal as going in the opposite direction. Your eternal destiny depends upon a fellowship with him. How far are you from Him today?

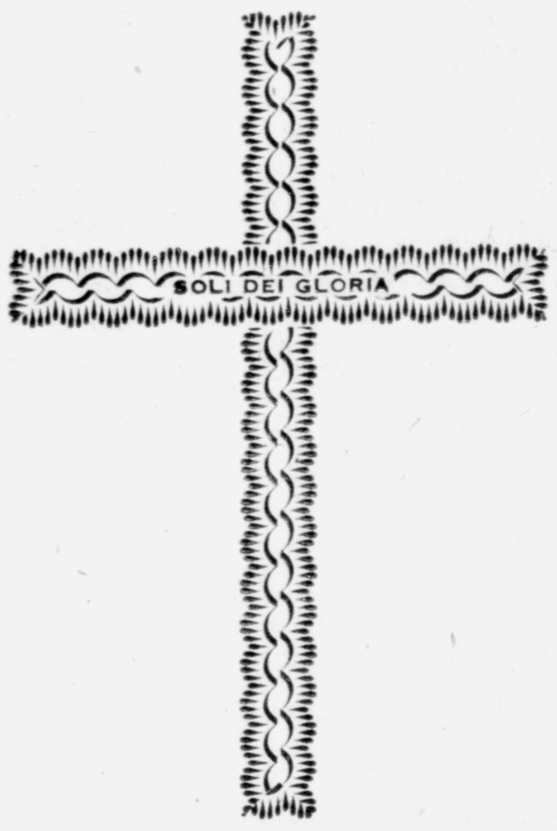
You Will Find a Welcome at These Lutheran Churches

How Far?



We are told that when Christ was being dragged through the streets of Jerusalem the night before His crucifixion, Peter followed Him "afar off."

Every community has its share of people who follow Christ "afar off." They approve the Church's program, they wish the members well, they "wouldn't think of living in a town without a church," and yet they themselves keep a convenient distance between themselves and the churches of the neighborhood.

Christ minced no words when He spoke to the irreligious of His day: "He that is of God heareth God's words: ye therefore hear them not, because ye are not of God."

To follow Christ "afar off" may be as fatal as going in the opposite direction. Your eternal destiny depends upon a fellowship with him. How far are you from Him today?

FOOT SAVING EDUCATION
By Stanley J. Wesley

How can I be sure that my children's shoes fit when I buy them?

If you mean that you want to check the fit of the shoes yourself, you should first work in a shoestore for at least two years. Then you will be more uncertain than you are now.

If the shoe internship is impossible, I would use the practice of most women when they buy a hairdo. They don't rush downtown at fifteen minutes before closing time and let the first operator they come to give their hair a fast sizzle. Hairdos are too important.

Hairdos and the operators who do them are the subject of conversation at every hen party. A newcower to town knows before she leaves the house not only which beauty parlor she is going to but which beautician will give her the kind of curl she wants. She will read ancient magazines waiting for the operator to take her and she might even overpay the bill if she is especially pleased with what the mirror says after the ordeal.

"Who fits your children's shoes?" should be as commonly asked as "Who does your hair?" Try it. You will find that your town has many shoefitters who realize the health importance of children's shoes and will do a really professional job if they know that you are not primarily interested in speed, low price or high style.

FOOT SAVING EDUCATION

By Stanley J. Wesley

How can I be sure that my children's shoes fit when I buy them? If you mean that you want to check the fit of the shoes yourself, you should first work in a shoestore for at least two years. Then you will be more uncertain than you are now.

If the shoe internship is impossible, I would use the practice of most women when they buy a hairdo. They don't rush downtown at fifteen minutes before closing time and let the first operator they come to give their hair a fast sizzle. Hairdos are too important.

Hairdos and the operators who do them are the subject of conversation at every hen party. A newcower to town knows before she leaves the house not only which beauty parlor she is going to but which beautician will give her the kind of curl she wants. She will read ancient magazines waiting for the operator to take her and she might even overpay the bill if she is especially pleased with what the mirror says after the ordeal.

"Who fits your children's shoes?" should be as commonly asked as "Who does your hair?" Try it. You will find that your town has many shoefitters who realize the health importance of children's shoes and will do a really professional job if they know that you are not primarily interested in speed, low price or high style.

Farm Partnership Agreements

Social security has induced a large number of farm landlords into partnership agreements in order to qualify for security. From the number of inquiries we have received at the University, it is safe to assume that many more farmers are thinking about using a partnership for this year.

Each partnership agreement will be different and to avoid legal difficulties, it is best than an attorney draft it. However, it will be helpful if some of the standard items in an agreement are discussed and decided before going

FOLLOWING are most of the usual points to be covered in a farm partnership agreement:

1. Date and place of making the agreement.
2. Name of partnership, place of business and the length of time the partnership is to operate.
3. Statement of purpose of the partnership; for example, to carry on the business of grain and livestock farming.
4. Complete and detailed statements on both beginning and future capital contributiions to the partnership. It is important to designate which asets become partnership property and which ones are in the nature of a loan to the partnership with title remaining in the individual partners.
5. **KINDS** of records to be kept and who is responsible for them.
6. Withdrawals from the partnership bank account by partners for personal use.
7. Possible limitation on withdrawals for partnership use, without the consent of all partners.
8. Name of bank to hold partnership account.
9. How profits and losses are to be divided — it need not be 50-50.
10. Who is to manage the farm and what decisions require majority or unanimous consent to the partners.
11. Amount of time that each partner will devote to the partnership.
12. **ANY** salaries to be paid by the partnership.
13. Manner of dissolving the partnership; at least six months notice is recommended when there are two partners.
14. Continuance or dissolution of partnership at the death of a partner; a buy and sell agreement with life insurance may be advisable.
15. List of powers and limitations on partners; for example, not to use partnership assets as security.
16. Kind and amount of personal property liability insurance to be carried.
17. Possible arbitration agreement. (FP

Record Cows

Announcement has been received from Association of America of the completion of an official production record registered Holstein cows in this area.

University of Illinois supervised the weighing and testing of the milk for this record and it is a part of the herd improvement registry department of the Holstein-Friesian association.

Canary Belle Posch Lass, owned by Mrs. Dorothy Hammerstein of Roselle, gave 14,589 pounds of milk with 599 pounds butterfat over 320 day period. She was milked twice daily, averaging 21 quarts daily at the age of 9 years, 9 months.

Florem Nancy, owned by Ray E. Meyer of Roselle, gave 15,624 pounds of milk with 621 pounds butterfat over 365 day period. She was milked twice daily, averaging 20 quarts daily at the age of 4 years, 11 months.

Ravania Majestic Grace, owned by William C. Brockmann of Palatine, gave 17,378 pounds milk with 620 pounds butterfat over 365 day period. She was milked twice daily, averaging 22 quarters daily at age of 5 years, 6 months. (Fm

HERBERT M. LEMKE of Mt. Prospect was recently proclaimed county corn growing champion at a banquet held at DeKalb in honor of Northern Illinois corn growing champions. His yield of 103.78 bushels per acre was the top yield in Cook county in the 1955 national selected five acre DeKalb corn growing contest. He was unable to attend the banquet.

Runner-up honors went to August Grandt (left) also of Mt. Prospect who produced a fine yield of 95.20 bushels per acre. Also unable to attend the banquet was third place winner A. C. Drewes of Arlington Heights who produced a yield of 91.47 bushels per acre. Fourth place honors went to Paul Kreft (right) of Palatine with a yield of 91.40 bushels per acre.

CARL F. MEES

The past 2 days, I have conducted two very interesting meetings on "Wills and Estates." Evidently about 225 other people thought the same thing for that was the attendance at the meetings.

N. G. P. Krausz, associate professor of agricultural law, University of Illinois, Urbana, was the speaker. In 2 hours, he gave us some very interesting and worthwhile information on wills, estates, joint tenancy, inhertance and gift taxes.

I will not discuss all of these subjects but a few he made were:

WHY HAVE a will? In the first place it may save you taxes and secondly you can distribute your property the way you want it.

He stated that some people wait until they are on their death bed to make a will. He advised against this because if there is a place for any question about the distribution, some of the heirs may try to prove in court that the person was not in sound mind. He advised everyone regardless of age to make a will and to check it occasionally. He stated that all that was necessary when a person made a will was that he be of sound mind and memory, that is, recognize his heirs, know his property holdings, and to have signatures of 3 witnesses over 18 years of age.

Two signatures are all that are necessary but he recommended to have three on it in case of death of one of the witnesses or should one move from the territory it may save some expense when the will is probated. He states that even though the witnesses were deceased the will woud in all probability still be good. His suggestion was to get witnesses younger than you for your will. They need not read your will, but sign merely that you are of sound mind.

WILLS can be simple or have frills. The clearer they are the less confusion they are apt to cause later. They should preferably be written in ink or typed, however, they can be otherwise.

We all know pencil can be erased easily. Wills should be turned over to the court within 30 days after the death of the deceased. However under certain circumstances this procedure can be altered.

An interesting thing came out of the meetings on taxes (state and federal inheritance). By proper distribution of a $200,000 estate in which a husband died and left a wife and children, he could have a minimum of $10,000 taxes or a maximum of more than $40,000. In other words, by proper manner of distribution, his estate could save $30,000 in taxes.

I have 2 interesting publications, written by Mr. Krausz which I will be glad to send you if you will contact my office at 201 N. Dunton, Arlington Heights, Ill. One is inheritance and gift taxes on Illinois farm property and the other is Illinois inheritance laws, wills and joint tenancy. (FP

Runner-up honors went to Frank Mankowski of St. Charles with a yield of 84.60 bushels per acre. The first and second place winners were unable to attend the banquet. Third place winner was Chas. Better Year In Prospect For Cattle Feeders

Cattle feeders can look forward to higher profits in 1956 says National Live Stock Producer, the nation's leading live stock magazine.

It won't be a "good" year in the language of most cattlemen but it'll be somewhat better than 1955 with the good ends of the year reversed.

* * *

THE FORECAST is based on these facts:

First, reports of the kind of cattle on feed and of inshipments show plenty of heavy steers, yearling heifers and big yearling steers for winter feeding and spring marketing. Supplies will be adequate until midsummer if cattle are marketed at normal weights and finish.

Unless the figures are misleading, the movement of feeder calves and light yearlings into areas normally finishing for late summer and fall are well below last year which means the prospects for higher prices then are good.

* * *

THE MAGAZINE believes that cattle feeders will profit from their 1955 experience and will not hold cattle past usual weight and finish in hope of higher prices. Average slaughter weights will move back to normal and grades will be somewhat lower.

In view of unsatisfactory margins during early 1956, feeder purchases may also be down considerably. (Fm

Buys Bull

Otto Runge, Mt. Prospect, has recently purchased the registered Brown Swiss bull, Timber Creek Colonel, 119640 from Carroll Swanson, Kingston, Ill.

More Pork

A University of Illinois farm economist says that low prices are getting the record production of pork consumed and may be winning back customers for this product.

Low Voltage On Farms, Homes Requires Caution

Many people shrug off or laugh off the low voltage electricity of the home and farm buildings as not dangerous, says O. L. Hogsett, extension safety specialist at the University of Illinois college of agriculture.

But too often somebody gets hold of a 110 or 220 volt current that they can't shake loose. And sometimes the skeptic pays with severe shock and burn injuries or death.

REMEMBER, it isn't just the voltage but also the resistance of the body which determines the degree of danger. If you are working around water or on a damp, wet floor, your resistance is less. Check all your appliance cords and plugs to see that there isn't any broken insulation or bare wires that you can touch which could give you a shock.

If your job calls for an electrical appliance or tool, know all the hazards and all the precautions. (FP

GEORGE CHELLBERG of Naperville was recently proclaimed county corn growing champion at banquet held in DeKalb in honor of Northern Illinois corn growing champion His yield of 92.31 bushels per acre was the top yield in DuPage county in the 1955 national selected five acre DeKalb corn growing contest.

Runner-up honors went to Frank Mankowski of St. Charles with a yield of 84.60 bushels per acre. The first and second place winners were unable to attend the banquet. Third place winner was Chas. Gaitsch (left) of Bensenville with a yield of 78.88 bushels per acre. Fourth place honors were taken by Alfred Scharringhausen (right) of Bartlett with a yield of 76.16 bushels per acre.

Better Year In Prospect For Cattle Feeders

Cattle feeders can look forward to higher profits in 1956 says National Live Stock Producer, the nation's leading live stock magazine.

It won't be a "good" year in the language of most cattlemen but it'll be somewhat better than 1955 with the good ends of the year reversed.

* * *

THE FORECAST is based on these facts:

First, reports of the kind of cattle on feed and of inshipments show plenty of heavy steers, yearling heifers and big yearling steers for winter feeding and spring marketing. Supplies will be adequate until midsummer if cattle are marketed at normal weights and finish.

Unless the figures are misleading, the movement of feeder calves and light yearlings into areas normally finishing for late summer and fall are well below last year which means the prospects for higher prices then are good.

* * *

THE MAGAZINE believes that cattle feeders will profit from their 1955 experience and will not hold cattle past usual weight and finish in hope of higher prices. Average slaughter weights will move back to normal and grades will be somewhat lower.

In view of unsatisfactory margins during early 1956, feeder purchases may also be down considerably. (Fm

Buys Bull

Otto Runge, Mt. Prospect, has recently purchased the registered Brown Swiss bull, Timber Creek Colonel, 119640 from Carroll Swanson, Kingston, Ill.

More Pork

A University of Illinois farm economist says that low prices are getting the record production of pork consumed and may be winning back customers for this product.

Low Voltage On Farms, Homes Requires Caution

Many people shrug off or laugh off the low voltage electricity of the home and farm buildings as not dangerous, says O. L. Hogsett, extension safety specialist at the University of Illinois college of agriculture.

But too often somebody gets hold of a 110 or 220 volt current that they can't shake loose. And sometimes the skeptic pays with severe shock and burn injuries or death.

REMEMBER, it isn't just the voltage but also the resistance of the body which determines the degree of danger. If you are working around water or on a damp, wet floor, your resistance is less. Check all your appliance cords and plugs to see that there isn't any broken insulation or bare wires that you can touch which could give you a shock.

If your job calls for an electrical appliance or tool, know all the hazards and all the precautions. (FP

Illinois farmers recently have been producing more than 250 million dozen eggs a year, according to a University of Illinois egg marketing specialist.

Lloyd Gibson, Vardaman, Miss., has just purchased the Guernsey sire, Norgert's Valerian Amber, from Gertrude McNaught, Elgin, according to the American Guernsey cattle club.

This richly bred bull is out of the high-producing cow, Lockshore Amber, that has once been classified very good for type, and once as desirable, and has two production records of 9,745 pounds of milk and 527 pounds of fat, made on two times daily milking for 305 days, as a junior three-year-old, and met calving requirements, and 14,909 pounds of milk and 784 pounds of fat, made on three times daily milking for 365 days, as a five-year-old, and met calving requirements. He is sired by Langwater Valerian. (Fm

4H CLUB

Illinois 4-H'ers Attend Kansas City Conference

Four of Illinois' outstanding 4-H poultry club members are in Kansas City attending the third annual Junior Fact Finding conference, Feburary 9-12.

Representatives from this state include Carl Dahmer, Marion; Carl Klindworth, Pana; Ronald Kohlman, Harvey; and Jack L. Young, Elgin. Adult members of the party include Carl E. Pfeiffer, assistant farm adviser in Christian county, Taylorville; and O. F. Gaebe, agricultural 4-H club staff member.

* * *

DURING the 4-day conference, the 4-H boys and their chaperons will take part in discussion meetings, entertainment and tours around some of the Kansas City industries related to the poultry business.

In their part of the conference the juniors will discuss such factors as marketing poultry and egg products, dressing poultry, barbecuing poultry, growth of the chicken embryo and other elements of the poultry industry. In addition, they will sit in on the Outlook Workshop session of the 27th annual Fact Finding conference of the Institute of American Poultry industries being conducted at the same time as the junior conference.

* * *

FUNDS TO sponsor this all-expense trip for the boys are provided by the Illinois 4-H club of the Illinois Poultry Improvement association and the Illinois State Turkey Growers association. For the outstanding poultry project 4-H'ers, this conference ranks with Club Congress as a reward for meritorious achievement in their field.

National Future Farmers Week Observed In Arlington

Future Farmers of America throughout the nation are scheduling special activities to focus public attention on the work of their organization during National FFA Week, Feb. 18-25.

Members of the Arlington FFA chapter plan to prepare a showcase at the high school.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarly to help develop rural leadership and good citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

THE ARLINGTON FFA Chapter has 23 members.

Officers are: Ron Schulze, president, Don Schroeder, vice president, Erwin Panzer, secretary, Lynn Landmeier, treasurer, Marvin Meyer, reporter, and Carl Klehm, sentinel.

Since the double shift has made it impossible for freshmen to meet with other members, they have elected officers.

They are: Jim Schroeder, president, Gordon Von Bergen, vice president, Don Ahmer, secretary, Ken Linneman, treasurer, Jim Stade, reporter and Stanley Boehne, sentinel. Mr. J. D. Bryson, vocational agriculture instructor in Arlington high school, serves as advisor.

* * *

THE NATIONAL Future Farmer organization has more than 383,000 members in the 48 states, Hawaii, and Puerto Rico. Membership in Illinois totals 17,500.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although generally recognized as a Revolutionary war general and our first president, Washington's first love was the farm he called Mount Vernon. There, he was one of the first in the nation to practice contour planting, crop rotations, fertilization, and other soil conservation and improvement methods.

It was more than a century after Washington's death before general use was made of many of the sound agricultural practices that he advocated. (Farm 4-H

Business Meeting For Clever Clover 4-H

February 16, in the home of Mrs. George Adkisson, 208 W. Vine ave., Arlington Heights, members of Clever Clover 4-H club met at 7:30 p.m. for a business meeting. Those present were Mary Nielson, Laurie Nielson, Karen Adkisson, Mary Jane Shulse, Diane Stade, Beverly Krambeer, Marlene Krambeer, Darlene Jaunke, Betsy Schulte and Sue Schrogren. New members attending their first meeting were Lynn Kunberger, Pat Buckerage, Juanita Blecke, Karen Pickert and Dawn Bozee.

More Widows Eligible For Social Security Death Payments

Monthly social security payments are now available to many families of persons who died after June 30, 1940, and before September 1, 1950, even though they were not previously eligible, Julius Berman, manager of the northwest social security office said. These payments are provided by the extended survivorship protection offered by the 1954 amendments to the social security act. However, many of these families have not yet taken advantage of this protection. As a result, they are losing out on monthly payments that they are entitled to under the law.

Because of the length of employment requirements in effect during the 1940s, many workers who died did not leave social security rights for their families, although they had worked for a time in covered employment. A recent change in the law now makes it possible to pay benefits, under certain conditions, if the deceased person had worked at least a year and a half under social security. It may also be possible to pay benefits with the additionof military service or railroad credits which were not previously included in the deceased person's work record. But these benefits are not payable unless the survivor files an application.

Mr. Berman urges widows who are 65 or over, children under 18 and their mothers, or aged parents who were dependent on a deceased worker to inquire at their nearest social security administration district office. The northwest district office is located at 4255 Milwaukee ave. The phone number is Spring 7-3413.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although generally recognized as a Revolutionary war general and our first president, Washington's first love was the farm he called Mount Vernon. There, he was one of the first in the nation to practice contour planting, crop rotations, fertilization, and other soil conservation and improvement methods.

It was more than a century after Washington's death before general use was made of many of the sound agricultural practices that he advocated. (Farm 4-H

The Editor's column

by STUART R. PADDOCK

We have heard that those who patronize a nudist colony enjoy cavorting in the open air. Those who use the Mt. Prospect bath house now under construction by the park district will have the same opportunity.

We are told there will be no roof for the dressing rooms. The only thing that will stand between a person donning his bathing suit and the outside sunshine will be four walls.

We approve of such freedom, but we predict that the bathing suits will go on and off in a hurry—just in case.

Have just received word that modest bathers can protect their nudity by staying near the walls as there will be a roof overhang. The open space in the center will enable bathers to get an overall tan.

The old swimming hole had nothing on the modern bath house.

A city manager goes on the job in Mt. Prospect May 1. He ought to be successful with the full cooperation of the municipal family.

We are not pointing our finger at any other municipality, but the other day we heard of a mother with 2 daughters who, when they could not agree, administered a bit of corporal punishment.

The only remedy that we see for the warring village is the opening of board sessions with a prayer. Lenten season is a good time to start.

Famous Last Words—"I forgot to register." You can't vote in the April 10 primary unless you are properly registered. The registration days are March 1, 2 and 3 at all offices of village and city clerks.

Those residing in unincorporated areas must register at places and at hours designated by township clerks. Phone the operators of Paddock Publications for the hours.

The camel's back is broken. The demand for pictures has increased so much that we added an additional full time photographer this week to our staff. However requests for pictures this week are beyond the capabilities of the two men.

Thus do not be surprised if we are compelled to say "sorry" to your next request.

National automobile manufacturers are getting all excited over the cut-throating in the automotive market. In our estimation they are the very ones to blame.

They did not hesitate to oversell the dealers, who in turn, are forced to unload to second hand dealers. Both dealers, by extravagant advertising, destroy the normal market.

The only person who benefits is the car owner, but the extravagant advertising influences him to also place his head in the noose by trading in his good used car for this year's model.

Other winners are the TV and radio stations who do the advertising for all three.

•

Our words of praise for improvements being made the past 2 years by the North Western did not save its president, Paul E. Feucht, from being fired. He can have the satisfaction of knowing, however, that it cost the other fellow $15 million to do the job.

The commuters do not care who is at the throttle, just so the improvements continue and there is no hiking of fares.

We have always possessed a bit of pride about the great North Western R. R. and we do not welcome the rumor that it may be a subsidiary of the Milwaukee R. R.

Growers of tomatoes have our support in their demand against Campbell Soup for a fair return. That company should see the handwriting on the wall. Their attitude could cause the farmers to really organize a union and affiliate with the big labor movement.

Campbell Soup is a big organization. It may or may not experience labor troubles, but we think the CIO and AFL would welcome the chance of extending influence into our farms.

They tell us that cinders have now become a by-product. No longer can they be secured for the asking from railroads. They are a victim of the Diesel engines.

While newspaper headings are being written about the terrible cold and heavy snow in many parts of the country, we can at least write a paragraph about the wonderful winter northern Illinois is experiencing.

We do not know what we and our neighbors have done to deserve such preferential treatment by the weatherman, but it is easy "taking."

We have heard nothing about school buses getting stuck in the snow or mail carriers having difficulty in making their routes.

Some of our good friends are hard put to find excuses for a southern vacation. Then again there are others who are not waiting for an excuse.

We are content to keep the winter fires burning, looking forward to next summer when we will attempt to find ways to get away from the heat that the winter vacationers are spending a lot of money to reach.

Heart Drive Appeal This Week In City

Mr. and Mrs. Thomas T. Waldron Jr., co-chairmen of the 1956 Rolling Meadows Heart Fund drive announced that because of a local ordinance prohibiting house to house solicitation on Sundays, volunteer workers are soliciting Heart Fund contributions this week in Rolling Meadows.

More than 38 volunteer workers are assisting the Waldrons in the local drive.

"If the residents of Rolling Meadows will respond in the same willing and generous manner as the many who have volunteered their help, the 1956 Heart Fund drive should be a real success," said Garner Williams, local heart fund chairman.

State Aid For New Hospitals: Walters

The state legislature must appropriate money for hospital construction!

So declares Charles J. Walters of Palatine, candidate for Republican nomination as state senator from the new third district, which includes Palatine, Barrington, Hanover and Schaumburg townships.

Walters, chairman of the board of trustees of the Northwest Communtiy hospital center, said that if elected he will introduce a bill to provide funds for hospital construction.

"Most states," said the attorney, "add to the one third federal aid to make up 50 per cent of construction cost."

But he pointed out that Illinois has refused such money for the past 2 legislatures.

Walters is also pledged to preserve township government because "the closer government is to the people the more efficient and less expensive it is."

* * *

"**I WILL** oppose any attempt to elimininate township government," he added, stating that such a bill is introduced in almost every session of the legislature.

The life-long Republican, also chairman of the Northwest suburban chapter of the cancer society, said that he was strongly in favor of increased state aid to hard-pressed suburban school districts.

CHARLES J. WALTERS

Walters, 41, is married and has 3 sons.

He is a former FBI agent and has served as justice of the peace for Elk Grove township and also as tax collector.

The Rolling Meadows school (top) would have 24 classrooms, gym, cafeteria and library and include a junior high. The Pleasant Hill school (bottom) would have 18 classrooms, a gym and library and be for pupils from kindergarten through 8th grade. Construction is slated to get under way this spring if voters approve of the sites and bond issue.

More than 100 vounteer men and women will conduct a house-to-house canvass under the leadership of 7 unit chairmen. All funds received will go to the Northwest Suburban Boy Scout Council for 1956 operation.

Inflation Hits

The success of the sale of the city's first vehicle stickers was announced this week by City Clerk Eda Zimmerman. Mrs. Zimmerman has sold almost 1600 stickers, assuring the almost complete coverage by stickers of every car and truck in the city.

The ordinance covering the vehicle tax, as passed originally by the city council, provides a $1 per month penalty for non-compliance. Those buying vehicle stickers now must therefore pay $4 instead of $3 charged before the February 15 deadline.. New residents or new car owners have a 30 day "grace" period before paying penalty on vehicle stickers.

You Are Invited

An invitation to city council meetings has been extended by city officials to all residents of the city. Always open to the public, city council meetings are held on the 2nd and 4th Tuesdays of each month. Meetings are held in the Kimball Hill school and start at 8 p.m.

The next meeting of the council will be held Tuesday, Feb. 28. Seating facilities are available to the audience. A question-and-answer period and a time for comments is always held for the public following each meeting.

School's 'Lost and Found' Is Jammed!

An abundance of "found" items in the Kimball Hill school Lost and Found box has started to cause concern in the school. An entire box of sweaters, a box of caps and hats, and a box of gloves and mittens rests in the school office. In addition there are belts and other miscellaneous items.

Parents who have found various items of clothing missing for some time are asked to investigate the lost and found supplies at the school. Kimball Hill school clerk, Mrs. Gretchen White, will gladly assist parents calling at the school office for lost articles.

Review of Scouts Set for March 31

Additional scout workers are needed for the program in the city. Anyone interested in assisting the scouting program is asked to contact Art Setzer, chairman of the scout committee, at CLearbrook 3-8616. Boy scout meetings are held each Wednesday at 7:30 p.m. in the community Barn.

* * *

FOLLOWING the meeting, refreshments were served. Supervising the post-meeting refreshments were Dick Roeing and Gunwald Skogen.

The next meeting of the Masonic Fellowship club is March 21.

School Fathers Volunteer For Moving Assignment

The final phase of moving school children into 4 new classrooms of the Kimball Hill school was completed last Saturday. A group of fathers of students volunteered for the task of moving furniture and books to the new classrooms.

Helping school principal Joe Kiszka and school custodian Mr. Ellis, were Pete Keller, George Kitterman, Mike Garrity, Bill Self and Frank Knudsen. A group of eighth grade boys also assisted in the operation.

Appreciation for the assistance given to the school was expressed this week by Principal Joseph Kiszka. He pointed out that volunteer work of this type saved school funds for more basic educational purposes and contributed greatly to the direct benefit of the students. (K

Ninety Teens Attend Valentine Celebration

More than 90 young teenagers were present at the Junior Hi Valentine party Friday night. Dancing was the feature of the evening, with the latest swing records being supplied by club members Carol Meyer and Marty Johnecheck.

Reigning over the party as Queen of Hearts was Mary Ann Goertz. King of Hearts was Terry Loveless. All paty guests had to address the King and Queen as "Your Majesty." Those failing to observe this ritual were listed on "penalty slips" for a "Truth or Consequences" period which proved to be the highlight of the evening.

* * *

THE JUNIOR HI Mothers club served refreshments at the party. Mothers club members Mrs. Rumrey, Mrs. Wickstrom and Mrs. Bolliger supervised the food serving. Soft drinks were available to the youngsters at 5 cents through the special prices given the club by Parkway Liquors.

Parent response to the plea for advisors at club meetings has been greater each week. In addition to the Junior Hi club's executive advisor John Woods, Mr. and Mrs. Dale Bycroft, Mr. and Mrs. Bill Roberts and Fred Borgardt attended the party. The parent-advisors not only assisted in directing party activities but in returning the Barn to order after the affair.

Advisors are called upon for many unusual duties in helping the teen club of more than 100 members, but probably the most unique is "putting the cat out" after each affair at the Barn before locking up. (K

Junior Hi Teens Hold Dance Friday

When Junior Hi club members arrive at the community Barn tomorrow night for their party, they will find it a "Turnabout" affair.

Once the youngsters arrive at the party, the girls will take the initiative for the remainder of the evening, asking the boys for dances as well as buying the soda pop for their dance "dates."

All club members are urged to attend the party. Boys need not wait for the girls to ask them to the "Turnabout Dance" as the theme will only be put info effect after their arrival at the party.

The latest dance records will be the feature of the event. The party will start at 7 p.m. and end at 10 p.m. (K

School Girl Falls In Creek, Kerplunk Serves As Warning

Parents of pupils at the Kimball Hill school received a dramatic warning this week.

The area of Salt creek is "out of bounds" for school children, but many have made it a practice to play there on their way to and from school.

Tuesday afternoon Juanita Nichols, 4th grade daughter of Juanita and Charles Nichols, 2405 Flicker lane, found out the "hard way" that it is not the spot to tarry. Juanita fell through the thin ice on the creek, landing in icy water to her chest. A group of her classmates pulled her out and hurried her to her home. Upon reaching her home her clothes were frozen from the 20- degree temperature that day.

MRS. NICHOLS has asked other parents to carefully check on their children's activities after school. A first-grader would have found the water over his head, and small playmates might not have had such good luck in rescuing one of their number.

Parents are asked to be sure their children are not playing in the area of the creek. Precaution on the part of parents now may prevent a more serious repetition of the accident this week. K)

Hostess for the meeting will be Mrs. Anna Mae Freehauf, 2802 Flicker lane. Assisting Mrs. Freehauf as co-hostesses for the evening will be Mrs. Hazel Kane and Mrs. Marie Larson

An invitation to all women of the community interested in the Lutheran church has been extend- (Ked by the broup. K)

Dance Finances Class Gift

The eighth graders of Kimball Hill school are talking this week about their successful "Turnabout Dance" last Saturday — successful both in raising funds for the traditional class gift to the school and in providing the students with an enjoyable evening.

The girls of the seventh and eighth grade classes invited the boys in the "turnabout" party. Each girl presented her "date" with a corsage made of vegetables. The girls also "footed the bill" for tickets at $1 per couple. There were 50 teens at the dance.

The boys of the classes contributed to the gift fund, too. The girls each brought box suppers suitable for two to the dance. The box lunches were auctioned, with prices ranging from 50 cents to $1.50. The boys then ate their supper with the girl whose box lunch they had purchased.

Starting at 6:30 p.m., the Turnabout Dance lasted until 9:30 p.m. Reversing the trend of the earlier part of the evening, the boys of the class took their "escorts" home first.

Chairman of the dance committee was Bob Schulze. Girls of both classes decorated the kindergarten room for the dance. The dance was sponsored by principal Joseph Kiszka and eighth grade teacher George Sully. Attending the dance were teachers Al Hopkins, George Sully and Mrs. Jim Frame, as well as several parents. Trinity Bake Sale

Homemade bread or coffee cake, and lots of it, is the promise of the Trinity Lutheran Women's guild at their bake sale this Saturday at the community Barn. Starting at 9 a.m., the women hope to announce a complete sell-out of their sale by noon.

Since bread and coffee cake always seem to be most in demand at bake sales, the women are specializing in these items. Other baked goods such as cakes, pies and cookies will also be available.

A reservation system will be in effect for the first time at the sale. Anyone desiring a special item may call Clearbrook 3-8208 the morning of the sale to reserve their choice for later pick-up. Items reserved must be picked up before the close of the sale. (K

Here, Kitty!

Complaints about nightly "cat serenades" are being received in growing numbers. A particularly strong "warbler" is apparently at large in the vicinity of Sigwalt st. between Oriole lane and Meadow dr. Apparently many residents subscribe to the old saying of "Wind up the clock and put out the cat before going to bed."

If you're in the habit of "putting out the cat" during the night you are not being fair to your pet or to your neighbors. In cold weather, the outdoors is not the spot for a family pet. In addition the cat concerts are highly objectionable to other city residents.

People who are having their sleep interrupted because of the "feline follies" have promised more drastic action if the serenades do not stop. If you prize your cat and the peaceful coexistence with your neighbors, "keep kitty kompletely kooped" specially during the night. (K

Girl Scout News

A preview of day camping was enjoyed by all adult "girl scouts" at the Rolling Meadows neighborhood association meeting Tuesday night. An explanation of the local girl scout and brownie day camps and their program for the coming summer was given by Mrs. Dorothy Beard.

A tentative program of the major joint troop activities was also presented at the meeting. The first big event will be the mother-daughter banquet in May. Girl scout Sunday will be marked March 11, with all churches in the area being encouraged to participate in the event. The annual "cook-out" for adult scout workers will be held June 19. All girl scouts and brownies, with their families, will participate in a picnic on Saturday, June 9. The annual cookie sale will be held in March. The first father-daughter banquet will be held in September or October, the final date to be set later.

* * *

TWO ROLLING Meadows troops are celebrating their "christening." The second-grade brownies under the leadership of Georgya Schneider and Jeannette Douglas can now officially call their group troop 436. The fifth grade girl scouts led by Jane Self and Lorraine Anderson are now officially known as members of Troop 278. The girl scouts were so pleased to receive their troop number they celebrated with a party. The leaders supplied hot chocolate or the girls, and each of the scouts brought cookies and cakes for the party.

* * *

YESTERDAY marked the first meeting of the new second-grade brownie troop. Meeting at 4:15 p.m. on Wednesday afternoons, the girls will be under the leadership of Lorrie Palow and Lorraine Sager. This is the 9th girl scout and brownie troop formed in Rolling Meadows.

* * *

THE SIXTH GRADE girl scouts of troop 353 have started work on the doll house the girls are completing as a part of their interior decoration badge work. Under the leadership of Bonnie Scheneker and Bobbie Larson the girls are trying to build a fund to purchase linen closet items for the Hanson family, burned out of their Rolling Meadows home on New Year's eve. The girl scouts have been urged to earn money for this fund by undertaking extra tasks at home or in the community.

* * *

THE THIRD-grade brownies of troop 37 are busy with 2 service projects. The girls have started work on "blown egg" tray favors for Resurrection hospital. They hope to finish the fancy decorated and dressed eggs in time for Easter. Under the supervision of leaders Betty Anderson and Dee Yarbrough, the brownies are also making bean-bags for the Norwegian Lutheran Children's home in Edison park.

* * *

REHEARSAL for all girl scouts and brownies of Rolling Meadows, as well as scouts from all of the surrounding communities, will be held on Saturday, Feb. 25, at 2 p.m. in the Arlington high school gymnasium. This will be the final rehearsal for the girl scout spring rally Sunday.

Girl scouts and brownies have been asked to be present at the spring rally at the high school by 2 p.m. although the actual program does not begin until 2:30 p.m. Girls who are late will not be permitted to participate in the program due to the great number of girls involved. The spring rally is planned for the enjoyment of parents of all scouts and brownies in the area. All parents are invited to the rally which will start at 2:30 p.m. promptly.

Arlington Greens

Neighbors are asked to keep April 13 in mind as the date of the next social event. A square dance will be held and more information about it and the availability of tickets will be given in a future column.

A welcome is extended to Elaine and Harold Pue, new residents at 1140 Hickory. The Pues moved here from Dallas and have 3 children. Wayne, 8, is in the third grade at North school; Howard, a kindergartner, is 5 and Cheryl is 2½. Dorothy Funk and Harriet Bell have held coffee parties for Elaine to acquaint her with her neighbors.

Kathy and Will Hampel, 611 Clarendon, announce the birth of their son, Bruce Allen, February 10 at MacNeal Memorial hospital, Berwyn. Bruce weighed 7 pounds 15 ounces and has a 3-year old sister, Cynthia. His grandparents are Mr. and Mrs. Joseph Hampel and Mr. and Mrs. Patrick Doherty, all of Berwyn. Bruce is the sixth great-grandchild of Mr. and Mrs. Frank Nardielle of Paw Paw, Mich.

The Kales still have a strong hold on first place in the league, winning 46 games and losing 20. The Hot Dogs and Jokers are now tied for second place, both teams having won 38 and lost 28. Joe Peters bowled 3 consecutive 200 games, for which he will receive a badge. Oscar Josetti had an opportunity to try for a similar 3 identical game series award. With 2 consecutive games of 133, he was well on his way in the last frame of the third game, needing only 5 more pins. Instead, he went for all the pins to enable his team, the Fumblers, to win the game.

Alice and Earl Nichols entertained guests from Chicago at a dinner party last Sunday. After an afternoon of bowling, all returned to the Nichols' home for supper. Enjoying the day were Grace and Loren Bickell and Pearl and Jack Benny.

Best wishes to Lee and Jack Hoover on their seventh wedding anniversary, February 19. They celebrated the occasion Saturday night by attending the play "Inherit the Wind" at the Blackstone theatre and then to the Boulevard room of the Conrad Hilton where they enjoyed the food and the Merriel Abbott ice show.

In spite of the slippery roads and inclement weather, Pauline Baugous, 1158 Hickory, accompanied by her brother, Richard Hurckes, and parents, Mr. and Mrs. L. J. Hurckes, drove to Urbana, February 11, to witness Richard's receiving of his army commission from the University of Illinois. Because of bad driving conditions, they, among others, arrived too late for the ceremonies, so Richard's lieutenancy was bestowed upon him in a special ceremony. While there they took in the Illinois-Ohio basketball game and then took the train back to assure themselves of a safe arrival home.

A double birthday party was held at the Krause home, 618 Clarendon last Thursday. Nine children and their mothers were invited to lunch to honor Lynn Ann who was 3 years old and Roni Jo who was 1. Party favors were received by Lynn and Roni's guests Donny Anderson, Spring and Trudy Sedlak, Peggy and Mary Ann Lockhart, Donna and Paul Helbling, Cindy Hampel and Karen Gildemeister.

Mumps, measles and chicken pox seem to have made their entry into many homes in the neighborhood. Here's wishing speedy recoveries to all afflicted.

'Thank You, Neighbor' Unique Fund Gimmick

A unique fund-raising project has been started by the Rolling Meadows Junior Woman's club.

Sponsored by the club's Public Health and Welfare committee, a "Thank You, Neighbor" food chain is being initiated. Each club member will receive in turn an item of food — a homemade cake or pie, pot of stew spaghetti sauce, or other item of cooking. With the donation of food, the club member will receive a sealed jar in which she will place a contribution in appreciation for the food item she received. Within 2 days, the club member will be expected to prepare her own contribution for the chain and deliver it to the next club member listed on the contribution jar.

By keeping the chain within the club, the group will raise funds for their charitable work without soliciting city residents who, they feel, are already over-solicited. In addition, the chain will provide an opportunity for menu variations among the members, a change of cooking for their families, as well as an opportunity for club members to become better acquainted.

PTA Completes Photo Campaign

Successful completion of the P-TA program for the photographing of each school child was announced this week by school district 15 P-TA President Mrs. Gretchen White. Every child attending the elementary schools of Palatine and Rolling Meadows was photographed by a professional photographer, with PTA mothers assisting.

Mrs. White has expressed appreciation to the many members of the PTA who worked to make the photography project a success. Mothers of children in the Oak Street, Paddock and Kimball Hill schools assisted in taking the pictures with a minimum amount of confusion to school classes.

Notices will be sent to parents of all school children when the pictures are available. (K
